1. BASIS OF PRESENTATION

We have prepared the Financial Statements, without audit, pursuant to the rules and regulations of the SEC applicable to quarterly reporting on Form 10-Q and reflect, in our opinion, all adjustments necessary to present fairly our financial information. All such adjustments are of a normal recurring nature. Certain information and footnote disclosures normally included in financial statements, prepared in accordance with generally accepted accounting principles, have been condensed or omitted as permitted by such rules and regulations. These Financial Statements should be read in conjunction with the consolidated financial statements and related notes included in the 2026 Annual Report. Results of operations for interim periods are not necessarily indicative of annual results.

2. RESTRUCTURING

The 2025 Restructuring Initiative is an enterprise-wide cost savings and restructuring initiative designed to help optimize the performance of our business, including through enhanced organizational efficiency and optimized expenditures across our organization. The majority of the work associated with the 2025 Restructuring Initiative was executed within the year ended February 28, 2026. The 2025 Restructuring Initiative is estimated to result in \$130 million of cumulative pre-tax costs once all phases are fully implemented. These costs are expected to be comprised of (i) employee termination costs (50%) and (ii) consulting services as well as other costs, which primarily include contract termination costs (50%).

We recognized pre-tax restructuring costs within selling, general, and administrative expenses in our consolidated results related to the 2025 Restructuring Initiative as follows:

4. DERIVATIVE INSTRUMENTS

Overview

Our risk management and derivative accounting policies are presented in Notes 1 and 7 of our consolidated financial statements included in our 2026 Annual Report and have not changed significantly for the six months and three months ended August 31, 2026.

The aggregate notional value of outstanding derivative instruments is as follows:

	August 31, 2026	February 28, 2026
(in millions)		
Derivative instruments designated as hedging instruments		
Foreign currency contracts	\$ 2,651.5	\$ 2,080.9
Net investment hedge contracts	\$ 145.5	\$ 145.5
Pre-issuance hedge contracts	\$ —	\$ 50.0
Derivative instruments not designated as hedging instruments		
Foreign currency contracts	\$ 533.2	\$ 522.2
Commodity derivative contracts	\$ 358.9	\$ 335.5

Net investment hedge contracts

In April 2025, we entered into cross-currency swaps to hedge portions of our net investment in certain of our non-U.S. operations against fluctuations in foreign currency exchange rates. These cross-currency swaps are designated as net investment hedges and mature between April 2028 and April 2029. The changes in the fair value of these swaps are recognized as a component of other comprehensive income (loss) and reported in accumulated other comprehensive income (loss) in our consolidated balance sheets. The gain or loss will be subsequently reclassified into net earnings when the hedged net investment is either sold, liquidated, or substantially liquidated. We assess the effectiveness of our cross-currency swaps using the spot method. Under this method, the periodic interest settlements are recorded directly in earnings through interest expense, net. Accordingly, interest income recognized in interest expense, net related to these cross-currency swaps was as follows:

	For the Six Months Ended August 31,		For the Three Months Ended August 31,	
	2026	2025	2026	2025
(in millions)				
Interest income	\$ 1.1	\$ 0.8	\$ 0.5	\$ 0.5

Credit risk

We are exposed to credit-related losses if the counterparties to our derivative contracts default. This credit risk is limited to the fair value of the derivative contracts. To manage this risk, we contract only with major financial institutions that have earned investment-grade credit ratings and with whom we have standard International Swaps and Derivatives Association agreements which allow for net settlement of the derivative contracts. We have also established counterparty credit guidelines that are regularly monitored. Because of these safeguards, we believe the risk of loss from counterparty default to be immaterial.

In addition, our derivative instruments are not subject to credit rating contingencies or collateral requirements. As of August 31, 2026, there were no derivative instruments in a net liability position due to counterparties.

Results of period derivative activity

The estimated fair value and location of our derivative instruments on our balance sheets are as follows (see Note 5):

Assets				Liabilities

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

Authoritative guidance establishes a framework for measuring fair value, including a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The hierarchy includes three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities;
- Level 2 inputs include data points that are observable such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) such as volatility, interest rates, and yield curves that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable data points for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

FAIR VALUE METHODOLOGY

The following methods and assumptions are used to estimate the fair value of our financial instruments:

Derivative instruments

Our derivative instruments consist of foreign currency forward and option contracts, commodity swap contracts, cross-currency swap contracts, interest rate swap contracts, and Pre-issuance hedge contracts. The fair value is estimated based on quoted market prices from respective counterparties. Quotes are corroborated by using discounted cash flow calculations based upon forward interest-rate yield curves, which are obtained from independent pricing services (Level 2 fair value measurement).

Short-term borrowings

Our short-term borrowings consist of our commercial paper program and the revolving credit facility under our senior credit facility. The revolving credit facility is a variable interest rate bearing note with a fixed margin, adjustable based upon our debt rating (as defined in our senior credit facility). For these short-term borrowings, the carrying value approximates the fair value.

Long-term debt

The fair value of our fixed interest rate long-term debt is estimated by discounting cash flows using interest rates currently available for debt with similar terms and maturities (Level 2 fair value measurement). As of August 31, 2026, the carrying amount of long-term debt, including the current portion, was \$10,199.2 million, compared with an estimated fair value of \$9,444.9 million. As of February 28, 2026, the carrying amount of long-term debt, including the current portion, was \$10,296.5 million, compared with an estimated fair value of \$9,858.2 million.

The carrying amounts of certain of our financial instruments, including cash and cash equivalents, accounts receivable, and accounts payable, approximate fair value as of August 31, 2026, and February 28, 2026, due to the relatively short maturity of these instruments.

Recurring basis measurements

The following table presents our financial assets and liabilities measured at estimated fair value on a recurring basis:

Assets held for sale and related net assets

For the three months ended August 31, 2026, in connection with management's plan to divest the Nelson's Green Brier business, assets held for sale with a \$54.8 million carrying value were adjusted to their estimated fair value of \$5.0 million, less costs to sell, resulting in a \$49.8 million net loss. This net loss was included in asset impairment and related expenses within our consolidated results for the six months and three months ended August 31, 2026. The estimated fair value was based on the expected proceeds from a potential divestiture as of August 31, 2026.

For the three months ended May 31, 2026, in connection with the New Zealand Wine Divestitures, then-existing assets held for sale with a \$36.7 million carrying value were adjusted to their estimated fair value of \$18.4 million, less costs to sell, resulting in an \$18.3 million net loss. This net loss was included in asset impairment and related expenses within our consolidated results for the six months ended August 31, 2026. Our estimated fair value of the then-existing assets held for sale was based on the expected proceeds from the New Zealand Wine Divestitures as of May 31, 2026.

For the three months ended May 31, 2025, largely in connection with the 2025 Wine Divestitures, then-existing assets held for sale and related net assets were adjusted to their current estimated fair value of \$897.7 million, less costs to sell, resulting in a \$52.1 million net loss. This net loss was included in asset impairment and related expenses within our consolidated results for the six months ended August 31, 2025. Our estimated fair value of the then-existing assets held for sale was largely based on the expected proceeds from the 2025 Wine Divestitures as of May 31, 2025.

Equity method investments

As of August 31, 2025, we evaluated an equity method investment, made through our corporate venture capital function within the Corporate Operations and Other segment, and determined there was an other-than-temporary impairment due to business underperformance. This loss from impairment was included in income (loss) from unconsolidated investments within our consolidated results for the six months and three months ended August 31, 2025. The estimated fair value was based largely on the cash flows expected to be generated by the investment using unobservable data points.

6. GOODWILL

The changes in the carrying amount of the Beer segment goodwill are as follows:

(in millions)		
Balance at February 28, 2025	\$	5,126.8
Foreign currency translation adjustments		107.1
Balance at February 28, 2026		5,233.9

Balance at August 31, 2026	\$	5,269.3

⁽¹⁾ Preliminary purchase accounting allocations associated with the HOPWTR acquisition (see below).

The carrying amount of our Wine and Spirits segment goodwill was zero as of August 31, 2026, February 28, 2026, and February 28, 2025, respectively.

ACQUISITION

HOPWTR

In April 2026, we purchased the remaining ownership interest in HOPWTR, a premium non-alcoholic brand crafted with hops, adaptogens, and nootropics. HOPWTR has been a part of our corporate ventures portfolio since 2021. This transaction also included the acquisition of trademarks. The results of operations of HOPWTR are reported in the Beer segment and have been included in our consolidated results of operations from the date of acquisition.

DIVESTITURES

New Zealand Wine Divestitures

In June 2026, we sold eight small-scale domestic-market New Zealand mainstream wine brands and associated inventory, equipment, a winery, and vineyards. The net cash proceeds were used for general corporate purposes. Prior to the completion of the New Zealand Wine Divestitures, we recorded the results of operations of the divested brands in the Wine and Spirits segment.

2025 Wine Divestitures

On June 2, 2025, we sold and, in certain instances, exclusively licensed the trademarks of a portion of our wine and spirits business, primarily centered around our then-owned mainstream wine brands and associated inventory, wineries, vineyards, offices, and facilities. The net cash proceeds from the 2025 Wine Divestitures were used for repayment of debt. Prior to the completion of the 2025 Wine Divestitures, we recorded the results of operations of the divested and exclusively licensed brands in the Wine and Spirits segment. The following table summarizes the net loss recognized in connection with this transaction for the six months and three months ended August 31, 2025:

(in millions)		
Cash received from buyer	\$	846.5
Net assets sold		(859.7)
Direct costs to sell		(2.5)

SUBSEQUENT EVENT

SpikedAde acquisition

In October 2026, we acquired the SpikedAde business, a spirit-based RTD beverage brand, including inventory and trademarks, for an initial purchase price of \$75 million. The agreement also provides for contingent consideration of up to \$278 million payable over five years based on the future performance of the SpikedAde business. The results of operations of SpikedAde will be reported in the Beer segment and will be included in our consolidated results of operations from the date of acquisition.

2025 Credit Agreement

The Company, CB International, the Administrative Agent, and certain other lenders are parties to the 2025 Credit Agreement. Information with respect to borrowings under the 2025 Credit Agreement is as follows:

	Outstanding borrowings	Interest rate	SOFR margin	Outstanding letters of credit	Remaining borrowing capacity ⁽¹⁾

⁽²⁾ Contractual interest rate varies based on our debt rating (as defined in the agreement) and is a function of SOFR plus a margin and a credit spread adjustment, or the base rate plus a margin, or, in certain circumstances where SOFR cannot be adequately ascertained or available, an alternative benchmark rate plus a margin.

⁽³⁾ We and/or CB International are the borrower under the \$2,250.0 million revolving credit facility with a maturity date of April 28, 2030. Includes a sub-facility for letters of credit of up to \$200.0 million.

We and our subsidiaries are subject to covenants that are contained in the 2025 Credit Agreement, including those restricting the incurrence of additional subsidiary indebtedness, additional liens, mergers and consolidations, transactions with affiliates, and sale and leaseback transactions, in each case subject to numerous conditions, exceptions, and thresholds. The financial covenants are limited to a minimum interest coverage ratio and a maximum net leverage ratio.

Commercial paper program

We have a commercial paper program which provides for the issuance of up to an aggregate principal amount of \$2.25 billion of commercial paper. Our commercial paper program is backed by unused commitments under our revolving credit facility under our 2025 Credit Agreement. Accordingly, outstanding borrowings under our commercial paper program reduce the amount available under our revolving credit facility. Information with respect to our outstanding commercial paper borrowings is as follows:

	August 31, 2026	February 28, 2026
(in millions)		
Outstanding borrowings ⁽¹⁾	\$ 116.5	\$ 272.0
Weighted average annual interest rate	3.9 %	3.9 %
Weighted average remaining term	2 days	6 days

⁽¹⁾ Outstanding commercial paper borrowings are net of unamortized discount.

Senior notes

In May 2026, we issued \$500.0 million aggregate principal amount of 4.85% senior notes due May 2031. Proceeds from this offering, net of discount and debt issuance costs, were \$496.7 million. Interest on the 4.85% May 2026 Senior Notes is payable semiannually on May 6 and November 6 of each year, beginning November 6, 2026. The 4.85% May 2026 Senior Notes are redeemable, in whole or in part, at our option at any time prior to April 6, 2031, at a

redemption price equal to 100% of the outstanding principal amount, plus accrued and unpaid interest and a make-whole payment based on the present value of the future payments at the adjusted treasury rate, as defined in the applicable indenture, plus 15 basis points. On or after April 6, 2031, we may redeem the 4.85% May 2026 Senior Notes, in whole or in part, at our option at any time at a redemption price equal to 100% of the outstanding principal amount, plus accrued and unpaid interest. The 4.85% May 2026 Senior Notes are senior unsecured obligations which rank equally in right of payment to all of our existing and future senior unsecured indebtedness.

On May 18, 2026, we redeemed \$600.0 million aggregate principal amount of 3.70% December 2016 Senior Notes prior to maturity using proceeds from the 4.85% May 2026 Senior Notes and commercial paper borrowings at a redemption price equal to 100% of the outstanding principal amount plus accrued and unpaid interest.

Debt payments

As of August 31, 2026, the required principal repayments under long-term debt obligations (excluding unamortized debt issuance costs and unamortized discounts of \$43.4 million and \$19.0 million, respectively) for the remaining six months of Fiscal 2027 and for each of the five succeeding fiscal years and thereafter are as follows:

SUBSEQUENT EVENTS

2026 Term Credit Agreement

In September 2026, the Company, M&T, as administrative agent and a lender, and certain other lenders entered into the 2026 Term Credit Agreement. The 2026 Term Credit Agreement provides for a nine-month delayed draw \$300.0 million term loan facility, available in up to two draws. The balance is due and payable two years after the initial funding date, if any, occurs. The proceeds, if drawn, from the 2026 Term Credit Agreement are intended to be used for general corporate purposes, including the repayment of debt.

Senior notes

On September 18, 2026, we redeemed \$600.0 million aggregate principal amount of 4.35% May 2022 Senior Notes prior to maturity using commercial paper borrowings at a redemption price equal to 100% of the outstanding principal amount plus accrued and unpaid interest.

9. INCOME TAXES

Overview

	For the Six Months Ended August 31,		For the Three Months Ended August 31,	
	2026	2025	2026	2025
Effective tax rate	15.8%	27.6%	20.2%	37.9%

For the six months and three months ended August 31, 2026, our effective tax rate was lower than the federal statutory rate of 21% largely due to the benefit of lower effective tax rates applicable to our foreign businesses, partially offset by (i) changes to valuation allowances and (ii) certain tax legislation updates.

For the six months and three months ended August 31, 2025, our effective tax rate was higher than the federal statutory rate of 21% largely due to changes in valuation allowances related to net operating losses and tax legislation updates, partially offset by (i) a net income tax benefit recognized as a result of the resolution of various tax examinations and assessments related to prior periods and (ii) the benefit of lower effective tax rates applicable to our foreign businesses.

Tax Legislation

OB3 Act

On July 4, 2025, the OB3 Act was signed into U.S. law. The OB3 Act extends and modifies several provisions originally introduced under the Tax Cuts and Jobs Act of 2017, while also implementing additional changes to U.S. federal tax law. Key provisions of the OB3 Act include (i) the permanent extension of 100% bonus depreciation for qualifying assets, (ii) the elimination of the requirement to capitalize and amortize U.S.-based research and experimental expenditures, allowing for immediate expensing, (iii) changes to the limitation on the deductibility of interest expense, and (iv) modifications to the taxation of foreign earnings and other international income tax provisions. The OB3 Act contains multiple effective dates, with certain provisions taking effect beginning in calendar year 2025 and others phased in through calendar year 2027.

We have performed an evaluation of the impact of the OB3 Act on our consolidated financial statements, including the effects on our annual effective tax rate, deferred tax assets and liabilities, and cash flows. Based on this analysis and activities performed in response to the legislation, there will be a negative impact on our effective tax rate for Fiscal 2027, primarily driven by modifications to the taxation of foreign earnings and other international income tax provisions.

Pillar Two

The OECD introduced a framework under Pillar Two which includes a 15% global minimum tax rate. Many jurisdictions in which we do business have started to enact laws implementing Pillar Two. We are monitoring these developments and currently do not believe these rules will have a material impact on our financial condition and/or consolidated results.

SUBSEQUENT EVENT

As a result of certain foreign tax reform enacted in September 2026, we expect to release a portion of our valuation allowance related to deferred tax assets. We are estimating an income tax benefit of approximately \$100 million to \$150 million to be recognized during the three months ending November 30, 2026.

10. STOCKHOLDERS' EQUITY

11. NET INCOME (LOSS) PER COMMON SHARE ATTRIBUTABLE TO CBI

Net income (loss) per common share attributable to CBI (hereafter referred to as “net income (loss) per common share”) – basic for Class A Stock has been computed based on the weighted average shares of common stock outstanding during the period. Net income (loss) per common share – diluted for Class A Stock reflects the weighted average shares of common stock plus the effect of dilutive securities outstanding during the period using the treasury stock method. The effect of dilutive securities includes the impact of outstanding stock-based awards. The dilutive computation does not assume conversion, exercise, or contingent issuance of securities that would have an anti-dilutive effect on the net income (loss) per common share. The computation of basic and diluted net income (loss) per common share for Class A Stock are as follows:

	For the Six Months Ended August 31,		For the Three Months Ended August 31,	
	2026	2025	2026	2025
(in millions, except per share data)				
Net income (loss) attributable to CBI	\$ 1,219.6	\$ 982.1	\$ 565.8	\$ 466.0

⁽¹⁾ Primarily includes performance share units and restricted stock units for the six months and three months ended August 31, 2026 and stock options and restricted stock units for the six months and three months ended August 31, 2025.

The following stock-based awards were excluded from the computation of diluted net income (loss) per common share for Class A Stock, as the effect of including these would have been anti-dilutive:

13. BUSINESS SEGMENT INFORMATION

Our internal management financial reporting consists of two business divisions: (i) Beer and (ii) Wine and Spirits and we report our operating results in three segments: (i) Beer, (ii) Wine and Spirits, and (iii) Corporate Operations and Other. In the Beer segment, our portfolio consists of high-end imported beer brands and ABAs. We have an exclusive perpetual brand license to produce our beer portfolio and to import, market, and sell such portfolio in the U.S. In the Wine and Spirits segment, we sell a portfolio comprised of exclusively higher-end wine and spirits brands. Amounts included in the Corporate Operations and Other segment consist of costs of corporate communications, corporate development, corporate finance, corporate strategy, executive management, human resources, internal audit, investor relations, IT, legal, and public affairs, as well as our investments such as those made through our corporate venture capital function. All costs included in the Corporate Operations and Other segment are general costs that are applicable to the consolidated group and are, therefore, not allocated to the other reportable segments. All costs reported within the Corporate Operations and Other segment are not included in our CODM's evaluation of the operating income (loss) performance of the other reportable segments. Our CODM is our President and Chief Executive Officer. The business segments reflect how our operations are managed, how resources are allocated, how operating performance is evaluated by senior management, and the structure of our internal financial reporting. Long-lived tangible assets and total asset information by segment is not provided to, or reviewed by, our CODM as it is not used to make strategic decisions, allocate resources, or assess performance. Our CODM utilizes segment comparable operating income (loss) performance in deciding how to deploy capital in line with disciplined and balanced priorities. These priorities largely include investing in our people and our brands, making capital investments and strategic acquisitions, providing a cash dividend program, and from time-to-time, repurchasing shares of our common stock. Our CODM also monitors budgeted versus actual results in assessing segment operating performance and understanding underlying business trends.

