Constellation Brands

% Senior Notes due 2023

The Company:

- We are the world's leading premium wine company with a broad portfolio of consumer-preferred premium wine brands complemented by premium spirits, imported beer and other select beverage alcohol products.

The Offering:

- Use of Proceeds: We intend to use the net proceeds from this offering of the Senior Notes due 2023, which we refer to as the notes, together with additional borrowings under our senior credit facility and available cash, to finance our pending acquisition of the 50% membership interest in Crown Imports LLC not already owned by us, which we refer to as the Crown Acquisition, or, if we are unable to finance the entire Crown Acquisition, towards the purchase of at least one-half of the 50% membership interest we do not already own, which we refer to as the Alternate Crown Acquisition. The facilities under our senior credit agreement, as amended, refinanced, extended, substituted, replaced or renewed from time to time, are referred to collectively as our senior credit facility.

The Notes:

- Issuer: Constellation Brands, Inc.
- Maturity: The notes will mature on March 1, 2023.
- Interest Payments: The notes will pay interest semi-annually in cash in arrears on March 1 and September 1 of each year, commencing March 1, 2013.
- Guarantees: Certain of our existing and future subsidiaries will guarantee the notes on a senior unsecured basis to the extent and for so long as such entities guarantee our senior credit facility.
- Ranking: The notes will rank equally in right of payment with all of our existing and future unsecured senior indebtedness, senior in right of payment to any indebtedness that is expressly subordinated to the notes, and effectively subordinated in right of payment to our secured indebtedness to the extent of the value of the assets securing such indebtedness, including all borrowings under our senior credit facility.
- Optional Redemption: The notes may be redeemed, in whole or in part at a price equal to 100% of the principal amount thereof, together with accrued and unpaid interest to the redemption date, plus a "make-whole" premium.
- Escrow Arrangement/Special Mandatory Redemption: An amount equal to the aggregate public offering price of the notes will be placed in an escrow account. The escrowed funds will be released to fund a portion of the Crown Acquisition or the Alternate Crown Acquisition. If, however, the Membership Interest Purchase Agreement relating to the Crown Acquisition is terminated and the transactions contemplated thereby are abandoned or if neither the Crown Acquisition nor the Alternate Crown Acquisition has been consummated on or prior to December 30, 2013, all of the notes will be redeemed at a price equal to 100% of the aggregate public offering price thereof, together with accrued and unpaid interest (and, if applicable, the accreted portion of any original issue discount) to the date of the special mandatory redemption. We will not prefund interest or original issue discount that may accrete on the notes into the escrow account.
- Change of Control: If we experience specific kinds of changes of control, we must offer to repurchase all of the notes at 101% of their principal amount, plus accrued and unpaid interest, if any, to the repurchase date.

This investment involves risks. See "[Risk Factors](#)" beginning on page S-11.

PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights selected information about the Company and this offering. It does not contain all of the information that may be important to you in deciding whether to purchase notes. We encourage you to read the entire prospectus supplement, the accompanying prospectus and the documents that we have filed with the SEC that are incorporated by reference prior to deciding whether to purchase notes.

Constellation Brands, Inc.

We are the world's leading premium wine company with a leading market position in both of our primary markets, which are the United States (U.S.) and Canada. Our wine portfolio is complemented by select premium spirits brands and other select beverage alcohol products. We are also the leading marketer of imported beer in the U.S. through our investment in Crown Imports LLC, which we refer to below as Crown, a 50/50 joint venture with Grupo Modelo, S.A.B. de C.V., pursuant to which Grupo Modelo's Mexican beer portfolio is imported, marketed and sold by Crown in the U.S. As described below under "—Recent Developments—The Crown Acquisition," we signed a definitive agreement to acquire the remaining equity interest in Crown not already owned by us for approximately \$1.85 billion.

Since our founding in 1945 as a producer and marketer of wine products, we have grown through a combination of internal growth and acquisitions. Our internal growth has been driven by leveraging our existing portfolio of leading brands, developing new products, new packaging and line extensions, and focusing on the faster growing sectors of the beverage alcohol industry. We conduct our business through entities we wholly own as well as a variety of joint ventures with various other entities, both within and outside the U.S.

Corporate Information

Our principal executive offices are located at 207 High Point Drive, Building 100, Victor, New York 14564 and our telephone number is 585-678-7100. We maintain a website at www.cbrands.com. Our website and the information contained on that site, or connected to that site, are not incorporated into this prospectus, and you should not rely on any such information in making your decision whether to purchase the notes. We are a Delaware corporation that was incorporated on December 4, 1972, as the successor to a business founded in 1945. On September 19, 2000, we changed our name to Constellation Brands, Inc. from Canandaigua Brands, Inc.

Recent Developments

The Crown Acquisition

On June 28, 2012, we entered into a Membership Interest Purchase Agreement, which we refer to as the Membership Interest Purchase Agreement, to acquire the 50% equity interest in Crown not already owned by us, which we refer to as the Crown Acquisition. The consummation of the Crown Acquisition is conditioned on the consummation of the acquisition of Grupo Modelo by Anheuser-Busch InBev. Crown has the exclusive right to import, market and sell primarily Grupo Modelo's Mexican beer portfolio in the 50 states of the U.S., the District of Columbia and Guam. The Crown portfolio of brands includes Corona Extra, the best-selling imported beer and the sixth best-selling beer overall in the industry; Corona Light, the leading imported light beer; and Modelo Especial, the third largest and one of the fastest growing major imported beer brands. The pending acquisition of Crown will position the Company as the largest multi-category supplier of beverage alcohol in the U.S.