Management excludes Comparable Adjustments from its evaluation of the results of each operating segment as these Comparable Adjustments are not reflective of core operations of the segments. Segment operating performance and the incentive compensation of segment management are evaluated based on core segment operating income (loss) which does not include the impact of these Comparable Adjustments, collectively referred to as comparable operating income (loss). We evaluate segment operating performance based on comparable operating income (loss) of the respective business units.

The accounting policies of the segments are the same as those described for the Company in Note 1 of our consolidated financial statements included in our 2026 Annual Report. Segment information is as follows:

14. ACCOUNTING GUIDANCE NOT YET ADOPTED

Disaggregation of income statement expenses

In November 2024, the FASB issued a standard requiring disaggregated information about certain income statement expense line items to be disclosed on an annual and interim basis. We are required to adopt these disclosures for our annual period ending February 29, 2028, with early adoption permitted and this standard may be applied retrospectively. We expect this standard to impact our disclosures with no material impacts to our results of operations, cash flows, or financial condition.

We are also the second-largest beer company and have the #1 beer brand, Modelo Especial, in dollar sales in the U.S. We continued to strengthen our leadership position in the U.S. beer market as the #1 dollar share gainer in the overall U.S. beer market

and the #2 dollar share gainer in the high-end. Within wine and spirits, we have implemented a multi-year strategy that repositioned this business to a portfolio of exclusively higher-end brands that we believe is positioned for long-term growth, aligned to our focus on consumer-led premiumization trends, and we continue to progressively expand our supply channels through DTC and international markets. The strength of our brands makes us a supplier of choice to many of our consumers and our Customers, which include wholesale distributors and retailers. We conduct our business through entities we wholly own as well as through a variety of joint ventures and other entities.

Our internal management financial reporting consists of two business divisions: (i) Beer and (ii) Wine and Spirits and we report our operating results in three segments: (i) Beer, (ii) Wine and Spirits, and (iii) Corporate Operations and Other. In the Beer segment, our portfolio consists of high-end imported beer brands and ABAs. We have an exclusive perpetual brand license to produce our beer portfolio and to import, market, and sell such portfolio in the U.S. In the Wine and Spirits segment, we sell a portfolio comprised of exclusively higher-end wine and spirits brands. Amounts included in the Corporate Operations and Other segment consist of costs of corporate communications, corporate development, corporate finance, corporate strategy, executive management, human resources, internal audit, investor relations, IT, legal, and public affairs, as well as our investments such as those made through our corporate venture capital function. All costs included in the Corporate Operations and Other segment are general costs that are applicable to the consolidated group and are, therefore, not allocated to the other reportable segments. All costs reported within the Corporate Operations and Other segment are not included in our CODM's evaluation of the operating income (loss) performance of the other reportable segments. The business segments reflect how our operations are managed, how resources are allocated, how operating performance is evaluated by senior management, and the structure of our internal financial reporting.

STRATEGY

Our overall strategic vision is to consistently deliver industry-leading total stockholder returns over the long-term through a focus on these key elements:

- continue to build strong brands people love with advantaged routes to market;
- build a culture that is consumer-obsessed and leverages robust innovation capabilities to stay on the forefront of consumer trends;
- deploy capital in line with disciplined and balanced priorities;
- empower the whole enterprise to achieve best-in-class operational efficiency; and
- deliver on impactful environmental, social, and governance initiatives that we believe are not only good business, but also good for the world.

We will continue to strive for success by ensuring consumer-led decision making drives all aspects of our business; building a strong talent pipeline with best-in-class people development; investing in infrastructure that supports and enables our business, including data systems and architecture; and exemplifying intentional and proactive fiscal management. We place focus on positioning our portfolio on higher-margin, higher-growth categories of the beverage alcohol industry to align with our strategy to address consumer-led premiumization, product, and purchasing trends, which we anticipate will continue to drive stronger growth rates relative to the industry. To capitalize on these ongoing trends and evolving consumer occasions and preferences, we will continue to employ our commercial and operational strategies, with a focus on capturing additional growth opportunities by winning with more consumers across more occasions. The strategic priorities to support our next phase of growth are organized around three distinct pillars:

Sustaining growth across our scaled brands

Reduce distribution gaps, invest in and optimize marketing and brand activation, leverage price-pack architecture and revenue growth management initiatives, and expand brand relevance across occasions

Scaling our next wave brands

Expand distribution, make disciplined marketing investments, and build awareness by leveraging our brand-building, commercial execution, and distribution capabilities to scale our brands and capture growth opportunities

Diversifying with discipline into new growth segments

Invest behind organic growth opportunities for our existing portfolio, supplemented by targeted investments and acquisitions, including by selectively expanding into new consumer demand spaces aimed at sustainable consumer trends

Underpinning all three growth pillars are our consumer insights capabilities, which we intend to continue to strengthen through our ongoing digital acceleration initiatives aimed at driving results by enhancing our technology, data, and digital capabilities in key areas. We believe advancing these capabilities will enable us to operate with greater speed and agility, deepen our understanding of evolving consumer behaviors and occasions, and make more informed decisions across our business. Additionally, we believe our continued focus on maintaining a strong balance sheet provides a solid financial foundation to support our broader strategic initiatives.

Our business strategy for the Beer segment focuses on upholding our leadership position in the U.S. beer market, including as a leader in the high-end segment, and continuing to seek to grow our high-end imported beer brands through maintenance of leading margins, enhancements to our results of operations and operating cash flow, and exploring new avenues for growth. Additionally, we continue to invest in the next phase of modular capacity additions necessary to support our anticipated future growth with activities under our Brewery Projects. We now expect commercial production at the Veracruz Brewery to commence at the beginning of Fiscal 2028.

Our business strategy for the Wine and Spirits segment continues to focus on delivering long-term growth. With our portfolio of exclusively higher-end brands and our continued focus on operational efficiencies, we remain committed to improving margins and driving growth. We intend to expand our brands across U.S. wholesale, international markets, and DTC channels (including hospitality) to maximize our total addressable market opportunity by leveraging our global, omni-channel capabilities.

Marketing, sales, and distribution of our products are primarily managed on a geographic basis allowing us to leverage leading market positions. In addition, market dynamics and consumer trends vary across each of our markets. Within our primary market in the U.S., we offer a range of beverage alcohol products across the imported beer, ABA, and branded wine and spirits categories, with generally separate distribution networks utilized for (i) our beer portfolio and (ii) our wine and spirits portfolio. The environment for our products is competitive in each of our markets.

We remain committed to our long-term financial model of: growing sales, expanding margins, and increasing cash flow in order to continue to achieve comparable earnings per share growth as well as our target ratios for (i) comparable net leverage and (ii) dividend payout; investing to support the growth of our business; and delivering additional returns to stockholders through periodic share repurchases. Our results of operations and financial condition have been and may continue to be affected by the dynamic and evolving consumer environment largely driven by ongoing economic uncertainty and additional headwinds from other socioeconomic factors. These factors impacting consumers may include subdued spend, depressed sentiment, value-seeking behaviors, higher prices and reductions in the discretionary income available to purchase our products, including from increased fuel prices, elevated unemployment, inflation, other unfavorable global and regional economic conditions, demographic trends in the U.S., global supply chain disruptions and constraints, geopolitical events and tensions, wars, and military conflicts, including the conflict in the Middle East.

Developments in international trade relations, including significant additional changes in U.S. trade policy and actions which may include threatened, new, and increased tariffs imposed by the U.S. government on other countries, retaliatory tariffs and actions imposed on certain U.S. goods, and subsequent modifications and delays to or invalidation of various tariffs as well as associated litigation and developments have produced heightened uncertainty

with respect to trade and tariff policies and regulations affecting trade between the U.S. and other countries, which could continue to alter the global trade environment. For example, the U.S. government has imposed tariffs on certain product imports, including on aluminum and aluminum derivatives, and certain other countries have implemented tariffs and other actions on U.S. goods, such as boycotts and tariffs on certain product imports originating from the U.S. imposed by the Canadian federal and some provincial governments and retaliatory tariffs in other international markets, although some of these tariffs were subsequently modified, delayed, suspended, or invalidated. Various tariffs and other actions negatively impacted our results of operations for Fiscal 2026 and are expected to continue to have a negative impact for Fiscal 2027. In April 2026, the U.S. government removed beer made from malt, which includes our beer products, from the scope of the Section 232 aluminum and aluminum derivative tariffs that had been in place at various rates since February 2025.

We expect some or all of these market conditions and their impacts to continue during the remainder of Fiscal 2027 which could have a material impact on our results of operations and financial condition. We intend to continue to monitor the dynamic and evolving consumer and socioeconomic environments and their impacts on our business. In addition, we have executed the majority of the work associated with the 2025 Restructuring Initiative, which is an enterprise-wide cost savings and restructuring initiative designed to help optimize the performance of our business, including through enhanced organizational efficiency and optimized expenditures across our organization. We also intend to continue our commodity and foreign exchange hedging programs. However, there can be no assurance that we will be able to adequately respond to softer consumer demand trends or fully mitigate rising costs, including as a result of new or increased tariffs, through increased selling prices, cost, productivity, efficiency, and inventory management initiatives, optimized marketing plans, and/or our commodity and foreign exchange hedging programs. Furthermore, to the extent severe weather events that impact our business, such as wildfires, droughts, floods, extreme heat, and/or late frosts, or other weather conditions that constrain purchasing occasions for our consumers, continue to occur or accelerate in future periods, it could have a material impact on our results of operations and financial condition.

2025 Restructuring Initiative

We have implemented the 2025 Restructuring Initiative which is expected to yield over \$200 million in net annualized cost savings by Fiscal 2028. The majority of the work associated with the 2025 Restructuring Initiative was executed within Fiscal 2026. The 2025 Restructuring Initiative is estimated to result in nearly \$130 million of cumulative pre-tax costs once all phases are fully implemented. In connection with the 2025 Restructuring Initiative, we recognized \$5.5 million of pre-tax restructuring costs in Six Months 2027 and \$127.4 million of cumulative pre-tax costs since the inception of this initiative. These costs were included in selling, general, and administrative costs within our consolidated results. For additional information on the 2025 Restructuring Initiative, refer to Note 2.

Recent Development

SpikedAde acquisition

In October 2026, we acquired the SpikedAde business, a spirit-based RTD beverage brand for an initial purchase price of \$75 million. The agreement also provides for contingent consideration of up to \$278 million payable over five years based on the future performance of the SpikedAde business. The SpikedAde results of operations will be reported in the Beer segment and will be included in our consolidated results of operations from the date of acquisition. This transaction supports our strategy to selectively expand into new demand spaces aimed at sustainable consumer trends. For additional information, refer to Note 6.

Acquisitions, Divestitures, and Investments

Beer segment

HOPWTR

In April 2026, we purchased the remaining ownership interest in HOPWTR, a premium non-alcoholic brand crafted with hops, adaptogens, and nootropics, which has been a part of our corporate ventures portfolio since 2021. This acquisition supports our strategic focus on meeting the evolving needs of our consumers.

Wine and Spirits segment

New Zealand Wine Divestitures

In June 2026, we sold eight small-scale domestic-market New Zealand mainstream wine brands and associated inventory, equipment, a winery, and vineyards. The net cash proceeds from this transaction were used for general corporate purposes.

2025 Wine Divestitures

On June 2, 2025, we sold and, in certain instances, exclusively licensed the trademarks of a portion of our wine and spirits business, primarily centered around our then-owned mainstream wine brands and associated inventory, wineries, vineyards, offices, and facilities. We received \$846.5 million of cash proceeds, which were used for the repayment of debt.

These Wine and Spirits segment divestitures support our strategic focus on consumer-led premiumization trends and meeting the evolving needs of our consumers.

Corporate Operations and Other segment

Corporate ventures investment

As of August 31, 2025, we evaluated an equity method investment, made through our corporate venture capital function, and determined there was an other-than-temporary impairment due to business underperformance.

For additional information on these acquisitions, divestitures, and investments refer to Notes 5 and 6.

RESULTS OF OPERATIONS

Financial Highlights

References to organic throughout the following discussion exclude the impact of the 2025 Wine Divestitures, where appropriate.

Second Quarter 2027 compared to Second Quarter 2026

Net sales increased 6% primarily driven by 5.5% and 15.4% shipment volume growth within the Beer and Wine and Spirits segments, respectively. While our net sales benefited from shipment volume growth, we believe they continued to be impacted by the economic uncertainty and socioeconomic factors discussed above.

Operating income decreased 8% primarily due to (i) Second Quarter 2027 asset impairment and related expenses, (ii) higher marketing spend, and (iii) unfavorable short-term incentive accruals, partially offset by (i) the shipment volume growth, (ii) lower tariff costs as compared to Second Quarter 2026, and (iii) continued successful execution of efficiency and cost optimization initiatives, including the 2025 Restructuring Initiative.

Net income attributable to CBI and diluted net income per common share attributable to CBI increased 21% and 25%, respectively, primarily due to a lower provision for income taxes, partially offset by the items discussed above.

Six Months 2027 compared to Six Months 2026

Net sales increased 1% primarily due to 3.7% shipment volume growth within the Beer segment, partially offset by the loss of net sales as a result of the 2025 Wine Divestitures despite 11.5% organic shipment volume growth within the Wine and Spirits segment. While our net sales benefited from shipment volume growth, we believe they continued to be impacted by the economic uncertainty and socioeconomic factors discussed above.

Operating income increased 4% primarily due to (i) shipment volume growth within the Beer segment, (ii) favorable Comparable Adjustments led by higher net gains recognized on undesignated commodity derivative contracts for Six Months 2027 compared with Six Months 2026, (iii) lower tariff costs as compared to Six Months 2026, and (iv) continued successful execution of efficiency and cost optimization initiatives, including the 2025 Restructuring Initiative, partially offset by (i) higher marketing spend and (ii) the lower Wine and Spirits segment net sales as a result of the 2025 Wine Divestitures.

Net income attributable to CBI and diluted net income per common share attributable to CBI increased 24% and 28%, respectively, primarily due to a lower provision for income taxes and the items discussed above.

Comparable Adjustments

Management excludes items that affect comparability from its evaluation of the results of each operating segment as these Comparable Adjustments are not reflective of core operations of the segments. Segment operating performance and the incentive compensation of segment management are evaluated based on core segment operating income (loss) which does not include the impact of these Comparable Adjustments.

As more fully described herein and in the related Notes, the Comparable Adjustments that impacted comparability in our segment results for each period are as follows:

Cost of product sold**Undesignated commodity derivative contracts**

Net gain (loss) on undesignated commodity derivative contracts represents a net gain (loss) from the changes in fair value of undesignated commodity derivative contracts. The net gain (loss) is reported outside of segment operating results until such time that the underlying exposure is recognized in the segment operating results. At settlement, the net gain (loss) from the changes in fair value of the undesignated commodity derivative contracts is reported in the appropriate operating segment, allowing the results of our operating segments to reflect the economic effects of the commodity derivative contracts without the resulting unrealized mark to fair value volatility.

Strategic business reconfiguration costs

We recognized costs primarily in connection with losses on write-downs of excess inventory resulting from our initiatives to streamline operations, improve efficiencies, and reduce our cost structure primarily within our Wine and Spirits segment.

Flow through of inventory step-up

In connection with acquisitions, the allocation of purchase price in excess of book value for certain inventories on hand at the date of acquisition is referred to as inventory step-up. Inventory step-up represents an assumed manufacturing profit attributable to the acquired business prior to acquisition.

Selling, general, and administrative expenses**Strategic business reconfiguration costs**

We recognized (i) costs in connection with activities intended to streamline operations, improve efficiencies, and reduce our cost structure and (ii) a loss on settlement of a receivable related to the sale of a previously-owned facility (Second Quarter 2027, Six Months 2027).

2025 Restructuring Initiative

We recognized costs in connection with an enterprise-wide cost savings and restructuring initiative designed to help optimize the performance of our business.

Transition services agreements activity

We recognized costs in connection with transition services agreements related to the previous sales of portions of our wine and spirits business.

Gain (loss) on sale of business

We recognized a net gain (loss) largely in connection with the 2025 Wine Divestitures (Second Quarter 2026, Six Months 2027, Six Months 2026).

Other gains (losses)

We recognized other gains (losses) largely due to a net gain from the sales of assets (Second Quarter 2026, Six Months 2026).

Asset impairment and related expenses

We recognized (i) impairments on assets held for sale associated with management's plan to divest the Nelson's Green Brier business (Second Quarter 2027, Six Months 2027) and on then-existing net assets held for sale in connection with the New Zealand Wine Divestitures (Six Months 2027) and (ii) contract liabilities and inventory obsolescence expenses associated with the 2025 Wine Divestitures, partially offset by changes in the carrying value of those then-existing net assets held for sale (Six Months 2026). For additional information, refer to Note 5.

Income (loss) from unconsolidated investments

We recognized (i) unrealized net losses from the changes in fair value of our securities measured at fair value (Second Quarter 2026, Six Months 2026), (ii) other losses related to an investment made through our corporate venture capital

function (Second Quarter 2026, Six Months 2026), and (iii) an impairment of an equity method investment (Second Quarter 2026, Six Months 2026).

Shipments	123.9	117.4		5.5%
Depletions				(0.6%)

The increase in Beer net sales is due to (i) \$130.2 million of shipment volume growth, as distributors sought to rebuild inventory days-on-hand and (ii) \$12.8 million of favorable impact from pricing in select markets, partially offset by \$14.4 million of unfavorable product mix primarily from a shift in package types.

Wine and Spirits segment

	Second Quarter 2027	Second Quarter 2026	Dollar Change	Percent Change
(in millions, branded product, 9-liter case equivalents)				
Net sales	\$ 159.4	\$ 136.0	\$ 23.4	17%
Shipments	1.5	1.3		15.4%
Depletions				10.2%

The increase in Wine and Spirits net sales is primarily due to \$21.4 million of branded wine and spirits shipment volume growth and favorable product mix. The shipment volume growth benefited from strategic pricing actions taken on select brands in our U.S. wholesale channel.

Gross profit

	Second Quarter 2027	Second Quarter 2026	Dollar Change	Percent Change
(in millions)				
Beer	\$ 1,337.7	\$ 1,240.0	\$ 97.7	8%
Wine and Spirits	70.5	54.8	15.7	29%
Comparable Adjustments	(15.2)	15.2	(30.4)	NM
Consolidated gross profit	<u>\$ 1,393.0</u>	<u>\$ 1,310.0</u>	<u>\$ 83.0</u>	6%

The increase in Beer gross profit is due to (i) \$68.8 million of shipment volume growth, (ii) \$33.9 million of decreased cost of product sold, and (iii) the \$12.8 million favorable impact from pricing, partially offset by \$17.8 million of unfavorable product mix. The decrease in cost of product sold is primarily due to (i) \$24.1 million of lower tariffs as compared to Second Quarter 2026, largely on aluminum imports under Section 232, (ii) \$23.3 million of favorable fixed cost absorption related to increased production levels as compared to Second Quarter 2026, and (iii) \$9.4 million of lower depreciation, partially offset by the following increases (i) \$10.3 million of warehousing and obsolescence costs and (ii) \$10.2 million of materials costs, including glass, aluminum, and paper.

The increase in Wine and Spirits gross profit is primarily due to (i) \$11.1 million of branded wine and spirits shipment volume growth and (ii) \$7.7 million of decreased cost of product sold. The decrease in cost of product sold is largely driven by U.S. tariff claims recoveries and cost savings measures as a result of the 2025 Restructuring Initiative, partially offset by higher transportation and warehousing costs as compared to Second Quarter 2026.

Gross profit as a percent of net sales increased to 52.9% for Second Quarter 2027 compared with 52.8% for Second Quarter 2026. This increase was led by rate growth from lower cost of product sold within the Beer and Wine and Spirits segments, contributing approximately 130 basis points and approximately 30 basis points, respectively. These increases were partially offset by (i) an unfavorable change in Comparable Adjustments of 115 basis points and (ii) approximately 40 basis points of unfavorable product mix shift within the Beer segment.

Selling, general, and administrative expenses

	Second Quarter 2027	Second Quarter 2026	Dollar Change	Percent Change
(in millions)				
Beer	\$ 373.5	\$ 288.4	\$ 85.1	30%
Wine and Spirits	64.4	74.6	(10.2)	(14%)
Corporate Operations and Other	73.7	45.6	28.1	62%
Comparable Adjustments	26.6	27.4	(0.8)	NM
Consolidated selling, general, and administrative expenses	<u>\$ 538.2</u>	<u>\$ 436.0</u>	<u>\$ 102.2</u>	23%

The increase in Beer selling, general, and administrative expenses is primarily due to \$54.5 million and \$30.7 million of increased marketing spend and general and administrative expenses, respectively. Marketing as a percentage of net sales increased year-over-year in continued support of our high-end imported beer brands. The increase in general and administrative expenses is primarily due to higher compensation and benefits, led by unfavorable short-term incentive accruals as compared to Second Quarter 2026.

The decrease in Wine and Spirits selling, general, and administrative expenses is primarily due to \$5.7 million and \$5.0 million of decreased marketing spend and general and administrative expenses, respectively. The decrease in marketing spend is driven by investment optimization for our smaller portfolio of exclusively higher-end wine and spirits brands. The decrease in general and administrative expenses was largely driven by cost savings measures as a result of the 2025 Restructuring Initiative.

The increase in Corporate Operations and Other selling, general, and administrative expenses is largely driven by higher compensation and benefits, led by unfavorable short-term incentive accruals, as compared to Second Quarter 2026.

Selling, general, and administrative expenses as a percent of net sales increased to 20.4% for Second Quarter 2027 as compared to 17.6% for Second Quarter 2026. This increase was driven by rate growth from higher selling, general,

and administrative expenses within the Beer and Corporate Operations and Other segments, contributing approximately 240 basis points and 105 basis points, respectively. These increases were partially offset by lower selling, general, and administrative expenses within the Wine and Spirits segment, contributing approximately 55 basis points of rate decline.

Operating income (loss)

	Second Quarter 2027	Second Quarter 2026	Dollar Change	Percent Change
(in millions)				
Beer	\$ 964.2	\$ 951.6	\$ 12.6	1%
Wine and Spirits	6.1	(19.8)	25.9	131%
Corporate Operations and Other	(73.7)	(45.6)	(28.1)	(62%)
Comparable Adjustments	(91.6)	(12.2)	(79.4)	NM
Consolidated operating income (loss)	<u>\$ 805.0</u>	<u>\$ 874.0</u>	<u>\$ (69.0)</u>	(8%)

The increase in Beer operating income is primarily attributable to the shipment volume growth, lower cost of product sold, and favorable impact from pricing, partially offset by the higher marketing spend and compensation and benefits, led by unfavorable short-term incentive accruals, as described above.

The increase in Wine and Spirits operating income is primarily attributable to the shipment volume growth, U.S. tariff claims recoveries, and cost savings measures as a result of the 2025 Restructuring Initiative, as described above.

As previously discussed, the increase in Corporate Operations and Other operating loss is largely attributable to the higher compensation and benefits as compared to Second Quarter 2026.

Income (loss) from unconsolidated investments

	Second Quarter 2027	Second Quarter 2026	Dollar Change	Percent Change
(in millions)				
Equity in earnings (losses) from equity method investees	\$ 7.0	\$ 3.0	\$ 4.0	133%

Income (loss) from unconsolidated investments	<u>\$ 7.8</u>	<u>\$ (3.5)</u>	<u>\$ 11.3</u>	NM

Interest expense, net

Interest expense, net decreased to \$83.4 million for Second Quarter 2027 as compared to \$87.6 million for Second Quarter 2026. This decrease of \$4.2 million, or 5%, is due to approximately \$235 million of lower average borrowings, partially offset by approximately five basis points of higher weighted average interest rates. For additional information, refer to Note 8.

(Provision for) benefit from income taxes

The provision for income taxes decreased to \$147.1 million for Second Quarter 2027 from \$296.8 million for Second Quarter 2026. Our effective tax rate for Second Quarter 2027 was 20.2% as compared with 37.9% for Second Quarter

2026. In comparison to prior year, our effective tax rate was primarily impacted by a net income tax benefit resulting from changes to valuation allowances; partially offset by the resolution of various tax examinations and assessments related to prior periods. For additional information, refer to Note 9.

Net income (loss) attributable to CBI

Net income attributable to CBI increased to \$565.8 million for Second Quarter 2027 from \$466.0 million for Second Quarter 2026. This increase of \$99.8 million, or 21%, is primarily attributable to the (i) lower provision for income taxes and (ii) shipment volume growth, partially offset by (i) Second Quarter 2027 asset impairment and related expenses, (ii) higher marketing spend, and (iii) unfavorable short-term incentive accruals. Additionally, Second Quarter 2027 benefited from the continued successful execution of efficiency and cost optimization initiatives, including the 2025 Restructuring Initiative.

Shipments	237.2	228.7		3.7%
Depletions				(0.5%)

The increase in Beer net sales is due to (i) \$170.9 million of shipment volume growth, as distributors sought to rebuild inventory days-on-hand, and (ii) \$30.7 million of favorable impact from pricing in select markets, partially offset by \$24.0 million of unfavorable product mix primarily from a shift in package types. Additionally, we expect shipment volume to generally align with depletion volume for Fiscal 2027.

Depletions ⁽¹⁾				8.7%

⁽¹⁾ Includes adjustments to remove volumes associated with the 2025 Wine Divestitures for the period March 1, 2025, through May 31, 2025.

The decrease in Wine and Spirits net sales is due to \$142.0 million from the 2025 Wine Divestitures that are no longer part of our business, partially offset by a \$34.1 million increase in organic net sales. The increase in organic net sales is primarily driven by \$38.0 million of branded wine and spirits shipment volume growth, which benefited from strategic pricing actions on select brands in our U.S. wholesale channel, partially offset by a decline in non-branded bulk sales. Additionally, we expect shipment volume to decline during the second half of Fiscal 2027 as we continue to progress against mutually agreed-upon finished goods inventory reductions with key distributors.

Gross profit

	Six Months 2027	Six Months 2026	Dollar Change	Percent Change
(in millions)				
Beer	\$ 2,555.9	\$ 2,427.0	\$ 128.9	5%
Wine and Spirits	134.6	150.9	(16.3)	(11%)
Comparable Adjustments	23.1	(1.3)	24.4	NM
Consolidated gross profit	<u>\$ 2,713.6</u>	<u>\$ 2,576.6</u>	<u>\$ 137.0</u>	5%

The increase in Beer gross profit is primarily due to (i) a \$90.7 million increase in shipment volume, (ii) \$35.7 million of reduced cost of product sold, and (iii) the \$30.7 million of favorable impact from pricing, partially offset by \$28.2 million of unfavorable product mix. The reduced cost of product sold is primarily due to (i) \$56.4 million of favorable fixed cost absorption related to increased production levels as compared to Six Months 2026, (ii) \$14.4 million of lower depreciation, and (iii) \$8.2 million of lower tariffs as compared to Six Months 2026, largely on aluminum imports under Section 232, partially offset by (i) \$22.6 million of higher material costs, including glass, aluminum, paper, and starch, and (ii) \$18.0 million of higher warehousing and obsolescence costs.

The decrease in Wine and Spirits gross profit is due to \$34.1 million from the 2025 Wine Divestitures that is no longer part of our business, partially offset by a \$17.8 million increase in organic gross profit. The increase in organic gross profit is primarily attributable to (i) a \$25.3 million increase in branded wine and spirits shipment volume and (ii) a \$10.0 million decrease in cost of product sold, partially offset by (i) \$11.9 million of unfavorable product mix and (ii) a \$5.7 million decrease from strategic pricing actions. The decrease in cost of product sold is largely driven by U.S. tariff claims recoveries and cost savings measures as a result of the 2025 Restructuring Initiative, partially offset by higher transportation and warehousing costs as compared to Six Months 2026.

Gross profit as a percent of net sales increased to 53.6% for Six Months 2027 compared with 51.6% for Six Months 2026. This increase was primarily due to rate growth from (i) divestitures of lower-margin brands, contributing approximately 80 basis points, (ii) 70 basis points and 20 basis points from lower cost of product sold within the Beer and Wine and Spirits segments, respectively, (iii) a favorable change in Comparable Adjustments, contributing approximately 50 basis points, and (iv) approximately 30 basis points of favorable impact from beer pricing. These increases were partially offset by approximately 30 basis points of rate decline from unfavorable product mix shift within both the Beer and Wine and Spirits segments, respectively.

Selling, general, and administrative expenses

	Six Months 2027	Six Months 2026	Dollar Change	Percent Change
(in millions)				
Beer	\$ 700.3	\$ 602.0	\$ 98.3	16%
Wine and Spirits	129.6	176.7	(47.1)	(27%)
Corporate Operations and Other	129.8	103.1	26.7	26%
Comparable Adjustments	35.5	54.9	(19.4)	NM
Consolidated selling, general, and administrative expenses	<u>\$ 995.2</u>	<u>\$ 936.7</u>	<u>\$ 58.5</u>	6%

The increase in Beer selling, general, and administrative expenses is primarily driven by \$59.7 million and \$38.8 million of increased marketing spend and general and administrative expenses, respectively. Marketing as a percentage of net sales increased year-over-year in continued support of our high-end imported beer brands. The increase in general and administrative expenses is primarily due to higher compensation and benefits, led by unfavorable short-term incentive accruals as compared to Six Months 2026.

The decrease in Wine and Spirits selling, general, and administrative expenses is primarily driven by \$24.2 million and \$22.2 million of decreased marketing spend and general and administrative expenses, respectively. The decrease in marketing spend is primarily driven by our smaller portfolio of exclusively higher-end wine and spirits brands. The decrease in general and administrative expenses is largely driven by cost savings measures as a result of the 2025 Restructuring Initiative.

The increase in Corporate Operations and Other selling, general, and administrative expenses is largely due to higher compensation and benefits, led by unfavorable short-term incentive accruals compared to Six Months 2026.

Selling, general, and administrative expenses as a percent of net sales increased to 19.6% for Six Months 2027 as compared with 18.7% for Six Months 2026. The increase is primarily driven by (i) 125 basis points and approximately 50 basis points of rate growth from higher selling, general, and administrative expenses within the Beer and Corporate Operations and Other segments, respectively, and (ii) approximately 50 basis points of unfavorable impact from the 2025 Wine Divestitures. These increases were partially offset by (i) approximately 100 basis points of rate decline from decreases in selling, general, and administrative expenses within the Wine and Spirits segment and (ii) an unfavorable change in Comparable Adjustments, contributing approximately 40 basis points of rate decline.

Operating income (loss)

	Six Months 2027	Six Months 2026	Dollar Change	Percent Change
(in millions)				
Beer	\$ 1,855.6	\$ 1,825.0	\$ 30.6	2%

Corporate Operations and Other	(129.8)	(103.1)	(26.7)	(26%)
Comparable Adjustments	(80.5)	(108.3)	27.8	NM
Consolidated operating income (loss)	<u>\$ 1,650.3</u>	<u>\$ 1,587.8</u>	<u>\$ 62.5</u>	4%

The increase in Beer operating income is primarily attributable to the shipment volume growth and lower cost of product sold, partially offset by the higher marketing spend and compensation and benefits, led by unfavorable short-term incentive accruals, as described above.

The increase in Wine and Spirits operating income is primarily attributable to (i) the organic branded wine and spirits shipment volume growth, (ii) lower marketing spend, (iii) cost savings measures as a result of the 2025 Restructuring Initiative, and (iv) U.S. tariff claims recoveries, partially offset by the loss of net sales as a result of the 2025 Wine Divestitures, as described above.

As previously discussed, the increase in Corporate Operations and Other operating loss is largely due to the higher compensation and benefits as compared to Six Months 2026.

Income (loss) from unconsolidated investments

Equity in earnings (losses) from equity method investees	\$ 7.5	\$ (0.5)	\$ 8.0	NM

Income (loss) from unconsolidated investments	<u>\$ 8.3</u>	<u>\$ (7.0)</u>	<u>\$ 15.3</u>	219%

Interest expense, net

Interest expense, net decreased to \$169.2 million for Six Months 2027 as compared to \$186.5 million for Six Months 2026. This decrease of \$17.3 million, or 9%, is primarily due to approximately \$570 million of lower average borrowings. For additional information, refer to Note 8.

(Provision for) benefit from income taxes

The provision for income taxes decreased to \$235.2 million for Six Months 2027 from \$384.4 million for Six Months 2026. Our effective tax rate for Six Months 2027 was 15.8% as compared with 27.6% for Six Months 2026. In comparison to prior year, our effective tax rate was primarily impacted by a net income tax benefit resulting from changes to valuation allowances; partially offset by the resolution of various tax examinations and assessments related to prior periods.

We now expect our reported effective tax rate for Fiscal 2027 to be in the range of 11% to 13%. This range includes an estimated income tax benefit of approximately \$100 million to \$150 million to be recognized during the three months ending November 30, 2026, as a result of certain foreign tax reform enacted in September 2026.

For additional information, refer to Note 9.

Net income (loss) attributable to CBI

Net income attributable to CBI increased to \$1,219.6 million for Six Months 2027 from \$982.1 million for Six Months 2026. This increase of \$237.5 million, or 24%, is primarily attributable to the (i) lower provision for income taxes, (ii) shipment volume growth within the Beer segment, (iii) organic shipment volume growth within the Wine and Spirits segment, and (iv) lower cost of product sold, partially offset by (i) higher marketing spend, (ii) the loss of net sales as a result of the 2025 Wine Divestitures, and (iii) unfavorable short-term incentive accruals. Additionally, Six Months 2027

benefited from the continued successful execution of efficiency and cost optimization initiatives, including the 2025 Restructuring Initiative.

LIQUIDITY AND CAPITAL RESOURCES

General

Our primary source of liquidity has been cash flow from operating activities. Our ability to consistently generate robust cash flow from our operations is one of our most significant financial strengths. It enables us to invest in our people and our brands, make capital investments and strategic acquisitions, provide a cash dividend program, and repurchase shares of our common stock. Our largest use of cash in our operations is for purchasing and carrying inventories and carrying seasonal accounts receivable. Historically, we have used this cash flow to repay our short-term borrowings and fund capital expenditures. Additionally, we use our short-term borrowings, including borrowings under our commercial paper program, to support our working capital requirements, capital expenditures, and other general corporate purposes, as well as to maintain our access to the capital markets.

We seek to maintain adequate liquidity to meet working capital requirements, fund capital expenditures, and repay scheduled principal and interest payments on debt. Absent deterioration of market conditions, we believe that cash flows from operating and financing activities will provide adequate resources to satisfy our working capital, scheduled principal and interest payments on debt, anticipated dividend payments, periodic share repurchases, and planned capital expenditure requirements for both our short-term and long-term capital needs.

We have an agreement with a financial institution for payment services and to facilitate a voluntary supply chain finance program through this participating financial institution. The program is available to certain of our suppliers allowing them the option to manage their cash flow. We are not a party to the agreements between the participating financial institution and the suppliers in connection with the program. Our rights and obligations to our suppliers, including amounts due and scheduled payment terms, are not impacted. As of August 31, 2026, and February 28, 2026, the amount payable to this participating financial institution for suppliers who voluntarily participate in the supply chain finance program was \$61.7 million and \$50.7 million, respectively, and was included with accounts payable on our consolidated balance sheets. We account for payments made under the supply chain finance program the same as our other accounts payable, as a reduction to our cash flow from operating activities.

Operating activities

The decrease in net cash provided by (used in) operating activities consists of:

(in millions)			
Net income (loss)	\$ 1,254.2	\$ 1,009.9	\$ 244.3

Net cash provided by (used in) operating activities	<u>\$ 1,478.6</u>	<u>\$ 1,489.3</u>	<u>\$ (10.7)</u>

The \$91.9 million net change in operating assets and liabilities was largely driven by lower accounts receivable for the Wine and Spirits segment due to lower net sales, reflecting the impact of the 2025 Wine Divestitures, partially offset by (i) higher accounts receivable for the Beer segment as a result of timing of sales and collections and (ii) favorable changes in contract liabilities in connection with distribution arrangements for our U.S. wine and spirits brand portfolio. Additionally, net cash provided by operating activities was negatively impacted by higher Six Months 2027 income tax payments as compared to Six Months 2026.

Investing activities

Net cash provided by (used in) investing activities decreased to \$(350.4) million for Six Months 2027 from \$464.8 million for Six Months 2026. This decrease of \$815.2 million, or 175%, was primarily due to \$837.2 million lower proceeds from sale of business, driven by the 2025 Wine Divestitures, partially offset by \$56.0 million of reduced capital expenditures for Six Months 2027 as compared to Six Months 2026.

Financing activities

The decrease in net cash used in financing activities consisted of:

Debt

Total debt outstanding as of August 31, 2026, amounted to \$10,315.7 million, a decrease of \$252.8 million, or 2%, from February 28, 2026. This decrease consisted of:

**Bank facilities**

In September 2026, we entered into the 2026 Term Credit Agreement, which provides for a nine-month delayed draw \$300.0 million term loan facility, available in up to two draws. The balance is due and payable two years after the initial funding date, if any, occurs. There are no borrowings outstanding under the 2026 Term Credit Agreement.

Senior notes**Issuance**

In May 2026, we issued the 4.85% May 2026 Senior Notes. Proceeds from this offering, net of discount and debt issuance costs, were \$496.7 million.

Redemption

On September 18, 2026, we redeemed the 4.35% May 2022 Senior Notes prior to maturity using commercial paper borrowings at a redemption price equal to 100% of the outstanding principal amount plus accrued and unpaid interest.

On May 18, 2026, we redeemed the 3.70% December 2016 Senior Notes prior to maturity using proceeds from the 4.85% May 2026 Senior Notes and commercial paper borrowings at a redemption price equal to 100% of the outstanding principal amount plus accrued and unpaid interest.

General

The majority of our outstanding borrowings as of August 31, 2026, consisted of fixed-rate senior unsecured notes, with maturities ranging from calendar 2027 to calendar 2050.

Additionally, we have a commercial paper program which provides for the issuance of up to an aggregate principal amount of \$2.25 billion of commercial paper. Our commercial paper program is backed by unused commitments under our revolving credit facility under our 2025 Credit Agreement. Accordingly, outstanding borrowings under our commercial paper program reduce the amount available under our revolving credit facility.