We currently expect to complete the Crown Acquisition, subject to satisfaction of limited closing conditions, in the first quarter of calendar 2013. We cannot guarantee, however, that the Crown Acquisition will be completed upon the agreed upon terms, or at all.

If we are unable to obtain financing sufficient to enable us to pay the purchase price for the entire 50% membership interest in Crown not already owned by us, then pursuant to the terms of the Membership Interest Purchase Agreement, we must purchase at least one-half of such 50% membership interest (the Alternate Crown Acquisition) for a pro-rated purchase price plus a fee of \$150.0 million payable to the seller.

An amount equal to the aggregate public offering price of the notes will be placed in an escrow account, which account will be pledged to the trustee for the benefit of the holders of the notes for so long as the proceeds remain in escrow. The escrowed funds will be used to fund a portion of the Crown Acquisition or the Alternate Crown Acquisition. If, however, the Membership Interest Purchase Agreement is terminated and the transactions contemplated thereby are abandoned or if neither the Crown Acquisition nor the Alternate Crown Acquisition has been consummated on or prior to December 30, 2013, we will be required to redeem all of the notes at a redemption price equal to 100% of their aggregate public offering price, plus accrued and unpaid interest (and, if applicable, the accreted portion of any original issue discount) to the date of the special mandatory redemption. See “Description of the Notes and the Guarantees—Escrow of Proceeds; Release Conditions” and “Description of the Notes and the Guarantees—Special Mandatory Redemption.”

Financing Arrangements for the Crown Acquisition

We expect the sources of permanent financing for the Crown Acquisition to consist of:

- the proceeds from the sale of the notes in this offering;
- a \$575.0 million incremental term loan under our senior credit facility; and
- borrowings under our revolving facility under our senior credit facility and/or cash on hand (however, as adjusted information in this prospectus supplement assumes a \$650.0 million borrowing under our revolving facility).

We are currently pursuing an amendment and restatement of our senior credit facility to establish a committed \$575.0 million delayed draw incremental term loan facility maturing in 2017 and amortizing in annual amounts of 5% to 10% prior to maturity to fund a portion of the Crown Acquisition. The terms of an amendment and restatement of our senior credit facility have not been finalized. Accordingly, there can be no assurance that we will enter into an amendment and restatement of our senior credit facility on the terms described above or at all. However, it is a condition to our obligation to issue the notes that prior to the issue date of the notes our senior credit facility is amended to permit the liens on the escrowed funds securing the notes.

To provide certainty of financing to fund the Crown Acquisition in the event the anticipated sources of funds for the Crown Acquisition are unavailable for any reason, we have entered into an interim loan agreement (or bridge facility) with affiliates of the underwriters. The bridge facility provides for aggregate credit facilities of \$1.875 billion. These loans may be borrowed, if at all, only in connection with the closing of the Crown Acquisition. We expect to borrow under the bridge facility only if any or all of the anticipated permanent financing is not available for any reason and we are unable to replace such anticipated financing with alternate financing or available cash resources.

Covenants	The indenture under which we will issue the notes contains covenants that, among other things, limit our ability under certain circumstances to create liens, enter into sale-leaseback transactions and engage in mergers, consolidations and sales of all or substantially all of our assets. - (a) Comparable Basis EBITDA, a measure used by management to evaluate operating performance, is defined as net income of the Company before provision for income taxes, interest expense, net, depreciation and amortization and certain other items, as further detailed in footnote (d) below. Comparable Basis EBITDA is not a recognized term under GAAP and does not purport to be an alternative to net income as a measure of operating performance or to cash flows from operating activities as a measure of liquidity. Additionally, Comparable Basis EBITDA is not intended to be a measure of free cash flow available for management's discretionary use, as it does not consider certain cash requirements such as interest payments, tax payments and other debt service requirements. Management believes Comparable Basis EBITDA is helpful to investors and our management in highlighting trends because Comparable Basis EBITDA excludes the results of decisions outside the control of operating management and that can differ significantly from company to company depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. Management compensates for the limitations of using non-GAAP financial measures by using them to supplement GAAP results to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone. Because not all companies use identical calculations, our presentation of Comparable Basis EBITDA may not be comparable to similarly titled measures of other companies.
- (b) Combined Comparable Basis EBITDA represents Comparable Basis EBITDA (as defined in footnote (a) above) minus equity in earnings of Crown plus operating income and depreciation and amortization of Crown, in each case, for the applicable period. Combined Comparable Basis EBITDA is a non-GAAP financial measure. See footnote (a) above.
- (c) Represents the Company's historical debt balance as of May 31, 2012 increased by the amount of additional debt assumed to be incurred to finance the Crown Acquisition. See "Capitalization."
- (d) The table below provides reconciliations of Comparable Basis EBITDA and Combined Comparable Basis EBITDA, which are non-GAAP financial measures, to GAAP net income for the periods presented in the table below. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP.

RISK FACTORS

You should carefully consider the risks described below and in our documents filed with the SEC and incorporated by reference herein, as well as other information included in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference in this prospectus supplement and the accompanying prospectus before buying any of the notes.