We do not have purchase commitments from buyers for our commercial paper and, therefore, our ability to issue commercial paper is subject to market demand. If the commercial paper market is not available to us for any reason when commercial paper borrowings mature, we expect to utilize unused commitments under our revolving credit

facility under our 2025 Credit Agreement to repay commercial paper borrowings. We do not expect that fluctuations in demand for commercial paper will affect our liquidity given our borrowing capacity available under our revolving credit facility.

We had the following remaining borrowing capacity available under our 2025 Credit Agreement:

	August 31, 2026	September 30, 2026
(in millions)		
Revolving credit facility ⁽¹⁾	\$ 2,122.6	\$ 1,632.1

⁽¹⁾ Net of outstanding revolving credit facility borrowings and outstanding letters of credit under our 2025 Credit Agreement and outstanding borrowings under our commercial paper program (excluding unamortized discount) of \$116.5 million and \$607.0 million as of August 31, 2026, and September 30, 2026, respectively.

The financial institutions participating in our 2025 Credit Agreement have complied with prior funding requests and we believe they will comply with any future funding requests. However, there can be no assurances that any particular financial institution will continue to do so.

As of August 31, 2026, we and our subsidiaries were subject to covenants that are contained in our 2025 Credit Agreement, including those restricting the incurrence of additional subsidiary indebtedness, additional liens, mergers and consolidations, transactions with affiliates, and sale and leaseback transactions, in each case subject to numerous conditions, exceptions, and thresholds. The financial covenants are limited to a minimum interest coverage ratio and a maximum net leverage ratio, both as defined in our 2025 Credit Agreement. As of August 31, 2026, under our 2025 Credit Agreement, the minimum interest coverage ratio was 2.5x and the maximum net leverage ratio was 4.0x.

Our indentures relating to our outstanding senior notes contain certain covenants, including, but not limited to: (i) a limitation on liens on certain assets, (ii) a limitation on certain sale and leaseback transactions, and (iii) restrictions on mergers, consolidations, and the transfer of all or substantially all of our assets to another person.

As of August 31, 2026, we were in compliance with our covenants under our 2025 Credit Agreement and our indentures, and have met all debt payment obligations.

For further discussion and presentation of our borrowings and available sources of borrowing, refer to Note 13 of our consolidated financial statements included in our 2026 Annual Report and Note 8.

Common Stock Dividends

On October 6, 2026, our Board of Directors declared a quarterly cash dividend of \$1.03 per share of Class A Stock and \$0.93 per share of Class 1 Stock payable on November 13, 2026, to stockholders of record of each class as of the close of business on October 30, 2026.

We currently expect to continue to pay a regular quarterly cash dividend to stockholders of our common stock in the future, but such payments are subject to approval of our Board of Directors and are dependent upon our financial condition, results of operations, capital requirements, and other factors, including those set forth under Item 1A. "Risk Factors" of our 2026 Annual Report.

Share Repurchase Program

Our Board of Directors authorized the repurchase of our publicly traded common stock of up to \$4.0 billion under the 2025 Authorization which expires in February 2028. As of September 30, 2026, total shares repurchased are as follows:

	Repurchase Authorization	Class A Stock	
		Dollar Value of Shares Repurchased	Number of Shares Repurchased
(in millions, except share data)			
2025 Authorization ⁽¹⁾	\$ 4,000.0	\$ 1,453.8	9,429,144

⁽¹⁾ As of September 30, 2026, \$2,546.2 million remains available for future share repurchases, excluding the impact of Federal excise tax owed pursuant to the IRA.

Share repurchases under the 2025 Authorization may be accomplished at management's discretion from time-to-time based on market conditions, our cash and debt position, and other factors as determined by management. Shares may be repurchased through open market or privately negotiated transactions. We may fund future share repurchases with cash generated from operations, proceeds from borrowings, and/or divestiture proceeds. Any repurchased shares will become treasury shares, including shares previously repurchased under the 2025 Authorization. Additionally, share repurchases are dependent upon our financial condition, results of operations, capital requirements, and other factors, including those set forth under Item 1A. "Risk Factors" of our 2026 Annual Report.

For additional information, refer to Note 18 of our consolidated financial statements included in our 2026 Annual Report and Note 10.

Accounting guidance adopted for Six Months 2027 did not have a material impact on our Financial Statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As a result of our global operating, investment, acquisition, divestiture, and financing activities, we are exposed to market risk associated with changes in foreign currency exchange rates, commodity prices, and interest rates. These risks may be influenced by, among other factors, trade policies, tariffs, and foreign or domestic legal and regulatory requirements. To manage the volatility relating to these risks, we periodically purchase and/or sell derivative instruments including foreign currency forward and option contracts, commodity swap contracts, cross-currency swap contracts, interest rate swap contracts, and Pre-issuance hedge contracts. We use derivative instruments to reduce earnings and cash flow volatility resulting from shifts in market rates, as well as to hedge economic exposures. We do not enter into derivative instruments for trading or speculative purposes.

Foreign currency and commodity price risk

Foreign currency derivative instruments are or may be used to hedge existing foreign currency denominated assets and liabilities, forecasted foreign currency denominated sales/purchases to/from third parties as well as intercompany sales/purchases, intercompany principal and interest payments, and in connection with investments, acquisitions, or divestitures outside the U.S. As of August 31, 2026, we had exposures to foreign currency risk primarily related to the Mexican peso, Canadian dollar, New Zealand dollar, and euro. We aim to hedge 100% of our balance sheet exposures. As of August 31, 2026, 89% of our forecasted transactional exposures for the remaining six months of Fiscal 2027 were hedged.

Commodity derivative instruments are or may be used to hedge forecasted commodity purchases from third parties as either economic hedges or accounting hedges. As of August 31, 2026, exposures to commodity price risk which we are currently hedging include aluminum, corn, diesel fuel, and natural gas prices. Approximately 90% of our forecasted transactional exposures for the remaining six months of Fiscal 2027 were hedged as of August 31, 2026.

We have performed a sensitivity analysis to estimate our exposure to market risk of foreign exchange rates and commodity prices reflecting the impact of a hypothetical 10% adverse change in the applicable market. The volatility of the applicable rates and prices is dependent on many factors which cannot be forecasted with reliable accuracy. Gains or losses from the revaluation or settlement of the related underlying positions would substantially offset such gains or losses on the derivative instruments. The aggregate notional value, estimated fair value, and sensitivity analysis for our open foreign currency and commodity derivative instruments are summarized as follows:

	Aggregate Notional Value		Fair Value, Net Asset (Liability)		Increase (Decrease) in Fair Value – Hypothetical 10% Adverse Change	
	August 31, 2026	August 31, 2025	August 31, 2026	August 31, 2025	August 31, 2026	August 31, 2025
(in millions)						
Foreign currency contracts	\$ 3,184.7	\$ 3,263.8	\$ 341.7	\$ 216.6	\$ (219.0)	\$ (192.2)
Commodity derivative contracts	\$ 358.9	\$ 327.1	\$ 50.6	\$ (1.2)	\$ (36.5)	\$ 29.1
Net investment hedge contracts	\$ 145.5	\$ 145.5	\$ (4.8)	\$ (5.6)	\$ 14.2	\$ 14.3

Interest rate risk

The estimated fair value of our fixed interest rate debt is subject to interest rate risk, credit risk, and foreign currency risk. In addition, we also have variable interest rate debt outstanding (primarily SOFR-based), certain of which includes a fixed margin subject to the same risks identified for our fixed interest rate debt.

There were no cash flow designated or undesignated interest rate swap contracts or Pre-issuance hedge contracts outstanding as of August 31, 2026, or August 31, 2025.

We have performed a sensitivity analysis to estimate our exposure to market risk of interest rates reflecting the impact of a hypothetical 1% increase in the prevailing interest rates. The volatility of the applicable rates is dependent on many factors which cannot be forecasted with reliable accuracy.

The aggregate notional value, estimated fair value, and sensitivity analysis for our outstanding fixed-rate debt, including current maturities, are summarized as follows:

	Aggregate Notional Value		Fair Value, Net Asset (Liability)		Increase (Decrease) in Fair Value – Hypothetical 1% Rate Increase	
	August 31, 2026	August 31, 2025	August 31, 2026	August 31, 2025	August 31, 2026	August 31, 2025
(in millions)						
Fixed interest rate debt	\$ 10,261.6	\$ 10,357.3	\$ (9,444.9)	\$ (9,677.9)	\$ (483.3)	\$ (510.1)

A 1% hypothetical change in the prevailing interest rates would have increased interest expense on our variable interest rate debt by \$1.1 million and \$2.0 million for the six months ended August 31, 2026, and August 31, 2025, respectively.

For additional discussion on our market risk, refer to Notes 4 and 5.

ITEM 4. CONTROLS AND PROCEDURES.

Disclosure controls and procedures

Our Chief Executive Officer and our Chief Financial Officer have concluded, based on their evaluation as of the end of the period covered by this report, that the Company's "disclosure controls and procedures" (as defined in the Exchange Act Rules 13a-15(e) and 15d-15(e)) are effective to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act (i) is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and (ii) is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Internal control over financial reporting

In connection with the foregoing evaluation by our Chief Executive Officer and our Chief Financial Officer, no changes were identified in the Company's "internal control over financial reporting" (as defined in the Exchange Act Rules 13a-15(f) and 15d-15(f)) that occurred during our fiscal quarter ended August 31, 2026, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

On February 18, 2025, a purported stockholder of the Company, Macaria Meza, filed a putative class action in the United States District Court for the Western District of New York originally captioned *Meza v. Constellation Brands, Inc., et al.*, Case No. 6:25-cv-6107 (W.D.N.Y.). The complaint names as defendants the Company, our former President and Chief Executive Officer, and our Executive Vice President and Chief Financial Officer, and asserts claims for alleged violations of Sections 10(b) and 20(a) of the Exchange Act and Rule 10b-5 promulgated thereunder arising from allegedly materially false or misleading statements or omissions of purportedly material fact concerning, among other things, the Company's strategies intended to improve the performance of our wine and spirits business. On May 28, 2025, a different purported stockholder of the Company, Low Lilly, was appointed as the lead plaintiff. On July 17, 2025, Low and additional named plaintiff, Meza, filed an amended complaint. The amended complaint asserts the same causes of action against the same defendants, but alleges materially false or misleading statements or omissions of purportedly material fact concerning, among other things, the prospects of our beer business. The amended complaint does not allege misstatements or omissions regarding our wine and spirits business. The amended complaint seeks, among other relief, alleged damages in an unspecified amount, attorneys' fees, and costs. On September 17, 2025, the Company and the other defendants filed a motion to dismiss the amended complaint. Oral argument on that motion was held on July 22, 2026, and the motion to dismiss remains pending. On July 31, 2026, the parties stipulated to Meza's request to withdraw as an additional named plaintiff and to amend the case caption to *Low v. Constellation Brands, Inc., et al.*, Case No. 6:25-cv-6107 (W.D.N.Y.).

On March 24, 2025, a purported stockholder of the Company filed a complaint in the United States District Court for the Western District of New York captioned *Silva v. Newlands, et al.*, Case No. 1:25-cv-254 (W.D.N.Y.); on April 21, 2025, a second purported stockholder of the Company filed a complaint in the United States District Court for the Western District of New York captioned *Mason v. Newlands, et al.*, Case No. 1:25-cv-00353 (W.D.N.Y.); and on June 24, 2025, a third purported stockholder of the Company filed a complaint in the United States District Court for the District of Delaware captioned *Wasserman v. Baldwin, et al.*, Case No. 1:25-cv-779 (D. Del.). These derivative complaints each seek to assert claims arising under the Exchange Act and state common law, derivatively on behalf of the Company, against current and former directors and officers of the Company. None of the plaintiffs made a pre-suit demand on our Board of Directors, instead each alleging that the pre-suit demand requirement should be excused as purportedly futile. The claims asserted in these derivative complaints arise from substantially the same allegations made in the first complaint filed in the action recaptioned *Low*. On May 27, 2025, the United States District Court for the Western District of New York entered an order consolidating the *Silva* and *Mason* litigations and staying proceedings pending the entry of a final judgment in *Low*. On August 8, 2025, the plaintiff in the *Wasserman* litigation filed a notice and proposed order voluntarily dismissing that litigation, which was so ordered by the United States District Court for the District of Delaware on August 14, 2025.

PLEASE BE SURE TO READ ALL OF THE SPECIFIC TERMS AND CONDITIONS OF THE AGREEMENT. TO THE EXTENT ANY CAPITALIZED TERMS USED IN THE TERMS AND CONDITIONS ARE NOT DEFINED HEREIN, THEY WILL HAVE THE MEANING ASCRIBED TO THEM IN THE PLAN.

BY MY ELECTRONIC ELECTION TO ACCEPT THE TERMS AND CONDITIONS OF THIS AWARD OF RESTRICTED STOCK UNITS (WHICH SERVES AS MY ELECTRONIC SIGNATURE OF THE AGREEMENT), I AGREE THAT MY PARTICIPATION IN THE PLAN IS GOVERNED BY THE PROVISIONS OF THE PLAN AND THE AGREEMENT (INCLUDING ITS TERMS AND CONDITIONS AND THE APPENDIX, IF ANY, FOR MY COUNTRY OF RESIDENCE OR EMPLOYMENT, IF DIFFERENT). IF I FAIL TO ACCEPT THE TERMS AND CONDITIONS OF THIS AWARD WITHIN NINETY (90) DAYS OF THE GRANT DATE SET FORTH ABOVE, THE COMPANY MAY DETERMINE THAT THIS AWARD HAS BEEN FORFEITED.

TERMS AND CONDITIONS OF RESTRICTED STOCK UNIT AGREEMENT

1. **Award.** The Company hereby grants to the Participant under the Plan as a separate incentive and not in lieu of any salary or other compensation for his or her services, an Award of Restricted Stock Units as of the Grant Date specified above, subject to all of the terms and conditions in the Agreement and the Plan.

2. **Vesting Schedule.** Any Restricted Stock Units that do not vest in accordance with this Section shall be forfeited and shall not be paid.

(a) **Service.** Except as otherwise provided under this Agreement, the Restricted Stock Units shall vest in accordance with the Vesting Dates (as set forth on the first page of this Agreement); provided, in each case, that the Participant remains in Continuous Service with the Company, any of its Subsidiaries, or any other entity which is a Related Entity (the "Employer") until such date. The Participant ceases to be in Continuous Service with the Employer on the date that the entity employing the Participant ceases to be a Subsidiary or an entity which is a Related Entity. For Participants based outside of the United States, the Participant ceases to be employed by the Employer on the later of (i) the date that is the last day of any statutory notice of termination period applicable to the Participant pursuant to applicable employment standards legislation (but only if the Participant is entitled to such a notice under applicable employment standards legislation), or (ii) the date that is designated by the Employer as the last day of the Participant's employment with the Employer, and the date that the Participant ceases to be employed by the Employer specifically does not mean the expiration date for any period of reasonable notice that the Employer may be required at law to provide to the Participant. The first Vesting Date set forth on the first page of this Agreement is the "Initial Vesting Date," and the last Vesting Date set forth on the first page of this Agreement is the "Final Vesting Date."

(b) **Death or Disability.** If the Participant dies or incurs a RSU Disability (as defined below) while employed by the Employer prior to the Final Vesting Date, any Restricted Stock Units that have not vested prior to the date of the Participant's death or RSU Disability shall immediately vest. "RSU Disability" means a disability as defined under Treasury regulation section 1.409A-3(i)(4)(i)(A) which generally means that the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months.

(c) **Retirement.** If the Participant ceases to be in Continuous Service with the Employer prior to the Final Vesting Date as a result of the Participant's Retirement at any time on or after the Earliest Retirement Date (as set forth on the first page of this Agreement), any Restricted Stock Units that have not vested prior to the date of the Participant's Retirement, shall continue to vest according to the percentages and dates (as set forth on the first page of this Agreement). For purposes of this Agreement:

(i) "Retirement" means the Participant ceases to be in Continuous Service with the Employer for any reason other than Cause, death or disability (including but not limited to a RSU Disability) on or after the date the Participant attains Retirement Eligibility with respect to this Award;

(ii) "Retirement Eligibility" with respect to this Award means a Participant attaining either: (A) age fifty five (55) and completing ten (10) Full Years of Continuous Service with the Employer; or (B) age sixty (60) and completing five (5) Full Years of Continuous Service with the Employer; and

(iii) “Full Year” means a twelve-month period beginning on the date of the Participant's commencement of service for the Employer and each anniversary thereof.

The Participant's Continuous Service with the Employer shall be determined by the Committee in its sole discretion (subject to applicable requirements of Code Section 409A and the Treasury regulations and guidance issued thereunder (“Section 409A”), to the extent applicable).

(d) Leave of Absence. Unless otherwise determined by the Committee or required under Section 409A, an authorized leave of absence pursuant to a written agreement or other leave entitling the Participant to reemployment in a comparable position by law or Rule shall not constitute a termination of employment for purposes of the Plan and shall not interrupt the Participant's Continuous Service with the Employer unless the Participant does not return at or before the end of the authorized leave or within the period for which reemployment is guaranteed by law or Rule.

(e) Change in Control. If the successor or purchaser in the Change in Control has assumed the Company's obligations with respect to the Restricted Stock Units or provided a substitute award as contemplated by Section 22 of the Plan and, within 24 months following the occurrence of the Change in Control, the Participant's employment is terminated without Cause or the Participant terminates employment for Good Reason, the Restricted Stock Units shall become fully vested immediately prior to such termination of employment.

3. Restrictive Covenants.

(a) The Participant agrees that (i) during the period of employment with the Company, its Subsidiaries, and/or any other entity which is a Related Entity (and its successors) (“Constellation” for purpose of this Section) and (ii) during any period of continued vesting following Retirement in accordance with the terms of this Agreement, the Participant will not, without the written consent of the Company, seek or obtain a position with a Competitor (as defined below) in which the Participant will use or is likely to use any confidential information or trade secrets of Constellation, or in which the Participant has duties for such Competitor that involve Competitive Services (as defined below) and that are the same or similar to those services actually performed by the Participant for Constellation. The parties agree that the Participant may continue service on any boards of directors on which he or she is serving while employed by Constellation. If Participant's employment is terminated by the Participant for Good Reason or by Constellation for any reason other than Cause, then Constellation will not unreasonably withhold such consent provided Constellation receives information and assurances, satisfactory to Constellation, regarding the Participant's new position.

(b) The Participant understands and agrees that the relationship between Constellation and each of their respective employees constitutes a valuable asset of Constellation and may not be converted to the Participant's own use. Accordingly, the Participant hereby agrees that (i) during the period of employment with Constellation and (ii) during any period of continued vesting following Retirement in accordance with the terms of this Agreement, the Participant shall not directly or indirectly, on his or her own behalf or on behalf of another person, solicit or induce any employee to terminate his or her employment relationship with Constellation or to enter into employment with another person. The foregoing shall not apply to employees who respond to solicitations of employment directed to the general public or who seek employment at their own initiative.

For the purposes of this Section, “Competitive Services” means the provision of goods or services that are competitive with any goods or services offered by Constellation including, but not limited to manufacturing, importing, exporting, distributing or selling cannabis, wine, beer, liquor or other alcoholic beverages in the United States, Canada, New Zealand, Italy and/or Mexico. The parties

acknowledge that Constellation may from time to time during the term of this Agreement change or increase the line of goods or services it provides and its geographic markets, and the Participant agrees that this provision shall be deemed to be amended from time to time to include such different or additional goods, services, and geographic markets to the definition of "Competitive Services" for purposes of this Section. "Competitor" means any individual or any entity or enterprise engaged, wholly or in part, in Competitive Services.

(c) The Participant agrees that, due to his or her position of trust and confidence, the restrictions contained in this Section are reasonable, and the equity compensation conferred on the Participant in this Agreement is adequate consideration, and, since the nature of Constellation's collective business is international in scope, the geographic restriction herein is reasonable.

(d) The Participant acknowledges that a breach of this Section will cause irreparable injury and damage, which cannot be reasonably or adequately compensated by money damages. Accordingly, the Participant acknowledges that the remedies of injunction and specific performance shall be available in the event of such a breach, and the Company shall be entitled to money damages, costs and attorneys' fees, and other legal or equitable remedies, including an injunction pending trial, without the posting of bond or other security. Any period of restriction set forth in this Section shall be extended for a period of time equal to the duration of any breach or violation thereof.

(e) In the event of the Participant's breach of this Section, in addition to the injunctive relief described above, all unvested Restricted Stock Units held by the Participant shall be immediately forfeited on the date which the Participant breaches this Section unless terminated sooner by operation of another term or condition of this Agreement or the Plan, and any gain realized by the Participant from the vesting of any Restricted Stock Units, following such breach, shall be paid by the Participant to the Company.

(f) In the event that any provision of this Section is held to be in any respect an unreasonable restriction, then the court so holding may modify the terms thereof, including the period of time during which it operates or the geographic area to which it applies, or effect any other change to the extent necessary to render this Section enforceable, it being acknowledged by the parties that the representations and covenants set forth herein are of the essence of this Agreement. Notwithstanding anything in this Agreement to the contrary, the post-employment restrictive covenants described in this Section above will not apply to this Award to the extent required under California law or other applicable law, as determined by the Company.

(g) Trade Secrets and Confidential Information. The Participant agrees that unless duly authorized in writing by the Company, the Participant will neither during his or her employment by Constellation nor at any time thereafter divulge or use in connection with any business activity other than that of Constellation any trade secrets or confidential information first acquired by the Participant during and by virtue of employment with Constellation. Notwithstanding the foregoing, nothing in this Agreement prohibits the Participant from reporting possible violations of federal law or regulation to any governmental agency or entity, including but not limited to the Securities and Exchange Commission, or making other disclosures that are protected under the whistleblower protections of federal law or regulation.

4. Committee Discretion. The Committee, in its absolute discretion, may accelerate the vesting of the balance, or some lesser portion of the balance, of the unvested Restricted Stock Units at any time; provided that, the time or schedule of any amount to be settled pursuant to the terms of this Agreement that provides for the deferral of compensation under Section 409A, may not be accelerated

except as otherwise permitted under Section 409A. If so accelerated, such Restricted Stock Units shall be considered as having vested as of the date specified by the Committee.

5. **Death of Participant.** Any distribution or delivery to be made to the Participant under the Agreement shall, if the Participant is then deceased, be made to the Participant's designated beneficiary, or if either no beneficiary survives the Participant or the Committee does not permit beneficiary designations, to the administrator or executor of the Participant's estate. Any designation of a beneficiary by the Participant shall be effective only if such designation is made in a form and manner acceptable to the Committee. Any transferee must furnish the Company with (a) written notice of his or her status as transferee, and (b) evidence satisfactory to the Company to establish the validity of the transfer and compliance with any laws or regulations pertaining to said transfer.

6. **Code Section 409A.** Notwithstanding any provision of this Agreement to the contrary, in the event that any delivery of Shares to the Participant is made upon, or as a result of the Participant's termination of employment (other than as a result of death), and the Participant is a "specified employee" (as that term is defined under Section 409A) at the time the Participant becomes entitled to delivery of such Shares, and provided further that the delivery of such Shares does not otherwise qualify for an applicable exemption from Section 409A, then no such delivery of such Shares shall be made to the Participant under this Agreement until the date that is the earlier to occur of: (i) the Participant's death, or (ii) six (6) months and one (1) day following the Participant's termination of employment (the "Delay Period"). For purposes of applying the provisions of Section 409A, each group of the total Restricted Stock Units granted hereunder that would normally vest on the Initial Vesting Date and each anniversary of the Initial Vesting Date thereafter shall be treated as a separate payment. For purposes of this Agreement, to the extent the Restricted Stock Units (or applicable portion thereof) are subject to the provision of Section 409A, the terms "ceases to be employed", "termination of employment" and variations thereof, as used in this Agreement, are intended to mean a termination of employment that constitutes a "separation from service" under Section 409A.

Restricted Stock Units are generally intended to be exempt from Section 409A as short-term deferrals and, accordingly, the terms of this Agreement shall be construed to preserve such exemption. To the extent that Restricted Stock Units granted under this Agreement are subject to the requirements of Section 409A, this Agreement shall be interpreted and administered in accordance with the intent that the Participant not be subject to tax under Section 409A. Neither the Company, any of its Subsidiaries nor any other entity which is a Related Entity, shall be liable to any Participant (or any other individual claiming a benefit through the Participant) for any tax, interest, or penalties the Participant might owe as a result of participation in the Plan, and the Company, its Subsidiaries nor any other entity which is a Related Entity shall have no obligation to indemnify or otherwise protect the Participant from the obligation to pay any taxes pursuant to Section 409A, unless otherwise specified.

7. **Settlement of Restricted Stock Units.**

(a) **Status as a Creditor.** Unless and until Restricted Stock Units have vested, the Participant will have no settlement right with respect to any Restricted Stock Units. Prior to settlement of any vested Restricted Stock Units, the vested Restricted Stock Units will represent an unfunded and unsecured obligation of the Company, payable (if at all) only from the general assets of the Company. The Participant is an unsecured general creditor of the Company, and settlement of Restricted Stock Units is subject to the claims of the Company's creditors.

(b) **Form and Timing of Settlement.** Restricted Stock Units will be settled in the form of Shares upon the vesting of the Restricted Stock Units. Where a fractional Share would be owed to the Participant upon the vesting of Restricted Stock Units, the Company may, in its sole discretion and to the

extent permitted by applicable law and the administrative practices of the Company, transfer agent, and brokerage provider then administering the Plan with respect to the Restricted Stock Units: (1) issue or cause to be credited to the Participant a fractional Share (including, if applicable, by crediting a fractional Share interest through a third-party broker or agent, without requiring the issuance of a separate fractional Share certificate by the Company), (2) round up the Shares that are payable to the Participant to the nearest whole number, or (3) pay a cash payment equivalent in place of such fractional Share. Upon issuance, Shares (including any fractional Share interest, if applicable) will be electronically transferred to an account in the Participant's name at the provider then administering the Plan as it relates to the Restricted Stock Units. The Shares to be issued upon settlement will be issued as soon as practicable to the Participant following each Vesting Date; provided that:

(i) such Shares will be issued no later than the date that is two and a half (2.5) months from the end of the later of (1) the Participant's tax year that includes the Vesting Date, or (2) the Company's tax year that includes the Vesting Date; and

(ii) for any Restricted Stock Units for which the Vesting Date is after the date the Participant attains Retirement Eligibility and which would constitute a "deferral of compensation" under Section 409A, Shares will be issued:

(A) on the applicable Vesting Date;

(B) within thirty (30) days following a Separation from Service within 24 months of a Change in Control which triggers accelerated vesting in accordance with the terms of this Agreement; or

(C) in the event of a Participant's death or RSU Disability, within thirty (30) days of the date of death or RSU Disability.

(c) Clawback. Notwithstanding any provision to the contrary, any "clawback" or "recoupment" policy required under applicable law or provided for under Company policy shall automatically apply to this Award.

8. **Dividend Equivalents.** During the period beginning on the Grant Date and ending on the date that Shares are issued in settlement of vested Restricted Stock Units, the Participant will accrue dividend equivalents on the Restricted Stock Units equal to any cash dividend or cash distribution that would have been paid on the Restricted Stock Unit had that Restricted Stock Unit been an issued and outstanding Share of Class A Common Stock on the record date for the dividend or distribution. Such accrued dividend equivalents (1) will vest and become payable upon the same terms and at the same time of settlement as the Restricted Stock Unit to which they relate (and will be payable with respect to any Shares that are issued or that are withheld in order to satisfy Participant's Tax-Related Items), (2) will be denominated and payable solely in cash and paid in such manner as the Company deems appropriate, and (3) will not bear or accrue interest. Dividend equivalent payments, at settlement, will be net of applicable federal, state, local and foreign income and social insurance withholding taxes. Upon the forfeiture of the Restricted Stock Units, any accrued dividend equivalents attributable to such Restricted Stock Units will also be forfeited.

9. **Responsibility for Taxes & Withholding.** Regardless of any action the Company, any of its Subsidiaries or any other entity which is a Related Entity takes with respect to any or all income tax, social insurance or social security, payroll tax, fringe benefits tax, payment on account or other tax-related items related to the Participant's participation in the Plan and legally applicable to the Participant ("Tax-Related Items"), the Participant acknowledges that the ultimate liability for all Tax-Related Items is and

remains the Participant's responsibility and may exceed the amount actually withheld by the Company, any of its Subsidiaries or any other entity which is a Related Entity, if any. The Participant further acknowledges that the Company, any of its Subsidiaries or any other entity which is a Related Entity (1) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Units, including, but not limited to, the grant, vesting or settlement of the Restricted Stock Units, the issuance of Shares upon settlement of the Restricted Stock Units, the subsequent sale of Shares acquired pursuant to such issuance and the receipt of any dividends and/or dividend equivalents; and (2) do not commit to and are under no obligation to structure the terms of any Award to reduce or eliminate Participant's liability for Tax-Related Items or achieve any particular tax result. Further, if the Participant becomes subject to tax in more than one jurisdiction between the Grant Date and the date of any relevant taxable event, the Participant acknowledges that the Company, any of its Subsidiaries or any other entity which is a Related Entity may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

The Participant agrees as a condition of his or her participation in the Plan to make arrangements satisfactory to the Company, any of its Subsidiaries or any other entity which is a Related Entity (including the Employer) to satisfy all Tax-Related Items. In this regard, the Company, or their respective agents, will withhold Shares to be issued upon vesting/settlement of the Restricted Stock Units, unless the Company, or if different, the Employer, at their discretion, permit the obligations to be satisfied with regard to all Tax-Related Items by one or a combination of the following:

- (a) withholding from the Participant's wages/salary or other cash compensation paid to the Participant by the Company, or if different, the Employer; or
- (b) withholding from proceeds of the Shares acquired upon vesting/settlement of the Restricted Stock Units either through a voluntary sale or through a mandatory sale arranged by the Company (on Participant's behalf pursuant to this authorization).

Notwithstanding the above, if the Participant is a Section 16 officer of the Company under the U.S. Securities and Exchange Act of 1934, as amended, then the Company will withhold in Shares upon the relevant taxable or tax withholding event, as applicable, unless the use of such withholding method is problematic under applicable tax or securities law or has materially adverse accounting consequences, in which case, the obligation for Tax-Related Items may be satisfied by one or a combination of methods (a) and (b) above.

Notwithstanding anything to the contrary in the Plan, the Participant shall not be entitled to satisfy any Tax-Related Item or withholding obligation that arises as a result of the Agreement by delivering to the Company any shares of capital stock of the Company. To avoid negative accounting treatment, the Company, any of its Subsidiaries or any other entity which is a Related Entity may withhold or account for Tax-Related Items by considering applicable statutory withholding amounts or other applicable withholding rates (but not in excess of the maximum amount permitted for tax withholding under applicable law). If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, the Participant is deemed to have been issued the full number of Shares attributable to the vested Restricted Stock Units, notwithstanding that a number of Shares are held back solely for the purpose of paying the Tax-Related Items due as a result of any aspect of the Participant's participation in the Plan.

The Participant shall pay to the Company, or if different, the Employer, any amount of Tax-Related Items that the Company, or if different, the Employer, may be required to withhold or account for as a result of the Participant's participation in the Plan that will not for any reason be satisfied by the means previously described. The Company may refuse to issue or deliver the Shares or the

proceeds of the sale of Shares if the Participant fails to comply with the Participant's obligations in connection with the Tax-Related Items.

By accepting this grant of Restricted Stock Units, the Participant expressly consents to the methods of withholding Tax-Related Items by the Company, or if different, the Employer as set forth herein, including the withholding of Shares and the withholding from the Participant's wages/salary or other amounts payable to the Participant. All other Tax-Related Items related to the Restricted Stock Units and any Shares delivered in satisfaction thereof are the Participant's sole responsibility.

10. **Transferability.** The Participant shall have no right to sell, assign, transfer, pledge or otherwise encumber the Restricted Stock Units in any manner until the Shares are issued to the Participant upon settlement. Following settlement and issuance of Shares, in the event the Company permits the Participant to arrange for sale of Shares through a broker or another designated agent of the Company, the Participant acknowledges and agrees that the Company may block any such sale and/or cancel any order to sell placed by the Participant, in each case if the Participant is not then permitted under the Company's insider trading policy to engage in transactions with respect to securities of the Company. If the Committee determines that the ability of the Participant to sell or transfer Shares is restricted, then the Company may notify the Participant in accordance with the terms of the Agreement. The Participant may only sell such Shares in compliance with such notification by the Company.

11. **Rights as Stockholder.** Neither the Participant nor any person claiming under or through the Participant shall have any of the rights or privileges of a stockholder of the Company in respect of any Restricted Stock Units (whether vested or unvested) unless and until such Restricted Stock Units vest and the corresponding Shares are issued. After such issuance, the Participant shall have the rights of a stockholder of the Company with respect to voting such Shares and receipt of dividends and distributions on such Shares, if any.

12. **Acknowledgments.** The Participant acknowledges and agrees to the following:

- (a) The Plan is discretionary in nature and the Committee may amend, suspend, or terminate it at any time, to the extent permitted by the Plan.
- (b) The grant of the Restricted Stock Units is exceptional, voluntary and occasional and does not create any contractual or other right to receive future grants of Restricted Stock Units, or benefits in lieu of the Restricted Stock Units even if the Restricted Stock Units have been granted in the past.
- (c) All determinations with respect to such future Restricted Stock Units, if any, including but not limited to, the times when the Restricted Stock Units shall be granted or when the Restricted Stock Units shall vest, will be at the sole discretion of the Committee.
- (d) The Participant's participation in the Plan is voluntary.
- (e) The future value of the Shares is unknown, indeterminable and cannot be predicted with certainty.
- (f) No claim or entitlement to compensation or damages arises from the termination or forfeiture of the Award, termination of the Plan, or diminution in value of the Restricted Stock Units or Shares, or from the application of any clawback or recoupment policy adopted by the Company or imposed by applicable law, and the Participant irrevocably releases the Company, any of its Subsidiaries or any other entity which is a Related Entity from any such claim that may arise.

(g) Neither the Plan nor the Restricted Stock Units shall be construed to create an employment relationship where any employment relationship did not otherwise already exist.

(h) Nothing in the Agreement or the Plan shall confer upon the Participant any right to continue to be employed by the Employer or shall interfere with or restrict in any way the rights of the Employer, which are hereby expressly reserved, to terminate the employment of the Participant under applicable law.

(i) The transfer of the employment of the Participant between the Company, any one of its Subsidiaries or any other entity which is a Related Entity (or between such entities) shall not be deemed a termination of service.

(j) Nothing in the Agreement shall affect the Participant's right to participate in and receive benefits under and in accordance with the then current provisions of any pension, insurance or other employee welfare plan or program of the Employer.

(k) The Company is not providing any tax, legal or financial advice, nor is the Company making any recommendations regarding the Participant's participation in the Plan, or the Participant's acquisition or sale of the underlying Shares. The Participant is hereby advised to consult with his or her own personal tax, legal and financial advisors regarding his or her participation in the Plan before taking any action related to the Plan.

(l) The Plan is operated and the Restricted Stock Units are granted solely by the Company and only the Company is a party to this Agreement; accordingly, any rights the Participant may have under this Agreement may be raised only against the Company but not any Subsidiary or affiliate of the Company (including, but not limited to, the Employer).

(m) No Subsidiary or affiliate of the Company (including, but not limited to, the Employer) has any obligation to make any payment of any kind to the Participant under this Agreement.

(n) In addition, the following provisions apply if the Participant is providing services outside the United States:

(i) The value of the Restricted Stock Units is an extraordinary item of compensation, which is outside the scope of the Participant's employment contract (if any), except as may otherwise be explicitly provided in the Participant's employment contract (if any).

(ii) The Restricted Stock Units are not part of normal or expected compensation or salary for any purpose, including, but not limited to, calculating termination, severance, resignation, redundancy, dismissal, end of service, or similar payments, or bonuses, long-service awards, holiday pay, pension or retirement benefits or welfare or similar payments.

(iii) The Participant acknowledges and agrees that neither the Company, any Subsidiary nor any other entity which is a Related Entity shall be liable for any foreign exchange rate fluctuation between Participant's local currency and the United States Dollar that may affect the value of the Restricted Stock Units or of any amounts due to the Participant pursuant to the settlement of the Restricted Stock Units or the subsequent sale of any Shares acquired upon settlement.

(iv) The Company reserves the right to impose other requirements on participation in the Plan, on the Restricted Stock Units and on any Shares acquired under the Plan, to the extent the Company determines it is necessary or advisable in order to comply with local law or other

applicable Rule or facilitate the administration of the Plan, and to require the Participant to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

13. **Changes in Stock.** In the event of a change in the capital stock of the Company as set forth in Section 16 of the Plan, the Restricted Stock Units shall be adjusted automatically consistent with such change to prevent substantial dilution or enlargement of the rights granted to, or available for, the Participant hereunder.

14. **Address for Notices.** All notices to the Company shall be in writing and sent to the Company's General Counsel at the Company's corporate headquarters. Notices to the Participant shall be addressed to the Participant at the address as from time to time reflected in the Company's employment records as the Participant's address.

15. **Binding Agreement.** Subject to the limitation on the transferability of this Award contained herein, the Agreement shall be binding upon and inure to the benefit of the heirs, legatees, legal representatives, successors and assigns of the parties hereto.

16. **Plan Governs.** The Agreement is subject to all terms and provisions of the Plan. In the event of a conflict between one or more provisions of the Agreement and one or more provisions of the Plan, the provisions of the Plan shall govern.

17. **Governing Law.** The Agreement shall be construed in accordance with and governed by the laws of the State of Delaware, United States of America, regardless of the law that might be applied under principles of conflict of laws.

18. **Captions.** Captions provided herein are for convenience only and are not to serve as a basis for interpretation or construction of the Agreement.

19. **Severability.** In the event that any provision in the Agreement shall be held invalid or unenforceable, such provision shall be severable from, and such invalidity or unenforceability shall not be construed to have any effect on, the remaining provisions of the Agreement.