Risks Relating to The Company

You should carefully consider the risk factors and other cautionary statements included in our annual report on Form 10-K for the fiscal year ended February 29, 2012, in our quarterly report on Form 10-Q for the fiscal quarter ended May 31, 2012 and in other documents filed with the SEC and incorporated by reference herein.

Risks Relating to The Notes

The notes are unsecured and will be effectively subordinated to our secured debt to the extent of the value of the assets securing such debt.

From and after the release of the proceeds of the notes from the escrow account, the notes will not be secured by any of our assets. As of May 31, 2012, as adjusted to give effect to the issuance of the notes and the incurrence of additional senior secured financing in the aggregate amount of approximately \$1.2 billion in connection with the Crown Acquisition, we would have had approximately \$2.1 billion of secured debt (excluding the security interest in the proceeds of the sale of the notes held in escrow) and approximately \$160.4 million of unused commitments (taking into account issued and outstanding revolving letters of credit of approximately \$13.4 million and after giving effect to \$650.0 million of assumed borrowings under the revolving facility to fund a portion of the Crown Acquisition) under our revolving credit facility. Our obligations under our senior credit facility are currently secured by a pledge of (i) 100% of the ownership interests of certain of our U.S. subsidiaries and (ii) 55-65% of certain interests of certain of our foreign subsidiaries. In addition, the indenture governing the notes will permit us and our subsidiaries to incur certain additional debt that is secured by liens on our assets without equally and ratably securing the notes. If the Company becomes insolvent or is liquidated, or if payment under our secured debt is accelerated, the holders of our secured debt would be entitled to exercise the remedies available to a secured lender under applicable law and pursuant to the agreement governing such debt. In any such event, because the notes will not be secured by any of our assets, it is possible that there would be no assets remaining from which claims of the holders of the notes could be satisfied following repayment of our secured debt or, if any such assets remained, such assets might be insufficient to satisfy such claims fully.

Our ability to make payments on the notes depends on our ability to receive dividends from our subsidiaries, and not all of our subsidiaries are guarantors of the notes. The notes will be structurally subordinated to all indebtedness and other liabilities of our subsidiaries that do not guarantee the notes.

We are a holding company and conduct almost all of our operations through our subsidiaries. As of May 31, 2012, approximately 84% of our tangible assets were held by our subsidiaries. The ownership interests of our subsidiaries represent substantially all the assets of the holding company. Accordingly, we are dependent on the cash flows of our subsidiaries to meet our obligations, including the payment of the principal and interest on the notes. See "Description of the Notes and the Guarantees."

The notes will be guaranteed, jointly and severally, by our subsidiaries that guarantee our senior credit facility. Holders of the notes will not have a direct claim on assets of subsidiaries that do not guarantee the notes and the notes will be structurally subordinated to all indebtedness and liabilities of our subsidiaries that do not guarantee the notes. For the three months ended May 31, 2012, approximately \$127.7 million of our net sales were from our subsidiaries that are not guarantors of the notes. As of May 31, 2012, our non-guarantor subsidiaries had approximately \$398.8 million of liabilities.

Table of Contents

The subsidiary guarantees may be subject to challenge under fraudulent transfer laws.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a court could subordinate or void any guarantee if it found that the guarantee was incurred with actual intent to hinder, delay or defraud creditors or the guarantor did not receive fair consideration or reasonably equivalent value for the guarantee and the guarantor was any of the following: (i) insolvent or was rendered insolvent because of the guarantee; (ii) engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or (iii) intending to incur, or believed that it would incur, debts beyond its ability to pay at maturity. To the extent any guarantee were to be voided as a fraudulent conveyance or held unenforceable for any other reason, holders of the notes would cease to have any claim in respect of such guarantor and would be creditors solely of us and any guarantor whose guarantee was not voided or held unenforceable. In such event, the claims of the holders of the notes against the issuer of an invalid guarantee would be subject to the prior payment of all liabilities of such guarantor. There can be no assurance that, after providing for all prior claims, there would be sufficient assets to satisfy the claims of the holders of the notes relating to any voided guarantee.

In the event of a special mandatory redemption, holders of the notes may not obtain their expected return on the notes.

If we redeem the notes pursuant to the special mandatory redemption provisions, you may not obtain your expected return on the notes and may not be able to reinvest the proceeds from such special mandatory redemption in an investment that results in a comparable return. In addition, as a result of the special mandatory redemption provisions of the notes, the trading prices of the notes between the date of issuance and the consummation of the Crown Acquisition or Alternate Crown Acquisition may not reflect the financial results of our business or macroeconomic factors and may be limited based on the special mandatory redemption price. You will have no rights under the special mandatory redemption provisions if the Crown Acquisition closes, nor will you have any right to require us to repurchase your notes if, between the closing of this offering and the closing of the Crown Acquisition or Alternate Crown Acquisition, we experience any changes (including any material changes) in our business or financial condition, or if the terms of the Membership Interest Purchase Agreement change in any way that is not materially adverse to the holders of the notes.

There is no public market for the notes, an active trading market for the notes may not develop and the market price of the notes may be lower than the offering price.