20. **Modifications to the Agreement.** The Agreement constitutes the entire understanding of the parties on the subjects covered. The Participant expressly warrants that he or she is not executing the Agreement in reliance on any promises, representations, or inducements other than those contained herein. Modifications to the Agreement can be made only in an express written contract executed by a duly authorized officer of the Company.

21. **Amendment, Suspension or Termination of the Plan.** By accepting this Award, the Participant expressly warrants that he or she has received a right to an equity based award under the Plan, and has received, read, and understood a description of the Plan. The Participant understands that the Plan is discretionary in nature and may be modified, suspended, or terminated by the Company at any time.

22. **Compliance with Laws and Regulations; General Restrictions on Delivery of Shares.** The Participant understands that the vesting of the Restricted Stock Units under the Plan and the issuance, transfer, assignment, sale, or other dealings of the Shares shall be subject to compliance by the Company, any of its Subsidiaries or any other entity which is a Related Entity and the Participant with all applicable requirements under the laws and Rules of the country of which the Participant is a resident and/or employed. Furthermore, the Participant agrees that he or she will not acquire Shares pursuant to the Plan

except in compliance with the laws and Rules of the country of which the Participant is a resident and/or employed.

The Company shall not be required to transfer or deliver any Shares, dividends, dividend equivalents or distributions relating to such Shares until it has been furnished with such opinions, representations or other documents as it may deem necessary or desirable, in its discretion, to ensure compliance with any law or Rules of the Securities and Exchange Commission or any other governmental authority having jurisdiction under the Plan or over the Company, the Participant, or the Shares or any interests therein. The Award of Restricted Stock Units evidenced by the Agreement is also subject to the condition that, if at any time the Committee administering the Plan shall determine, in its discretion, that the listing, registration or qualification of the Shares (or any capital stock distributed with respect thereto) upon the New York Stock Exchange (or any other securities exchange or trading market) or under any United States state or federal law or other applicable Rule, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of the Award of Restricted Stock Units evidenced by the Agreement or the issuance, transfer or delivery of the Shares (or the payment of any dividends, dividend equivalents or other distributions related to the Shares), the Company shall not be required to transfer or deliver any Shares, dividends, dividend equivalents or distributions relating to such Shares unless such listing, registration, qualification, consent or approval shall have been effected or obtained to the complete satisfaction of the Committee and free of any conditions not acceptable to the Committee.

23. **Authorization to Release and Transfer Necessary Personal Information.** *The Participant hereby explicitly and unambiguously consents to the collection, use, processing, and transfer, in electronic or other form, of his or her personal data by and among, as applicable, the Company, any of its Subsidiaries or any other entity which is a Related Entity for the exclusive purpose of implementing, administering and managing the Participant's participation in the Plan. The Participant understands that the Company, any of its Subsidiaries or any other entity which is a Related Entity may hold certain personal information about the Participant including, but not limited to, the Participant's name, home address, email address, and telephone number; date of birth, social security number (or any other social or national identification number), salary, nationality, job title, number of Restricted Stock Units and/or Shares held and the details of all Restricted Stock Units or any other entitlement to Shares awarded, cancelled, vested, unvested or outstanding for the purpose of implementing, administering and managing the Participant's participation in the Plan (the "Data"). The Participant understands that the Data may be transferred to the Company, any of its Subsidiaries or any other entity which is a Related Entity, or to any third parties assisting in the implementation, administration and management of the Plan, that these recipients may be located in the Participant's country or elsewhere, and that any recipient's country (e.g., the United States) may have different data privacy laws and protections than the Participant's country. The Participant understands that he or she may request a list with the names and addresses of any potential recipients of the Data by contacting the Company's Global Privacy Lead at privacy@cbrands.com. The Participant authorizes the recipients to receive, possess, use, retain and transfer the Data, in electronic or other form, for the sole purpose of implementing, administering and managing his or her participation in the Plan, including any requisite transfer of such Data to a broker or other third party assisting with the administration of Restricted Stock Units under the Plan or with whom Shares acquired pursuant to the vesting of the Restricted Stock Units or cash from the sale of such Shares may be deposited. Furthermore, the Participant acknowledges and understands that the transfer of the Data to the Company, any of its Subsidiaries or any other entity which is a Related Entity or to any third parties is necessary for his or her participation in the Plan. The Participant understands that the Data will be held only as long as is necessary to implement, administer and manage his or her participation in the Plan. The Participant understands that he or she may, at any time, view the Data, request additional information about the storage and processing of the Data, require any necessary amendments to the Data or refuse or withdraw the consents herein by contacting the Company's Global*

Privacy Lead at privacy@cbrands.com. The Participant further acknowledges that withdrawal of consent may affect his or her ability to vest in or realize benefits from the Restricted Stock Units, and his or her ability to participate in the Plan. For more information on the consequences of refusal to consent or withdrawal of consent, the Participant understands that he or she may contact the Company's Global Privacy Lead at privacy@cbrands.com.

Finally, upon request of the Employer, the Participant agrees to provide an executed data privacy consent form (or any other agreements or consents that may be required by the Employer) to the Employer that the Employer may deem necessary to obtain from the Participant for the purpose of administering the Participant's participation in the Plan in compliance with the data privacy laws in the Participant's country, either now or in the future. The Participant understands and agrees that the Participant will not be able to participate in the Plan if the Participant fails to provide any such consent or agreement requested by the Employer.

24. **Electronic Delivery and Execution.** The Participant hereby consents and agrees to electronic delivery of any documents that the Company may elect to deliver (including, but not limited to, plan documents, prospectus and prospectus supplements, grant or award notifications and agreements, account statements, annual and quarterly reports, and all other forms of communications) in connection with this and any other Award made or offered under the Plan. The Participant understands that, unless revoked by the Participant by giving written notice to the Company pursuant to the Plan, this consent will be effective for the duration of the Agreement. The Participant also understands that he or she will have the right at any time to request that the Company deliver written copies of any and all materials referred to above. The Participant hereby consents to any and all procedures the Company has established or may establish for an electronic signature system for delivery and acceptance of any such documents that the Company may elect to deliver, and agrees that his or her electronic signature is the same as, and will have the same force and effect as, his or her manual signature. The Participant consents and agrees that any such procedures and delivery may be affected by a third party engaged by the Company to provide administrative services related to the Plan.

25. **English Language.** If the Participant is employed in a country where English is not an official language, the Participant acknowledges that the Participant is sufficiently proficient in English to understand the terms and conditions of this Agreement or have had the ability to consult with an advisor who is sufficiently proficient in the English language. The Participant further acknowledges and agrees that it is the Participant's express intent that this Agreement, the Plan and all other documents, notices and legal proceedings entered into, given or instituted pursuant to the Plan be drawn up in English. If the Participant receives this Agreement, the Plan or any other documents related to the Plan translated into a language other than English, and if the meaning of the translated version is different than the English version, the English version will control.

26. **Appendix.** Notwithstanding any provision of the Agreement to the contrary, this Restricted Stock Unit Award and the Shares acquired under the Plan shall be subject to any and all additional or different terms and provisions as set forth in the Appendix, if any, for the Participant's country of residence (and country of employment, if different). Further, if the Participant transfers his or her residence and/or employment to another country reflected in the Appendix to this Agreement, the additional or different terms and conditions for such country will apply to the Participant to the extent the Company determines, in its sole discretion, that the application of such terms and conditions is necessary or advisable in order to comply with local laws or rules to facilitate the operation and administration of the Restricted Stock Units and the Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate the Participant's transfer). Any applicable Appendix shall constitute part of this Agreement.

APPENDIX

In addition to the terms and conditions of the Constellation Brands, Inc. Long-Term Stock Incentive Plan, as Amended and Restated as of July 22, 2026 (the “Plan”) and the Agreement, the Participant's grant of Restricted Stock Units is subject to the following additional terms and conditions as set forth in this appendix (the “Appendix”). All defined terms as contained in this Appendix shall have the same meaning as set forth in the Plan and the Agreement.

CANADA

Resale Restriction. The Participant is permitted to sell the Shares acquired upon vesting through the designated broker appointed under the Plan, provided the resale of Shares acquired under the Plan takes place outside of Canada through the facilities of the stock exchange on which the shares are listed. The Shares are currently listed on the New York Stock Exchange.

Labor Law Information. For all purposes of this Agreement, and except as expressly required by applicable legislation, the Participant's employment or service relationship will terminate as of the earlier of: (1) the date upon which the Participant's employment with the Employer is terminated and (2) the date that the Participant receives written notice of termination of employment from the Employer, regardless of any period during which notice, pay in lieu of such notice or related payments or damages are required to be provided under local law (including, but not limited to statutory law, regulatory law and/or common law). For greater certainty, the Participant will not earn or be entitled to any pro-rated vesting for that portion of time before the date on which the Participant's right to vest terminates, nor will the Participant be entitled to any compensation for lost vesting.

Notwithstanding the foregoing, if applicable employment standards legislation explicitly requires continued entitlement to vesting during a statutory notice period, the Participant's right to vest in the Restricted Stock Units under the Plan, if any, will terminate effective as of the last day of the Participant's minimum statutory notice period, but the Participant will not earn or be entitled to pro-rated vesting if the vesting date falls after the end of the Participant's statutory notice period, nor will the Participant be entitled to any compensation for lost vesting.

The following provisions apply to Participants in Quebec:

French Language Documents. A French translation of the Plan and the Agreement will be made available to the Participant as soon as reasonably practicable. The Participant understands that, from time to time, additional information related to the offering of the Plan might be provided in English and such information may not be immediately available in French. Notwithstanding anything to the contrary in the Agreement, and unless the Participant indicates otherwise, the French translation of the Plan and the Agreement will govern the Participant's Restricted Stock Unit and the Participant's participation in the Plan.

Le Participant comprend que, de temps à autre, des informations supplémentaires liées à l'offre du Plan peuvent être fournies en anglais et que ces informations peuvent ne pas être immédiatement disponibles en français. Nonobstant toute disposition contraire dans le Contrat, et à sauf indication contraire de la part du Participant, la traduction française du Plan et du Contrat régira le Droit sur des Actions assujetti à des Restrictions et la participation au Plan du Participant.

The Participant hereby authorizes the Company and the Company's representatives to discuss and obtain all relevant information regarding the Restricted Stock Unit and the Participant's participation in the Plan from all personnel, professional or non-professional, involved with the administration of the Plan. The Participant further authorizes the Company and the Company's subsidiaries and affiliates to record information regarding the Restricted Stock Unit and the Participant's participation in the Plan and to keep such information in the Participant's file. The Participant acknowledges and agree that the Participant's personal information, including any sensitive personal information, may be transferred or disclosed outside the province of Quebec, including to the U.S. If applicable, the Participant also acknowledges and authorizes the Company, the Company's subsidiaries and affiliates, the administrator of the Plan and any third party brokers/administrators that are assisting the Company with the operation and administration of the Plan to use technology for profiling purposes and to make automated decisions that may have an impact on the Participant or the administration of the Plan.

The same reporting duties apply to the Participant if the Participant is a beneficial owner of the investments, even if the Participant does not directly hold investments abroad or foreign assets.

Labor Law Acknowledgement and Policy Statement. By accepting the Restricted Stock Units, the Participant acknowledges that Constellation Brands, Inc., with registered offices at 50 East Broad Street, Rochester, New York 14614, United States of America, is solely responsible for the administration of the Plan. The Participant further acknowledges his or her participation in the Plan, the grant of Restricted Stock Units and any acquisition of Shares under the Plan do not constitute an employment relationship between the Participant and the Company because the Participant is participating in the Plan on a wholly commercial basis and the Participant's sole employer is a Mexican legal entity ("Constellation-Mexico"). Based on the foregoing, the Participant expressly acknowledges that the Plan and the benefits that he or she may derive from participation in the Plan do not establish any rights between the Participant and his or her Employer, Constellation-Mexico, and do not form part of the employment conditions and/or benefits provided by Constellation-Mexico, and any modification of the Plan or its termination shall not constitute a change or impairment of the terms and conditions of the Participant's employment.

The Participant further understands that his or her participation in the Plan is the result of a unilateral and discretionary decision of the Company, therefore, the Company reserves the absolute right to amend and/or discontinue the Participant's participation in the Plan at any time, without any liability to the Participant.

Finally, the Participant hereby declares that he or she does not reserve to himself/herself any action or right to bring any claim against the Company for any compensation or damages regarding any provision of the Plan or the benefits derived under the Plan, and that the Participant therefore grants a full and broad release to the Company, its Subsidiaries, branches, representation offices, shareholders, officers, agents and legal representatives, with respect to any claim that may arise.

WARNING

This is an offer of Restricted Stock Units which, upon vesting and settlement in accordance with its terms, will be converted into Shares. Shares give the Participant a stake in the ownership of Constellation Brands. The Participant may receive a return if dividends are paid.

If the Company runs into financial difficulties and is wound up, the Participant will be paid only after all creditors and holders of preference shares have been paid. The Participant may lose some or all of his or her investment.

New Zealand law normally requires people who offer financial products to give information to investors before they invest. This information is designed to help investors make informed decisions.

The usual rules do not apply to this offer because it is made under an employee share scheme. As a result, the Participant may not be given all the information usually required. The Participant will also have fewer other legal protections for this investment.

Ask questions, read all documents carefully, and seek independent financial advice before committing yourself.

The Shares are quoted on the New York Stock Exchange. This means that if the Participant acquires Shares under the Plan, the Participant may be able to sell them on the New York Stock Exchange if there are interested buyers. The price will depend on the demand for the Shares.

The Participant is entitled to receive, free of charge, a copy of Constellation Brands' latest annual report, financial statements and auditor's report if the Participant makes a request to the local Human Resources Department at Constellation Brands New Zealand's headquarters, 6/46 Maki Street, Westgate, Auckland 0814, New Zealand. The annual report and financial statements may be obtained from Constellation Brands' website at www.cbrands.com.

(the “Company”) hereby awards to the designated participant (the “Participant”), the opportunity to receive the Performance Share Units described herein under the Company's Long-Term Stock Incentive Plan, Amended and Restated as of July 22, 2026 (the “Plan”). The principal features of this Award are set forth above, including the date of grant of the Performance Share Units (the “Grant Date”). This Award shall be effective on the Grant Date. The Performance Share Units consist of the right to receive shares of Class A Common Stock, par value \$.01 per share, of the Company (“Shares”). Generally, the Participant will not receive any Performance Share Units unless specified service and performance requirements are satisfied. The Performance Share Units are subject to the provisions of the Terms and Conditions of Performance Share Unit Agreement and the Appendix, if any (together, this “Agreement”) and terms of the Plan.

PLEASE BE SURE TO READ ALL OF THE SPECIFIC TERMS AND CONDITIONS OF THIS AGREEMENT. TO THE EXTENT ANY CAPITALIZED TERMS USED IN THE TERMS AND CONDITIONS ARE NOT DEFINED HEREIN, THEY WILL HAVE THE MEANING ASCRIBED TO THEM IN THE PLAN.

BY MY ELECTRONIC ELECTION TO ACCEPT THE TERMS AND CONDITIONS OF THIS AWARD OF PERFORMANCE SHARE UNITS (WHICH SERVES AS MY ELECTRONIC SIGNATURE OF THIS AGREEMENT), I AGREE THAT MY PARTICIPATION IN THE PLAN IS GOVERNED BY THE PROVISIONS OF THE PLAN AND THIS AGREEMENT (INCLUDING ITS TERMS AND CONDITIONS AND THE APPENDIX, IF ANY, FOR MY COUNTRY OF RESIDENCE OR EMPLOYMENT, IF DIFFERENT). IF I FAIL TO ACCEPT THE TERMS AND CONDITIONS OF THIS AWARD WITHIN NINETY (90) DAYS OF THE GRANT DATE SET FORTH ABOVE, THE COMPANY MAY DETERMINE THAT THIS AWARD HAS BEEN FORFEITED.

TERMS AND CONDITIONS OF PERFORMANCE SHARE UNIT AGREEMENT

1. Award. The Company hereby grants to the Participant under the Plan as a separate incentive and not in lieu of any salary or other compensation for his or her services the opportunity to receive Performance Share Units as of the Grant Date specified above, subject to all of the terms and conditions in this Agreement and the Plan. Generally, the Participant will not receive any Performance Share Units unless the specified service and performance requirements set forth herein are satisfied.

2. Vesting in Performance Share Units. Any Performance Share Units that do not vest in accordance with this Section shall be forfeited and shall not be paid.

(a) Performance and service vesting requirements. Except as otherwise provided under this Agreement, both performance and service vesting requirements must be satisfied before the Participant can earn Performance Share Units under this Agreement. With certain exceptions noted below, the Participant will vest in his/her right to receive Performance Share Units under this Agreement if the Participant remains in Continuous Service with the Company, any of its Subsidiaries, or any other entity which is a Related Entity (the "Employer") until the Service Vesting Date (as set forth on the first page of this Agreement) and the Company achieves the performance targets specified in Schedule A. The Participant ceases to be employed with the Employer on the date that the entity employing the Participant ceases to be a Subsidiary or an entity which is a Related Entity. For participants based outside of the United States, the Participant ceases to be employed by the Employer on the later of (i) the date that is the last day of any statutory notice of termination period applicable to the Participant pursuant to applicable employment standards legislation (but only if the Participant is entitled to such a notice under applicable employment standards legislation) or (ii) the date that is designated by the Employer as the last date of the Participant's employment with the Employer, and the date the Participant's ceases to be employed by the Employer specifically does not mean the date on which any period of reasonable notice that the Employer may be required at law to provide to the Participant expires. If the Participant remains in Continuous Service with the Employer until the Service Vesting Date, the Participant shall vest in his/her right to receive a number of Performance Share Units based on the performance matrix set forth in Schedule A. Schedule A sets forth how the number of the Participant's vested Performance Share Units is calculated.

(b) Death or Disability. If the Participant dies or incurs a PSU Disability (as defined below) while employed by the Employer prior to the Service Vesting Date, the Participant shall vest in a number of Performance Share Units equal to the number of the Participant's Target Number of Performance Share Units, provided that such Performance Share Units were not previously forfeited. A "PSU Disability" means a disability as defined under Treasury regulation section 1.409A-3(i)(4)(i)(A) which generally means that the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months. Any Performance Share Units that do not vest under this provision shall be forfeited upon the Participant's death or PSU Disability.

(c) Retirement. If the Participant ceases to be in Continuous Service with the Employer prior to the Service Vesting Date as a result of the Participant's Retirement at any time on or after the Earliest Retirement Date (as set forth on the first page of this Agreement), the Participant shall be deemed to have met the service vesting requirements under this Agreement and shall be eligible to receive the full number of Performance Share Units to which the Participant would be entitled based on actual performance during the Valuation Period as described in the performance matrix set forth in Schedule A. For purposes of this Agreement:

(i) "Retirement" means the Participant ceases to be employed by the Employer for any reason other than Cause, death or disability (including but not limited to a PSU Disability) on or after the date the Participant attains Retirement Eligibility with respect to this Award;

(ii) "Retirement Eligibility" with respect to this Award means a Participant attaining either: (A) age fifty five (55) and completing ten (10) Full Years of Continuous Service with the Employer; or (B) age sixty (60) and completing five (5) Full Years of Continuous Service with the Employer; and

(iii) "Full Year" means a twelve-month period beginning on the date of the Participant's commencement of service for the Employer and each anniversary thereof.