The notes will constitute a new issue of securities with no established trading market, and there can be no assurance as to (i) the liquidity of any such market that may develop, (ii) the ability of holders of notes to sell their notes or (iii) the price at which the holders of notes would be able to sell their notes. If such a market were to exist, the notes could trade at prices that may be higher or lower than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar notes and our financial performance. We have been advised by the underwriters that, following completion of this offering, the underwriters presently intend to make a market in the notes. However, the underwriters are not obligated to do so, and any market-making activity with respect to the notes may be discontinued at any time without notice. In addition, such market-making activity will be subject to the limits imposed by the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. There can be no assurance that an active trading market will exist for the notes.

The subsidiary guarantees may be limited in duration.

Each subsidiary guarantor will guarantee our obligations under the notes only for so long as each subsidiary guarantor is a guarantor under our senior credit facility. If any or all of the subsidiary guarantees are released or terminated or no longer required under our senior credit facility, such subsidiary guarantee(s) will be released under the indenture. The indenture does not contain any covenants that materially restrict our ability to sell, transfer or otherwise dispose of our assets, including the ownership interests of our subsidiaries, or the assets of any of our subsidiaries, except as described under the caption “Description of Debt Securities—Consolidation, Merger, Sale or Conveyance” in the accompanying prospectus.

[Table of Contents](#)

We may not be able to repurchase the notes upon a change of control.

Upon the occurrence of specific kinds of change of control events, each holder of notes will have the right to require us to repurchase all or any part of such holder's notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the repurchase date. Our senior credit facility currently also provides that certain change of control events constitute a default. Any future credit agreement or other agreements relating to indebtedness to which we become a party may contain similar provisions. If we experience a change of control that triggers a default under our senior credit facility, such default could result in amounts outstanding under our senior credit facility being declared due and payable. We would be prohibited from purchasing the notes unless, and until, such time as our indebtedness under our senior credit facility was repaid in full. There can be no assurance that either we or our subsidiary guarantors would have sufficient financial resources available to satisfy all of our or their obligations under our senior credit facility and these notes in the event of a change of control. Our failure to purchase the notes as required under the indenture governing the notes would result in a default under the indenture, which could have material adverse consequences for us and the holders of the notes. See "Description of the Notes and the Guarantees—Repurchase at the Option of Holders Upon a Change of Control."

If a bankruptcy or reorganization case is commenced, bankruptcy laws may delay or prevent the escrow agent from releasing the escrowed funds.

If we or any of our subsidiaries commence a bankruptcy or reorganization case, or one is commenced against us, the applicable bankruptcy laws may delay or prevent the trustee under the indenture governing the notes from foreclosing on, and the escrow agent from releasing, the escrowed funds. Under the applicable bankruptcy laws, secured creditors, such as the trustee on behalf of the holders of the notes, are prohibited from foreclosing upon or disposing of a debtor's property without prior bankruptcy court approval.

USE OF PROCEEDS

We estimate that the net proceeds from the sale of the notes will be approximately \$641.0 million (after deducting underwriter discounts and commissions and estimated offering expenses). We intend to use the net proceeds from this offering to pay a portion of the Crown Acquisition or the Alternate Crown Acquisition purchase price. Pending such use, an amount equal to the aggregate public offering price of the notes will be placed in an escrow account, which account will be pledged to the trustee for the benefit of the holders of the notes for so long as the proceeds remain in escrow. If the Membership Interest Purchase Agreement is terminated and the transactions contemplated thereby are abandoned or if neither the Crown Acquisition nor the Alternate Crown Acquisition has been consummated on or prior to December 30, 2013, the funds in the escrow account will be used toward redemption of all of the notes at a redemption price equal to 100% of their aggregate public offering price, plus accrued and unpaid interest (and, if applicable, the accreted portion of any original issue discount) to the date of the special mandatory redemption. See “Description of the Notes and the Guarantees—Escrow of Proceeds; Release Conditions” and “Description of the Notes and the Guarantees—Special Mandatory Redemption.”

DESCRIPTION OF THE NOTES AND THE GUARANTEES

The following discussion of the terms of the notes supplements the description of the general terms and provisions of the debt securities contained in the accompanying prospectus and identifies any general terms and provisions described in the accompanying prospectus that will not apply to the notes.

Unless the context requires otherwise, references in this section to “we,” “us,” “our” and the “Company” refer to Constellation Brands, Inc. only and not to its subsidiaries. Unless otherwise defined herein, capitalized terms used in the description below have the definitions given to them under “Certain Definitions” below.

General

The notes will be issued under an indenture and supplemental indenture thereto, together referred to below as the indenture, among us, Manufacturers and Traders Trust Company, and the guarantors named therein. You should read the accompanying prospectus for a general discussion of the terms and provisions of the indenture.

The indenture does not limit the amount of notes, debentures or other evidences of indebtedness that we may issue thereunder and provides that notes, debentures or other evidences of indebtedness may be issued from time to time thereunder in one or more series. We are initially offering the notes in the principal amount of \$650,000,000. At any time following the consummation of the Crown Acquisition or Alternate Crown Acquisition, we may, without the consent of the holders, issue additional notes (which are referred to as such below) and thereby increase that principal amount in the future, on the same terms and conditions and with the same CUSIP number as the notes we offer by this prospectus supplement.

The notes will mature on March 1, 2023 and will bear interest at a rate of % per year. Interest on the notes will accrue from , 2012 or from the most recent interest payment date to which interest has been paid or duly provided for. We will pay interest on the notes semi-annually on March 1 and September 1 of each year, beginning March 1, 2013. In each case, we:

- will pay interest to the person in whose name a note is registered at the close of business on the February 15 or August 15 preceding the interest payment date;
- will compute interest on the basis of a 360-day year consisting of twelve 30-day months;
- will make payments on the notes at the offices of the trustee; and
- may make payments by wire transfer for notes held in book-entry form or by check mailed to the address of the person entitled to the payment as it appears in the note register.

If any interest payment date or maturity or redemption date falls on a day that is not a business day, the required payment shall be made on the next business day as if it were made on the date such payment was due and no interest shall accrue on the amount so payable from and after such interest payment date or maturity or redemption date, as the case may be, to such next business day. “Business day” means any day that is not a day on which banking institutions in The City of New York are authorized or required by law or by executive order issued by a governmental authority or agency regulating such banking institutions, to close.

We will issue the notes only in fully registered form, without coupons, in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

Escrow of Proceeds; Release Conditions

This offering will be consummated prior to the consummation of the Crown Acquisition or, if applicable, the Alternate Crown Acquisition. Concurrently with the closing of this offering, we will enter into an escrow agreement (the “*Escrow Agreement*”) with the trustee and Manufacturers Traders and Trust Company, as escrow

Table of Contents

agent (in such capacity, the “*Escrow Agent*”). Pursuant to the Escrow Agreement, we will deposit an amount of cash equal to the aggregate public offering price of the notes with the Escrow Agent (collectively, with any other property from time to time held by the Escrow Agent, the “*Escrowed Property*”), for deposit into the Escrow Account. We will not prefund interest or original issue discount that may accrete on the notes during the pendency of the Escrow Agreement. We will grant the trustee, for the benefit of the holders of the notes, a security interest in the Escrow Account and the Escrowed Property to secure our obligations under the notes pending disbursement as described below. The Escrowed Property will be required to be invested in cash or certain U.S. dollar denominated short term investments pursuant to the Escrow Agreement.

In order to cause the Escrow Agent to release the Escrowed Property to us (the “*Release*”), we must deliver to the Escrow Agent and the trustee an officer’s certificate certifying that the closing of the Crown Acquisition or the Alternate Crown Acquisition is expected to occur in accordance with the terms of the Membership Interest Purchase Agreement (and without any amendment, waiver or modification thereof that is materially adverse to the holders of the notes) within five business days following the date of such officer’s certificate and we have received or waived the notice contemplated by the Membership Interest Purchase Agreement of the anticipated closing date of the acquisition of Grupo Modelo by Anheuser-Busch InBev. In the event that the Crown Acquisition or Alternate Crown Acquisition is not actually consummated within seven business days following a Release, we will be required to redeposit all Escrowed Property with the Escrow Agent (subject to our right to cause a subsequent Release in accordance with the foregoing requirements).

Subsidiary Guarantees

Our obligations under the indenture and the notes, including the payment of principal of, and premium, if any, and interest on, the notes, will be fully and unconditionally guaranteed by the subsidiaries that are guarantors under our senior credit facility, provided that the guarantee of a subsidiary guarantor will be released to the extent such subsidiary guarantor is released as a guarantor under our senior credit facility or the facility (or a successor thereto) is amended, refinanced, extended, substituted, replaced or renewed without such subsidiary guarantor being a guarantor of the indebtedness thereunder, or if our senior credit facility is otherwise terminated or the requirements for legal or covenant defeasance or to discharge the indenture have been met.

The subsidiary guarantors’ guarantees will be joint and several obligations.

The guarantees will be senior unsecured obligations of each subsidiary guarantor and will rank equally with all of the other senior unsecured obligations of the subsidiary guarantor. Each guarantee will be effectively subordinated to any secured obligations of the subsidiary guarantors. The obligations of each subsidiary guarantor under its guarantee will provide that it be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law.

If a guarantee were rendered voidable, it could be subordinated by a court to all other liabilities and obligations (including guarantees and other contingent liabilities) of the applicable subsidiary guarantor, and depending on the amount of such liabilities and obligations, a subsidiary guarantor’s liability on its guarantee could be reduced to zero.

The indenture will not contain any restrictions on the ability of any subsidiary guarantor to (i) pay dividends or distributions on, or redeem, purchase, acquire, or make a liquidation payment with respect to, any of that subsidiary guarantor’s ownership interests, (ii) make any payment of principal, premium, if any, or interest on or repay, repurchase or redeem any debt securities of that subsidiary guarantor or (iii) consolidate with, merge with or into, or transfer all or substantially all of its assets to another person or entity. If a subsidiary guarantor is merged or consolidated with or into another person that is the surviving company in that merger or consolidation and (a) the surviving company becomes a guarantor under our senior credit facility, then the indenture will

Table of Contents

require that the surviving company expressly assume the obligations of the subsidiary guarantor under its guarantee or (b) the surviving company is not a guarantor under our senior credit facility and we deliver an officer's certificate to the trustee to that effect, then the surviving company will be released from any obligations under the guarantee of the subsidiary which was so merged or consolidated.