The Participant's Continuous Service with the Employer shall be determined by the Committee in its sole discretion (subject to applicable requirements of Code Section 409A and the Treasury regulations and guidance issued thereunder ("Section 409A"), to the extent applicable).

(d) Leave of Absence. Unless otherwise determined by the Committee or required under Section 409A, an authorized leave of absence pursuant to a written agreement or other leave entitling the Participant to re-employment in a comparable position by law or Rule shall not constitute a termination of employment for purposes of the Plan and shall not interrupt the Participant's Continuous Service with the Employer unless the Participant does not return at or before the end of the authorized leave or within the period for which re-employment is guaranteed by law or Rule.

(e) Change in Control. If the successor or purchaser in the Change in Control has assumed the Company's obligations with respect to the Performance Share Units or provided a substitute award as contemplated by Section 22 of the Plan and, within 24 months following the occurrence of the Change in Control, the Participant's employment is terminated without Cause or the Participant terminates employment for Good Reason, the Participant shall become vested in the Participant's Target Number of Performance Share Units or if a substitute award has been provided, a number of units in the successor company (or a subsidiary or affiliate of such successor company, as applicable) that is equal in value to the Participant's Target Number of Performance Share Units as of the effective date of the Change in Control; provided that such Performance Share Units or substitute award units were not previously forfeited.

3. Restrictive Covenants.

(a) The Participant agrees that (i) during the period of employment with the Company, its Subsidiaries, and/or any other entity which is a Related Entity (and its successors) ("Constellation" for purpose of this Section) and (ii) during any period of continued vesting following Retirement in accordance with the terms of this Agreement, the Participant will not, without the written consent of the Company, seek or obtain a position with a Competitor (as defined below) in which the Participant will use or is likely to use any confidential information or trade secrets of Constellation, or in which the Participant has duties for such Competitor that involve Competitive Services (as defined below) and that are the same or similar to those services actually performed by the Participant for Constellation. The parties agree that the Participant may continue service on any boards of directors on which he or she is serving while employed by Constellation. If Participant's employment is terminated by the Participant for Good Reason or by Constellation for any reason other than Cause, then Constellation will not unreasonably withhold such consent provided Constellation receives information and assurances, satisfactory to Constellation, regarding the Participant's new position.

(b) The Participant understands and agrees that the relationship between Constellation and each of their respective employees constitutes a valuable asset of Constellation and may not be converted to the Participant's own use. Accordingly, the Participant hereby agrees that (i) during the period of employment with Constellation and (ii) during any period of continued vesting following Retirement in accordance with the terms of this Agreement, the Participant shall not directly or indirectly, on his or her own behalf or on behalf of another person, solicit or induce any employee to terminate his or her employment relationship with Constellation or to enter into employment with another person. The foregoing shall not apply to employees who respond to solicitations of employment directed to the general public or who seek employment at their own initiative.

For the purposes of this Section, "Competitive Services" means the provision of goods or services that are competitive with any goods or services offered by Constellation including, but not limited to manufacturing, importing, exporting, distributing or selling cannabis, wine, beer, liquor or other alcoholic beverages in the United States, Canada, New Zealand, Italy and/or Mexico. The parties acknowledge that Constellation may from time to time during the term of this Agreement change or increase the line of goods or services it provides and its geographic markets, and the Participant agrees that this provision shall be deemed to be amended from time to time to include such different or additional goods, services, and geographic markets to the definition of "Competitive Services" for purposes of this Section. "Competitor" means any individual or any entity or enterprise engaged, wholly or in part, in Competitive Services.

(c) The Participant agrees that, due to his or her position of trust and confidence, the restrictions contained in this Section are reasonable, and the equity compensation conferred on the Participant in this Agreement is adequate consideration, and, since the nature of Constellation's collective business is international in scope, the geographic restriction herein is reasonable.

(d) The Participant acknowledges that a breach of this Section will cause irreparable injury and damage, which cannot be reasonably or adequately compensated by money damages. Accordingly, the Participant acknowledges that the remedies of injunction and specific performance shall be available in the event of such a breach, and the Company shall be entitled to money damages, costs and attorneys' fees, and other legal or equitable remedies, including an injunction pending trial, without the posting of bond or other security. Any period of restriction set forth in this Section shall be extended for a period of time equal to the duration of any breach or violation thereof.

(e) In the event of the Participant's breach of this Section, in addition to the injunctive relief described above, all unvested Performance Share Units held by the Participant shall be immediately forfeited on the date which the Participant breaches this Section unless terminated sooner by operation of another term or condition of this Agreement or the Plan, and any gain realized by the Participant from the vesting of any Performance Share Units, following such breach, shall be paid by the Participant to the Company.

(f) In the event that any provision of this Section is held to be in any respect an unreasonable restriction, then the court so holding may modify the terms thereof, including the period of time during which it operates or the geographic area to which it applies, or effect any other change to the extent necessary to render this Section enforceable, it being acknowledged by the parties that the representations and covenants set forth herein are of the essence of this Agreement. Notwithstanding anything in this Agreement to the contrary, the post-employment restrictive covenants described in this Section above will not apply to this Award to the extent required under California law or other applicable law, as determined by the Company.

(g) Trade Secrets and Confidential Information. The Participant agrees that unless duly authorized in writing by the Company, the Participant will neither during his or her employment by Constellation nor at any time thereafter divulge or use in connection with any business activity other than that of Constellation any trade secrets or confidential information first acquired by the Participant during and by virtue of employment with Constellation. Notwithstanding the foregoing, nothing in this Agreement prohibits the Participant from reporting possible violations of federal law or regulation to any governmental agency or entity, including but not limited to the Securities and Exchange Commission, or making other disclosures that are protected under the whistleblower protections of federal law or regulation.

4. Committee Discretion. The Committee, in its absolute discretion, may accelerate the vesting of the balance, or some lesser portion of the balance, of the unvested Performance Share Units at any time; provided that, the time or schedule of any amount to be settled pursuant to the terms of this Agreement that provides for the deferral of compensation under Section 409A, may not be accelerated except as otherwise permitted under Section 409A. The Committee has complete and full discretionary authority to make all decisions and determinations under this Agreement, and all decisions and determinations by the Committee will be final and binding upon all persons, including, but not limited to, the Participant and his/her personal representatives, heirs and assigns.

5. Death of Participant. Any distribution or delivery to be made to the Participant under this Agreement shall, if the Participant is then deceased, be made to the Participant's designated beneficiary, or if no beneficiary survives the Participant, the Participant does not designate any beneficiary or the Committee does not permit beneficiary designations, to the administrator or executor of the Participant's estate. Any designation of a beneficiary by the Participant shall be effective only if such designation is made in a form and manner acceptable to the Committee. Any such permitted transferee upon the Participant's death must furnish the Company with (a) written notice of his or her status as transferee, and (b) evidence satisfactory to the Company to establish the validity of the transfer and compliance with any laws or regulations pertaining to said transfer.

6. Code Section 409A. Notwithstanding any provision of this Agreement to the contrary, in the event that any delivery of Shares to the Participant is made upon, or as a result of the Participant's termination of employment (other than as a result of death), and the Participant is a "specified employee" (as that term is defined under Section 409A) at the time the Participant becomes entitled to delivery of such Shares, and provided further that the delivery of such Shares does not otherwise qualify for an applicable exemption from Section 409A, then no such delivery of such Shares shall be made to the Participant under this Agreement until the date that is the earlier to occur of: (i) the Participant's death, or (ii) six (6) months and one (1) day following the Participant's termination of employment (the "Delay Period"). For purposes of this Agreement, to the extent the Performance Share Units (or equivalent units received following a Change in Control) are subject to the provision of Section 409A, the terms "ceases to be employed", "termination of employment" and variations thereof, as used in this Agreement, are intended to mean a termination of employment that constitutes a "separation from service" under Section 409A.

Performance Share Units are generally intended to be exempt from Section 409A as short-term deferrals and, accordingly, the terms of this Agreement shall be construed to preserve such exemption. To the extent that Performance Share Units granted under this Agreement are subject to the requirements of Section 409A, this Agreement shall be interpreted and administered in accordance with the intent that the Participant not be subject to tax under Section 409A. Neither the Company, any of its Subsidiaries nor any entity which is a Related Entity shall be liable to any Participant (or any other individual claiming a benefit through the Participant) for any tax, interest, or penalties the Participant might owe as a result of participation in the Plan, and the Company, its Subsidiaries nor any other entity

which is a Related Entity shall have no obligation to indemnify or otherwise protect the Participant from the obligation to pay any taxes pursuant to Section 409A, unless otherwise specified.

7. Settlement of Performance Share Units.

(a) Status as a Creditor. Unless and until Performance Share Units have vested and become payable, the Participant will have no settlement right with respect to any Performance Share Units. Prior to settlement of any vested Performance Share Units, the vested Performance Share Units will represent an unfunded and unsecured obligation of the Company, payable (if at all) only from the general assets of the Company. The Participant is an unsecured general creditor of the Company, and settlement of Performance Share Units is subject to the claims of the Company's creditors.

(b) Form and Timing of Settlement. Performance Share Units will be settled in the form of Shares of Class A Stock. Fractional Shares will not be issued upon the vesting of Performance Share Units. In the event that a fractional Share is owed to the Participant, the Company may, in its sole discretion and to the extent permitted by applicable law and the administrative practices of the Company, transfer agent, and brokerage provider then administering the Plan with respect to the Performance Share Units: (1) issue or cause to be credited to the Participant a fractional Share (including, if applicable, by crediting a fractional Share interest through a third-party broker or agent, without requiring the issuance of a separate fractional Share certificate by the Company), (2) round up the Shares that are payable to the Participant to the nearest whole number, or (3) pay a cash payment equivalent in place of such fractional Share. Upon issuance, Shares (including any fractional Share interest, if applicable) will be electronically transferred to an account in the Participant's name at the provider then administering the Plan as it relates to the Performance Share Units. The Shares to be issued upon settlement will be issued as soon as practicable to the Participant following the Service Vesting Date; provided that:

(i) such Shares shall be paid during the PSU Payment Period (as set forth on the first page of this Agreement), but payment shall only be made after the Committee completes a written certification with respect to this Award;

(ii) if the Participant dies or incurs a PSU Disability while employed by the Employer prior to the Service Vesting Date, the Participant's vested Performance Share Units shall be paid within thirty (30) days following the date of the Participant's death or PSU Disability; or

(iii) if the Participant's employment is terminated within 24 months of a Change in Control which triggers accelerated vesting in accordance with the terms of this Agreement, the Participant shall receive payment within thirty (30) days following the date of the Participant's termination of employment.

(c) Clawback. Notwithstanding any provision to the contrary, any "clawback" or "recoupment" policy required under applicable law or provided for under Company policy shall automatically apply to this Award.

8. Dividend Equivalents. During the period beginning on the Grant Date and ending on the date that Shares are issued in settlement of vested Performance Share Units, the Participant will accrue dividend equivalents on the Performance Share Units equal to any cash dividend or cash distribution that would have been paid on the Performance Share Unit had that Performance Share Unit been an issued and outstanding Share of Class A Common Stock on the record date for the dividend or distribution. Such accrued dividend equivalents (i) will vest and become payable upon the same terms and at the same time of settlement as the Performance Share Unit to which they relate (and will be payable with respect to any Shares that are issued or that are withheld in order to satisfy Participant's Tax-Related Items), (ii) will be

denominated and payable solely in cash and paid in such manner as the Company deems appropriate, and (iii) will not bear or accrue interest. Dividend equivalent payments, at settlement, will be net of applicable federal, state, local and foreign income and social insurance withholding taxes. Upon the forfeiture of the Performance Share Units, any accrued dividend equivalents attributable to such Performance Share Units will also be forfeited.

9. **Responsibility for Taxes & Withholding.** Regardless of any action the Company, any of its Subsidiaries or any other entity which is a Related Entity takes with respect to any or all income tax, social insurance or social security, payroll tax, fringe benefits tax, payment on account or other tax-related items related to the Participant's participation in the Plan and legally applicable to the Participant ("Tax-Related Items"), the Participant acknowledges that the ultimate liability for all Tax-Related Items is and remains the Participant's responsibility and may exceed the amount actually withheld by the Company, any of its Subsidiaries or any other entity which is a Related Entity, if any. The Participant further acknowledges that the Company, any of its Subsidiaries or any other entity which is a Related Entity (1) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Performance Share Units, including, but not limited to, the grant, vesting or settlement of the Performance Share Units, the issuance of Shares upon settlement of the Performance Share Units, the subsequent sale of Shares acquired pursuant to such issuance and the receipt of any dividends and/or dividend equivalents; and (2) do not commit to and are under no obligation to structure the terms of any Award to reduce or eliminate Participant's liability for Tax-Related Items or achieve any particular tax result. Further, if the Participant becomes subject to tax in more than one jurisdiction between the Grant Date and the date of any relevant taxable event, the Participant acknowledges that the Company, any of its Subsidiaries or any other entity which is a Related Entity may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

The Participant agrees as a condition of his or her participation in the Plan to make arrangements satisfactory to the Company, any of its Subsidiaries or any other entity which is a Related Entity (including the Employer) to satisfy all Tax-Related Items. In this regard, the Company, or their respective agents, will withhold Shares to be issued upon vesting/settlement of the Performance Share Units, unless the Company, or if different, the Employer, at their discretion, permit the obligations to be satisfied with regard to all Tax-Related Items by one or a combination of the following:

- (a) withholding from the Participant's wages/salary or other cash compensation paid to the Participant by the Company, or if different, the Employer; or
- (b) withholding from proceeds of the Shares acquired upon settlement of the Performance Share Units either through a voluntary sale or through a mandatory sale arranged by the Company (on Participant's behalf pursuant to this authorization).

Notwithstanding the above, if the Participant is a Section 16 officer of the Company under the U.S. Securities and Exchange Act of 1934, as amended, then the Company will withhold in Shares upon the relevant taxable or tax withholding event, as applicable, unless the use of such withholding method is problematic under applicable tax or securities law or has materially adverse accounting consequences, in which case, the obligation for Tax-Related Items may be satisfied by one or a combination of methods (a) and (b) above.

Notwithstanding anything to the contrary in the Plan, the Participant shall not be entitled to satisfy any Tax-Related Item or withholding obligation that arises as a result of the Agreement by delivering to the Company any shares of capital stock of the Company. To avoid negative accounting treatment, the Company, any of its Subsidiaries or any other entity which is a Related Entity may withhold or account for Tax-Related Items by considering applicable statutory withholding amounts or

other applicable withholding rates (but not in excess of the maximum amount permitted for tax withholding under applicable law). If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, the Participant is deemed to have been issued the full number of Shares attributable to the vested Performance Share Units, notwithstanding that a number of Shares are held back solely for the purpose of paying the Tax-Related Items due as a result of any aspect of the Participant's participation in the Plan.

The Participant shall pay to the Company, or if different, the Employer, any amount of Tax-Related Items that the Company, or if different, the Employer, may be required to withhold or account for as a result of the Participant's participation in the Plan that will not for any reason be satisfied by the means previously described. The Company may refuse to issue or deliver the Shares or the proceeds of the sale of Shares if the Participant fails to comply with the Participant's obligations in connection with the Tax-Related Items.

By accepting this grant of Performance Share Units, the Participant expressly consents to the methods of withholding Tax-Related Items by the Company, or if different, the Employer as set forth herein, including the withholding of Shares and the withholding from the Participant's wages/salary or other amounts payable to the Participant. All other Tax-Related Items related to the Performance Share Units and any Shares delivered in satisfaction thereof are the Participant's sole responsibility.

10. Transferability. The Participant shall have no right to sell, assign, transfer, pledge or otherwise encumber the Performance Share Units in any manner until the Shares are issued to the Participant upon settlement. Following settlement and issuance of Shares, in the event the Company permits the Participant to arrange for a sale of Shares through a broker or another designated agent of the Company, the Participant acknowledges and agrees that the Company may block any such sale and/or cancel any order to sell placed by the Participant, in each case if the Participant is not then permitted under the Company's insider trading policy to engage in transactions with respect to securities of the Company. If the Committee determines that the ability of the Participant to sell or transfer Shares is restricted, then the Company may notify the Participant in accordance with the terms this Agreement. The Participant may only sell such Shares in compliance with such notification by the Company.

11. Rights as Stockholder. Neither the Participant nor any person claiming under or through the Participant shall have any of the rights or privileges of a stockholder of the Company in respect of any Performance Share Units (whether vested or unvested) or underlying Shares unless and until such Performance Share Units vest and the corresponding Shares are issued. After such issuance, the Participant shall have the rights of a stockholder of the Company with respect to voting such Shares and receipt of dividends and distributions on such Shares, if any.

12. Acknowledgments. The Participant acknowledges and agrees to the following:

(a) The Plan is discretionary in nature and the Committee may amend, suspend, or terminate it at any time, to the extent permitted by the Plan.

(b) The grant of the Performance Share Units is exceptional, voluntary and occasional and does not create any contractual or other right to receive future grants of Performance Share Units, or benefits in lieu of the Performance Share Units, even if the Performance Share Units have been granted in the past.

- (c) All determinations with respect to such future Performance Share Units, if any, including, but not limited to, the times when Performance Share Units shall be granted or when Performance Share Units shall vest, will be at the sole discretion of the Committee.
- (d) The Participant's participation in the Plan is voluntary.
- (e) The future value of the Shares is unknown, indeterminable and cannot be predicted with certainty.
- (f) No claim or entitlement to compensation or damages arises from the termination or forfeiture of the Award, termination of the Plan, or diminution in value of the Performance Share Units or Shares, or from the application of any clawback or recoupment policy adopted by the Company or imposed by applicable law, and the Participant irrevocably releases the Company, any of its Subsidiaries or any other entity which is a Related Entity from any such claim that may arise.
- (g) Neither the Plan nor the Performance Share Units shall be construed to create an employment relationship where any employment relationship did not otherwise already exist.
- (h) Nothing in this Agreement or the Plan shall confer upon the Participant any right to continue to be employed by the Employer or shall interfere with or restrict in any way the rights of the Employer, which are hereby expressly reserved, to terminate the employment of the Participant under applicable law.
- (i) The transfer of the employment of the Participant between the Company, any one of its Subsidiaries or any other entity which is a Related Entity (or between such entities) shall not be deemed a termination of service.
- (j) Nothing in this Agreement shall affect the Participant's right to participate in and receive benefits under and in accordance with the then current provisions of any pension, insurance or other employee welfare plan or program of the Employer.
- (k) The Company is not providing any tax, legal or financial advice, nor is the Company making any recommendations regarding the Participant's participation in the Plan, or the Participant's acquisition or sale of the underlying Shares. The Participant is hereby advised to consult with his or her own personal tax, legal and financial advisors regarding his or her participation in the Plan before taking any action related to the Plan.
- (l) The Plan is operated and the Performance Share Units are granted solely by the Company and only the Company is a party to this Agreement; accordingly, any rights the Participant may have under this Agreement may be raised only against the Company but not any Subsidiary or affiliate of the Company (including, but not limited to, the Employer).
- (m) No Subsidiary or affiliate of the Company (including, but not limited to, the Employer) has any obligation to make any payment of any kind to the Participant under this Agreement.
- (n) In addition, the following provisions apply if the Participant is providing services outside the United States:
- (i) The value of the Performance Share Units is an extraordinary item of compensation, which is outside the scope of the Participant's employment contract (if any), except as may otherwise be explicitly provided in the Participant's employment contract (if any).

(ii) The Performance Share Units are not part of normal or expected compensation or salary for any purpose, including, but not limited to, calculating termination, severance, resignation, redundancy, dismissal, end of service, or similar payments, or bonuses, long-service awards, holiday pay, pension or retirement benefits or welfare or similar payments.

(iii) The Participant acknowledges and agrees that neither the Company, any Subsidiary nor any other entity which is a Related Entity shall be liable for any foreign exchange rate fluctuation between Participant's local currency and the United States Dollar that may affect the value of the Performance Share Units or of any amounts due to the Participant pursuant to the settlement of the Performance Share Units or the subsequent sale of any Shares acquired upon settlement.

(iv) The Company reserves the right to impose other requirements on participation in the Plan, on the Performance Share Units and on any Shares acquired under the Plan, to the extent the Company determines it is necessary or advisable in order to comply with local laws or other applicable Rule or facilitate the administration of the Plan, and to require the Participant to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

13. Changes in Stock. In the event of a change in the capital stock of the Company as set forth in Section 16 of the Plan, the Performance Share Units shall be adjusted automatically consistent with such change to prevent substantial dilution or enlargement of the rights granted to, or available for, the Participant hereunder.

14. Address for Notices. All notices to the Company shall be in writing and sent to the Company's General Counsel at the Company's corporate headquarters. Notices to the Participant shall be addressed to the Participant at the address as from time to time reflected in the Company's employment records as the Participant's address.

15. Binding Agreement. Subject to the limitation on the transferability of this Award contained herein, this Agreement shall be binding upon and inure to the benefit of the heirs, legatees, legal representatives, successors and assigns of the parties hereto.

16. Plan Governs. This Agreement is subject to all terms and provisions of the Plan. In the event of a conflict between one or more provisions of this Agreement and one or more provisions of the Plan, the provisions of the Plan shall govern.

17. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of Delaware, United States of America, regardless of the law that might be applied under principles of conflict of laws.

18. Captions. Captions provided herein are for convenience only and are not to serve as a basis for interpretation or construction of this Agreement.

19. Severability. In the event that any provision in this Agreement shall be held invalid or unenforceable, such provision shall be severable from, and such invalidity or unenforceability shall not be construed to have any effect on, the remaining provisions of this Agreement.

20. Modifications to this Agreement. This Agreement constitutes the entire understanding of the parties on the subjects covered. The Participant expressly warrants that he or she is not executing this Agreement in reliance on any promises, representations, or inducements other than those contained

herein. Modifications to this Agreement can be made only in an express written contract executed by a duly authorized officer of the Company.

21. Amendment, Suspension or Termination of the Plan. By accepting this Award, the Participant expressly warrants that he or she has received a right to an equity based award under the Plan, and has received, read, and understood a description of the Plan. The Participant understands that the Plan is discretionary in nature and may be modified, suspended, or terminated by the Company at any time.

22. Compliance with Laws and Regulations; General Restrictions on Delivery of Shares. The Participant understands that the vesting of the Performance Share Units under the Plan and the issuance, transfer, assignment, sale, or other dealings of the Shares shall be subject to compliance by the Company, any of its Subsidiaries or any other entity which is a Related Entity and the Participant with all applicable requirements under the laws and Rules of the country of which the Participant is a resident and/or employed. Furthermore, the Participant agrees that he or she will not acquire Shares pursuant to the Plan except in compliance with the laws and Rules of the country of which the Participant is a resident and/or employed.

The Company shall not be required to transfer or deliver any Shares, dividends, dividend equivalents or distributions relating to such Shares until it has been furnished with such opinions, representations or other documents as it may deem necessary or desirable, in its discretion, to ensure compliance with any law or Rules of the Securities and Exchange Commission or any other governmental authority having jurisdiction under the Plan or over the Company, the Participant, or the Shares or any interests therein. The Award of Performance Share Units evidenced by this Agreement is also subject to the condition that, if at any time the Committee administering the Plan shall determine, in its discretion, that the listing, registration or qualification of the Shares (or any capital stock distributed with respect thereto) upon the New York Stock Exchange (or any other securities exchange or trading market) or under any United States state or federal law or other applicable Rule, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of the Performance Share Units evidenced by this Agreement or the issuance, transfer or delivery of the Shares (or the payment of any dividends, dividend equivalents or other distributions related to the Shares), the Company shall not be required to transfer or deliver any Shares, dividends, dividend equivalents or distributions relating to such Shares unless such listing, registration, qualification, consent or approval shall have been effected or obtained to the complete satisfaction of the Committee and free of any conditions not acceptable to the Committee.

23. Authorization to Release and Transfer Necessary Personal Information. *The Participant hereby explicitly and unambiguously consents to the collection, use, processing, and transfer, in electronic or other form, of his or her personal data by and among, as applicable, the Company, any of its Subsidiaries or any other entity which is a Related Entity for the exclusive purpose of implementing, administering and managing the Participant's participation in the Plan. The Participant understands that the Company, any of its Subsidiaries or any other entity which is a Related Entity may hold certain personal information about the Participant including, but not limited to, the Participant's name, home address, email address and telephone number, date of birth, social security number (or any other social or national identification number), salary, nationality, job title, number of Performance Share Units and/or Shares held and the details of all Performance Share Units or any other entitlement to Shares awarded, cancelled, vested, unvested or outstanding for the purpose of implementing, administering and managing the Participant's participation in the Plan (the "Data"). The Participant understands that the Data may be transferred to the Company, any of its Subsidiaries or any other entity which is a Related Entity, or to any third parties assisting in the implementation, administration and management of the Plan, that these recipients may be located in the Participant's country or elsewhere, and that any*

recipient's country (e.g., the United States) may have different data privacy laws and protections than the Participant's country. The Participant understands that he or she may request a list with the names and addresses of any potential recipients of the Data by contacting the Company's Global Privacy Lead at privacy@cbrands.com. The Participant authorizes the recipients to receive, possess, use, retain and transfer the Data, in electronic or other form, for the sole purpose of implementing, administering and managing his or her participation in the Plan, including any requisite transfer of such Data to a broker or other third party assisting with the administration of Performance Share Units under the Plan or with whom Shares acquired pursuant to the vesting of the Performance Share Units or cash from the sale of such Shares may be deposited. Furthermore, the Participant acknowledges and understands that the transfer of the Data to the Company, any of its Subsidiaries or any other entity which is a Related Entity or to any third parties is necessary for his or her participation in the Plan. The Participant understands that the Data will be held only as long as is necessary to implement, administer and manage his or her participation in the Plan. The Participant understands that he or she may, at any time, view the Data, request additional information about the storage and processing of the Data, require any necessary amendments to the Data or refuse or withdraw the consents herein by contacting the Company's Global Privacy Lead at privacy@cbrands.com. The Participant further acknowledges that withdrawal of consent may affect his or her ability to vest in or realize benefits from the Performance Share Units, and his or her ability to participate in the Plan. For more information on the consequences of refusal to consent or withdrawal of consent, the Participant understands that he or she may contact the Company's Global Privacy Lead at privacy@cbrands.com.

Finally, upon request of the Employer, the Participant agrees to provide an executed data privacy consent form (or any other agreements or consents that may be required by the Employer) to the Employer that the Employer may deem necessary to obtain from the Participant for the purpose of administering the Participant's participation in the Plan in compliance with the data privacy laws in the Participant's country, either now or in the future. The Participant understands and agrees that the Participant will not be able to participate in the Plan if the Participant fails to provide any such consent or agreement requested by the Employer.

24. **Electronic Delivery and Execution.** The Participant hereby consents and agrees to electronic delivery of any documents that the Company may elect to deliver (including, but not limited to, plan documents, prospectus and prospectus supplements, grant or award notifications and agreements, account statements, annual and quarterly reports, and all other forms of communications) in connection with this and any other Award made or offered under the Plan. The Participant understands that, unless revoked by the Participant by giving written notice to the Company pursuant to the Plan, this consent will be effective for the duration of this Agreement. The Participant also understands that he or she will have the right at any time to request that the Company deliver written copies of any and all materials referred to above. The Participant hereby consents to any and all procedures the Company has established or may establish for an electronic signature system for delivery and acceptance of any such documents that the Company may elect to deliver, and agrees that his or her electronic signature is the same as, and will have the same force and effect as, his or her manual signature. The Participant consents and agrees that any such procedures and delivery may be affected by a third party engaged by the Company to provide administrative services related to the Plan.

25. **English Language.** If the Participant is employed in a country where English is not an official language, the Participant acknowledges that the Participant is sufficiently proficient in English to understand the terms and conditions of this Agreement or have had the ability to consult with an advisor who is sufficiently proficient in the English language. The Participant further acknowledges and agrees that it is the Participant's express intent that this Agreement, the Plan and all other documents, notices and legal proceedings entered into, given or instituted pursuant to the Plan be drawn up in English. If the Participant receives this Agreement, the Plan or any other documents related to the Plan translated into a

language other than English, and if the meaning of the translated version is different than the English version, the English version will control.

26. Appendix. Notwithstanding any provision of the Agreement to the contrary, this Performance Share Unit Award and the Shares acquired under the Plan shall be subject to any and all additional or different terms and provisions as set forth in the Appendix, if any, for the Participant's country of residence (and country of employment, if different). Further, if the Participant transfers his or her residence and/or employment to another country reflected in the Appendix to this Agreement, the additional or different terms and conditions for such country will apply to the Participant to the extent the Company determines, in its sole discretion, that the application of such terms and conditions is necessary or advisable in order to comply with local laws or rules to facilitate the operation and administration of the Performance Share Units and the Plan (or the Company may establish alternative terms and conditions as may be necessary or advisable to accommodate the Participant's transfer). Any applicable Appendix shall constitute part of this Agreement.

APPENDIX

In addition to the terms and conditions of the Constellation Brands, Inc. Long-Term Stock Incentive Plan, as Amended and Restated as of July 22, 2026 (the “Plan”) and the Agreement, the Participant's grant of Performance Share Units is subject to the following additional terms and conditions as set forth in this appendix (the “Appendix”). All defined terms as contained in this Appendix shall have the same meaning as set forth in the Plan and the Agreement.

CANADA

Resale Restriction. The Participant is permitted to sell the Shares acquired upon vesting through the designated broker appointed under the Plan, provided the resale of Shares acquired under the Plan takes place outside of Canada through the facilities of the stock exchange on which the shares are listed. The Shares are currently listed on the New York Stock Exchange.

Labor Law Information. For all purposes of this Agreement, and except as expressly required by applicable legislation, the Participant's employment or service relationship will terminate as of the earlier of: (1) the date upon which the Participant's employment with the Employer is terminated and (2) the date that the Participant receives written notice of termination of employment from the Employer, regardless of any period during which notice, pay in lieu of such notice or related payments or damages are required to be provided under local law (including, but not limited to statutory law, regulatory law and/or common law). For greater certainty, the Participant will not earn or be entitled to any pro-rated vesting for that portion of time before the date on which the Participant's right to vest terminates, nor will the Participant be entitled to any compensation for lost vesting.

Notwithstanding the foregoing, if applicable employment standards legislation explicitly requires continued entitlement to vesting during a statutory notice period, the Participant's right to vest in the Performance Share Units under the Plan, if any, will terminate effective as of the last day of the Participant's minimum statutory notice period, but the Participant will not earn or be entitled to pro-rated vesting if the vesting date falls after the end of the Participant's statutory notice period, nor will the Participant be entitled to any compensation for lost vesting.

The following provisions apply to Participants in Quebec:

French Language Documents. A French translation of the Plan and the Agreement will be made available to the Participant as soon as reasonably practicable. The Participant understands that, from time to time, additional information related to the offering of the Plan might be provided in English and such information may not be immediately available in French. Notwithstanding anything to the contrary in the Agreement, and unless the Participant indicates otherwise, the French translation of the Plan and the Agreement will govern the Participant's Performance Share Unit and the Participant's participation in the Plan.

Documents en français. Une traduction en français du Plan et du Contrat sera mise à la disposition du Participant dès que raisonnablement possible. Le Participant comprend que, de temps à autre, des informations supplémentaires liées à l'offre du Plan peuvent être fournies en anglais et que ces informations peuvent ne pas être immédiatement disponibles en français. Nonobstant toute disposition contraire dans le Contrat, et à sauf indication contraire de la part du Participant, la traduction française du Plan et du Contrat régira le Droit sur des Actions lié à la Performance et la participation au Plan du Participant.

Data Privacy. The Participant hereby authorizes the Company and the Company's representatives to discuss and obtain all relevant information regarding the Performance Share Unit and the Participant's participation in the Plan from all personnel, professional or non-professional, involved with the administration of the Plan. The Participant further authorizes the Company, the Company's subsidiaries and affiliates, the administrator of the Plan and any third party brokers/administrators that are assisting the Company with the operation and administration of the Plan to disclose and discuss the Plan and the Participant's participation in the Plan with their advisors. The Participant further authorizes the Company and the Company's subsidiaries and affiliates to record information regarding the Performance Share Unit and the Participant's participation in the Plan and to keep such information in the Participant's file. The Participant acknowledges and agree that the Participant's personal information, including any sensitive personal information, may be transferred or disclosed outside the province of Quebec, including to the U.S. If applicable, the Participant also acknowledges and authorizes the Company, the Company's subsidiaries and affiliates, the administrator of the Plan and any third party brokers/administrators that are assisting the Company with the operation and administration of the Plan to use technology for profiling purposes and to make automated decisions that may have an impact on the Participant or the administration of the Plan.

ITALY

Plan Document Acknowledgment. By accepting the Performance Share Unit, the Participant acknowledges that he or she has received a copy of, and has reviewed the Plan and the Agreement, including this Appendix, in their entirety and fully understands and accepts all provisions of the Plan and the Agreement, including this Appendix.

The Participant further acknowledges that the Participant has read and specifically and expressly agrees to the following provisions of the Agreement: (Section 7) Settlement of Performance Share Units; (Section 9) Responsibility for Taxes & Withholding; (Section 12) Acknowledgments; (Section 17) Governing Law; (Section 22) Compliance with Laws and Regulations; General Restrictions on Delivery of Shares; (Section 23) Authorization to Release and Transfer Necessary Personal Information; (Section 24) Electronic Delivery and Execution; (Section 25) English Language; and (Section 26) Appendix.

Exchange Control Information. If the Participant holds investments abroad or foreign financial assets (e.g., cash, shares of stock, performance share units) that may generate income taxable in Italy, the Participant is required to report them on the Participant's annual tax returns (UNICO Form, RW Schedule) or on a special form if no tax return is due, irrespective of their value. The same reporting duties apply to the Participant if the Participant is a beneficial owner of the investments, even if the Participant does not directly hold investments abroad or foreign assets.

Data Privacy. This provision supplements Section 23 of the Agreement:

Notwithstanding Section 23, the Company hereby notifies the Participant that the collection, use, processing and transfer in electronic or other form of the Participant's Data in relation to the Company's award of the Performance Share Units shall be made in accordance with the Ruffino S.r.l., Employee Data Protection Notice, as updated from time to time.

MEXICO

Use of English Language. The parties acknowledge that it is their express wish that the present agreement, as well as all documents, notices and legal proceedings entered into, given or instituted

pursuant hereto or relating directly or indirectly hereto, be drawn up in English. As a convenience, the award agreement and other documents have been translated into Spanish. If the meaning of the translated version of any document or text is different than the English version, the English version will control. *Uso del idioma inglés. Para su comodidad, el acuerdo de adjudicación y otros documentos han sido traducidos al español. Si el significado de la versión traducida de cualquier documento o texto no fuera el mismo que el de la versión inglesa, prevalecerá el significado de la versión inglesa.*

Labor Law Acknowledgement and Policy Statement. By accepting the Performance Share Units, the Participant acknowledges that Constellation Brands, Inc., with registered offices at 50 East Broad Street, Rochester, New York 14614, United States of America, is solely responsible for the administration of the Plan. The Participant further acknowledges his or her participation in the Plan, the grant of Performance Share Units and any acquisition of Shares under the Plan do not constitute an employment relationship between the Participant and the Company because the Participant is participating in the Plan on a wholly commercial basis and the Participant's sole employer is a Mexican legal entity ("Constellation-Mexico"). Based on the foregoing, the Participant expressly acknowledges that the Plan and the benefits that he or she may derive from participation in the Plan do not establish any rights between the Participant and his or her Employer, Constellation-Mexico, and do not form part of the employment conditions and/or benefits provided by Constellation-Mexico, and any modification of the Plan or its termination shall not constitute a change or impairment of the terms and conditions of the Participant's employment.

The Participant further understands that his or her participation in the Plan is the result of a unilateral and discretionary decision of the Company, therefore, the Company reserves the absolute right to amend and/or discontinue the Participant's participation in the Plan at any time, without any liability to the Participant.

Finally, the Participant hereby declares that he or she does not reserve to himself/herself any action or right to bring any claim against the Company for any compensation or damages regarding any provision of the Plan or the benefits derived under the Plan, and that the Participant therefore grants a full and broad release to the Company, its Subsidiaries, branches, representation offices, shareholders, officers, agents and legal representatives, with respect to any claim that may arise.

Securities Law Information. The Performance Share Units granted, and any Shares acquired, under the Plan have not been registered with the National Register of Securities maintained by the Mexican National Banking and Securities Commission and cannot be offered or sold publicly in Mexico. In addition, the Plan, the Agreement and any other document relating to the Performance Share Units may not be publicly distributed in Mexico. These materials are addressed to the Participant because of the Participant's existing relationship with the Company and any subsidiary or affiliate, and these materials should not be reproduced or copied in any form. The offer contained in these materials does not constitute a public offering of securities but rather constitutes a private placement of securities addressed specifically to individuals who are present employees of Constellation-Mexico made in accordance with the provisions of the Mexican Securities Market Law, and any rights under such offering shall not be assigned or transferred.

NEW ZEALAND

Securities Law Notice.

WARNING

This is an offer of Performance Share Units which, upon vesting and settlement in accordance with its terms, will be converted into Shares. Shares give the Participant a stake in the ownership of Constellation Brands. The Participant may receive a return if dividends are paid.

If the Company runs into financial difficulties and is wound up, the Participant will be paid only after all creditors and holders of preference shares have been paid. The Participant may lose some or all of his or her investment.

New Zealand law normally requires people who offer financial products to give information to investors before they invest. This information is designed to help investors make informed decisions.

The usual rules do not apply to this offer because it is made under an employee share scheme. As a result, the Participant may not be given all the information usually required. The Participant will also have fewer other legal protections for this investment.

Ask questions, read all documents carefully, and seek independent financial advice before committing yourself.

The Shares are quoted on the New York Stock Exchange. This means that if the Participant acquires Shares under the Plan, the Participant may be able to sell them on the New York Stock Exchange if there are interested buyers. The price will depend on the demand for the Shares.

The Participant is entitled to receive, free of charge, a copy of Constellation Brands' latest annual report, financial statements and auditor's report if the Participant makes a request to the local Human Resources Department at Constellation Brands New Zealand's headquarters, 6/46 Maki Street, Westgate, Auckland 0814, New Zealand. The annual report and financial statements may be obtained from Constellation Brands' website at www.cbrands.com.