Ranking

Except as described above under “—Escrow of Proceeds; Release Conditions,” the notes will be our senior unsecured obligations and will rank equally with all of our other senior unsecured indebtedness and will be effectively subordinated to the indebtedness outstanding under our senior credit facility from time to time and any other secured debt we may incur. The notes will be fully and unconditionally guaranteed on a senior basis, jointly and severally, by the subsidiaries that are guarantors under our senior credit facility, subject to the release provisions described above. Each guarantee will be effectively subordinated to any secured obligations of the subsidiary guarantors to the extent of the value of the assets securing such debt. These subsidiary guarantors also guarantee our obligations under our senior credit facility. Our senior credit facility is currently secured by a pledge of the ownership interests of certain of our subsidiaries and by certain intercompany debt subject to certain tax exclusions. The notes will also be structurally subordinated to all indebtedness and other liabilities of our subsidiaries that do not guarantee the notes.

We are a holding company and conduct almost all of our operations through our subsidiaries. Consequently, our ability to pay our obligations, including our obligation to pay interest on the notes and to repay the principal amount of the notes at maturity, upon redemption, upon acceleration or otherwise will depend upon our subsidiaries' earnings and advances or loans made by them to us (and potentially dividends or distributions made by them to us). Our subsidiaries are separate and distinct legal entities and, except for the subsidiary guarantors' obligations under the subsidiary guarantees, have no obligation, contingent or otherwise, to pay any amounts due on the notes or to make funds available to us to do so. Our subsidiaries' ability to make advances or loans to us or to pay dividends or make other distributions to us will depend upon their operating results and will be subject to applicable laws and contractual restrictions, if any. The indenture will not limit our subsidiaries' ability to enter into other agreements that prohibit or restrict dividends or other payments or advances to us. Except with respect to the covenants described below under “—Limitation upon Liens” and “—Limitation on Sale and Leaseback Transactions”, the indenture does not restrict or limit the ability of any subsidiary to incur, create, assume or guarantee indebtedness or encumber its assets or properties. As of May 31, 2012, as adjusted to give effect to the issuance of the notes and the incurrence of additional senior secured financing in the aggregate amount of approximately \$1.2 billion in connection with the Crown Acquisition, we would have had approximately (i) \$5.3 billion aggregate principal amount of senior indebtedness outstanding, of which approximately \$2.1 billion was secured (excluding the security interest in the proceeds of the sale of the notes held in escrow) and (ii) \$160.4 million of unused commitments (taking into account issued and outstanding revolving letters of credit of approximately \$13.4 million and after giving effect to \$650.0 million of assumed borrowings under our revolving facility to fund a portion of the Crown Acquisition) under our revolving credit facility.

Special Mandatory Redemption

If (i) on December 30, 2013 (the “*Outside Date*”) neither the Crown Acquisition nor the Alternate Crown Acquisition has been consummated or (ii) at any time prior to the consummation of the Crown Acquisition or the Alternate Crown Acquisition and the *Outside Date*, we deliver an officer's certificate to the Escrow Agent stating that we have elected not to consummate the Crown Acquisition or the Alternate Crown Acquisition or that we have determined that the conditions required for Release cannot be satisfied, then the Escrow Agreement shall terminate on such date (the “*Escrow Termination Date*”). On the Business Day following the Escrow Termination Date (the “*Special Mandatory Redemption Date*”), the Escrow Agent shall distribute all Escrowed Property to the trustee and we will be required to fund any additional amounts to the trustee necessary to fund the redemption described below. The trustee shall apply the amounts so received pursuant to the previous sentence to

Table of Contents

redeem all outstanding notes at a redemption price equal to the public offering price of the notes as set forth on the cover page of this prospectus supplement, plus accrued and unpaid interest and, if applicable, accretion of any original issue discount on the notes (calculated assuming such original issue discount is amortized over the full term of the notes and compounded on each interest payment date), if any, to, but excluding, the Special Mandatory Redemption Date. The Trustee will pay to us any Escrowed Property, if any, remaining after redemption of the notes and payment of its fees and expenses.

Optional Redemption

We may redeem the notes in whole or in part at any time or in part from time to time, at our option, at a redemption price equal to the greater of

- 100% of the principal amount of the notes to be redeemed; and
- the sum of the present values of the remaining scheduled payments of principal and interest (excluding interest accrued to the redemption date) on the notes discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Rate plus 50 basis points,

plus, in each case, accrued and unpaid interest on the principal amount being redeemed to the redemption date.

“*Treasury Rate*” means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the remaining life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield-to-maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate will be calculated on the third Business Day preceding the redemption date.

“*Comparable Treasury Issue*” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the notes to be redeemed.

“*Comparable Treasury Price*” means (1) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

“*Independent Investment Banker*” means any of Merrill Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC, Rabo Securities USA, Inc., Barclays Capital Inc. or Wells Fargo Securities, LLC and their successors, or, if Merrill Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC, Rabo Securities USA, Inc., Barclays Capital Inc. or Wells Fargo Securities, LLC are unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the trustee after consultation with us.

“*Reference Treasury Dealer*” means any of (1) Merrill Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC, Rabo Securities USA, Inc., Barclays Capital Inc. or Wells Fargo Securities, LLC, or

Table of Contents

their successors; *provided, however*, that if Merrill Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC, Rabo Securities USA, Inc., Barclays Capital Inc. or Wells Fargo Securities, LLC shall cease to be a primary U.S. Government securities dealer in New York City, which we refer to as a “Primary Treasury Dealer”, we will substitute another Primary Treasury Dealer and (2) any one other Primary Treasury Dealer selected by the Independent Investment Banker after consultation with us.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third Business Day preceding such redemption date.

Holders of notes to be redeemed will be sent a redemption notice by first-class mail at least 30 and not more than 60 days before the date fixed for redemption. If fewer than all of the notes are to be redeemed, the trustee will select, not more than 60 days and not less than 30 days before the redemption date, the particular notes or portions of the notes for redemption from the outstanding notes not previously called by lot. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions of the notes called for redemption.

Repurchase at the Option of Holders Upon a Change of Control

Upon the occurrence of a Change of Control, each holder of notes will have the right to require us to repurchase all or any part of such holder’s notes (except that no note will be purchased in part if the remaining principal amount of such note would be less than \$2,000) pursuant to the offer described below (the “*Change of Control Offer*”) at a purchase price (the “*Change of Control Purchase Price*”) equal to 101% of the principal amount of the notes to be repurchased, plus accrued and unpaid interest to, but excluding, the repurchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Within 30 days following any Change of Control, we will:

- (a) cause a notice of the Change of Control Offer to be sent at least once to the Dow Jones News Service or similar business news service in the United States; and
- (b) send, by first-class mail, with a copy to the trustee, to each holder of notes, at such holder’s address appearing in the security register, a notice stating:
 - (1) that a Change of Control has occurred and a Change of Control Offer is being made pursuant to the covenant entitled “Repurchase at the Option of Holders Upon a Change of Control” and that all notes timely tendered will be accepted for payment;
 - (2) the Change of Control Purchase Price and the repurchase date, which will be, subject to any contrary requirements of applicable law, a business day no earlier than 30 days nor later than 60 days from the date the notice is mailed;
 - (3) the circumstances and relevant facts regarding the Change of Control (including information with respect to our *pro forma* consolidated historical income, cash flow and capitalization after giving effect to the Change of Control); and
 - (4) the procedures that holders of notes must follow in order to tender their notes (or portions thereof) for payment, and the procedures that holders of notes must follow in order to withdraw an election to tender notes (or portions thereof) for payment.

We will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the

Table of Contents

requirements set forth in the indenture applicable to a Change of Control Offer made by us and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Securities Exchange Act of 1934, as amended (the *'Exchange Act'*), and any other securities laws or regulations in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under this covenant by virtue of this compliance.

We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we would decide to do so in the future. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control, but that could increase the amount of debt outstanding at such time or otherwise affect our capital structure or credit ratings.

The definition of Change of Control includes a phrase relating to the sale, transfer, assignment, lease, conveyance or other disposition of "all or substantially all" of our property. Although there is a developing body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, if we and our subsidiaries, considered as a whole, dispose of less than all of our property by any of the means described above, the ability of a holder of notes to require us to repurchase its notes may be uncertain. In such a case, holders of the notes may not be able to resolve this uncertainty without resorting to legal action.

Sinking Fund

The notes will not have the benefit of any sinking fund.

Reports to the Trustee

We are required to provide the trustee with an officers' certificate each fiscal year stating that we reviewed our activities during the preceding fiscal year and that, after reasonable investigation and inquiry by the certifying officers, we are in compliance with the requirements of the indenture and that no default exists or, if we know of a default, we must identify it.

Limitation Upon Liens

The indenture provides that, so long as any of the notes remain outstanding, we will not and will not permit any Subsidiary to issue, assume or guarantee any Funded Debt that is secured by a mortgage, pledge, security interest or other lien or encumbrance (a "*lien*") upon or with respect to any Principal Property or on the Capital Stock of any Subsidiary that owns a Principal Property unless:

- we secure the notes equally and ratably with (or prior to) any and all Funded Debt secured by that lien, or
- in the case of Funded Debt other than Capital Markets Debt, immediately after giving effect to the granting of any such lien and the incurrence of any Funded Debt in connection therewith, the Company's Consolidated Fixed Charge Coverage Ratio would be greater than 2.0 to 1.0.

The above limitation will not apply to some types of permitted liens. These permitted liens include:

- liens existing as of the date of the issuance of the notes (excluding liens securing our senior credit facility);
- liens securing our senior credit facility in an amount not to exceed the maximum amount permitted to be outstanding under our existing senior credit facility (including the incremental facilities contemplated thereunder);

Table of Contents

- liens on property or assets of, or any shares of stock securing Funded Debt of, any corporation or other Person existing at the time such corporation or other Person becomes a Subsidiary;
- liens on property, assets or shares of stock securing Funded Debt existing at the time of an acquisition, including an acquisition through merger or consolidation, and liens to secure Funded Debt incurred prior to, at the time of or within 180 days after the later of the completion of the acquisition, or the completion of the construction and commencement of the operation of any such property, for the purpose of financing all or any part of the purchase price or construction cost of that property;
- liens to secure specified types of development, operation, construction, alteration, repair or improvement costs;
- liens in favor of, or which secure Funded Debt owing to, the Company or a Subsidiary;
- liens in connection with government contracts, including the assignment of moneys due or to come due on those contracts;
- certain types of liens in connection with legal proceedings;
- certain types of liens arising in the ordinary course of business and not in connection with the borrowing of money such as mechanics', materialmen's, carriers' or other similar liens;
- liens on property securing obligations issued by a domestic governmental issuer to finance the cost of an acquisition or construction of that property; and
- extensions, substitutions, replacements, refinancings or renewals (or successive extensions, substitutions, replacements, refinancings or renewals), in whole or in part, of the foregoing or of Funded Debt secured in reliance on the second bullet point under the first paragraph above, in each case, if the principal amount of the Funded Debt secured thereby is not increased and is not secured by any additional assets.

Limitation on Sale and Leaseback Transactions

The indenture provides that, so long as any of the notes remain outstanding, neither we nor any Subsidiary may enter into any arrangement with any Person (other than ourselves or any Subsidiary) where we or a Subsidiary agree to lease any Principal Property which has been or is to be sold or transferred more than 120 days after the later of (i) such Principal Property having been acquired by us or a Subsidiary and (ii) completion of construction and commencement of full operation thereof, by us or a Subsidiary to that person (a "*Sale and Leaseback Transaction*"). Sale and Leaseback Transactions with respect to facilities financed with specified tax exempt securities are excepted from the definition. This covenant does not apply to leases of a Principal Property for a term of less than three years.

This limitation also does not apply to any Sale and Leaseback Transaction if:

- the net proceeds to the Company or a Subsidiary from the sale or transfer equal or exceed the fair value, as determined by our Board of Directors, of the Principal Property so leased,
- immediately after giving effect to such Sale and Leaseback Transaction, the Company's Consolidated Fixed Charge Coverage Ratio would be greater than 2.0 to 1.0, or
- we, within 120 days after the effective date of the Sale and Leaseback Transaction, apply an amount equal to the fair value as determined by the Company's Board of Directors of the Principal Property so leased to:
 - the prepayment or retirement of our Funded Debt, which may include the notes; or
 - the acquisition of additional real property.

Events of Default

The events of default applicable to the notes will consist of the following:

- failure to pay the principal of, or premium, if any, on any of the notes when due and payable (whether at maturity, by call for redemption, by declaration of acceleration or otherwise);

Table of Contents

- failure to make a payment of any interest on any note when due and payable, which failure shall have continued for a period of 30 days;
- our, or any subsidiary guarantor's, failure to perform or observe any other covenants or agreements in the indenture or in the notes which failure shall have continued for a period of at least 90 days after written notice to us or the guarantors, as the case may be, by the trustee or to us and the trustee from the holders of not less than 25% of the aggregate principal amount of the then outstanding notes *provided*, that, notwithstanding the foregoing, in no event shall an event of default with respect to any failure by us to comply with the reporting provisions of the indenture or any failure by us to comply with the requirements of Section 314(a)(1) of the Trust Indenture Act (which relates to the provision of reports) be deemed to have occurred unless (x) such report is past due hereunder by at least 180 days and (y) such failure to comply has not been cured or waived prior to the 90th day after written notice to us by the trustee or to us and the trustee from the holders of not less than 25% of the aggregate principal amount of the then outstanding notes;
- failure to make any payment after the maturity of any indebtedness of ours with an aggregate principal amount in excess of \$100.0 million or the acceleration of indebtedness of ours with an aggregate principal amount in excess of \$100.0 million as a result of a default with respect to such indebtedness, and such indebtedness, in either case, is not discharged or such acceleration is not cured, waived, rescinded or annulled within a period of 30 days after we receive written notice;
- certain events of bankruptcy, insolvency or reorganization of us; or
- any guarantee of the notes of a subsidiary guarantor that is a significant subsidiary shall for any reason cease to be, or be asserted in writing by any subsidiary guarantor thereof or us not to be, in full force and effect, and enforceable in accordance with its terms except as provided in the indenture.

Modification of the Indenture

The indenture contains provisions permitting us, the subsidiary guarantors and the trustee to amend or supplement the indenture or the notes with the consent of the holders of a majority in principal amount of the notes then outstanding. If any additional notes are issued under the indenture, such notes would constitute part of the same "series" of debt securities as the notes offered hereby and would be included in determining whether the holders of the requisite percentage of notes had provided any instruction or consented to any amendment. However, any debt securities (other than additional notes) that may be issued under the indenture will not vote together with the notes and any additional notes that we issue. In any event, no amendment or supplement may, among other things, (a) extend the final maturity of any note, or reduce the rate or extend the time of payment of any interest on any note, or reduce the principal amount of any note, premium on any note, or reduce any amount payable upon any redemption of any note, or (b) reduce the percentage of principal amount of the notes that is required to approve an amendment or supplement to the indenture, without the consent of the holder of each note so affected.

Legal Defeasance

We may be discharged from any and all obligations in respect of the notes (except for certain obligations to register the transfer or exchange of notes, to replace stolen, destroyed, lost or mutilated notes, to maintain paying agencies, to compensate and indemnify the trustee and to furnish the trustee with the names and addresses of holders of notes), which we refer to as "*defeasance*," if:

- we irrevocably deposit with the trustee, in trust, cash and/or securities of the United States government, or securities of agencies of the United States government backed by the full faith and credit of the United States government, in an amount certified by a nationally recognized firm of independent public accountants to be sufficient to pay the principal of and interest on the notes on the applicable due dates for those payments in accordance with the terms of the notes;

Table of Contents

- we deliver to the trustee either (i) an opinion of counsel, based on a ruling of the United States Internal Revenue Service (unless there has been a change in the applicable United States federal income tax law), to the effect that the holders of the notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the defeasance had not occurred or (ii) a ruling of the United States Internal Revenue Service directed to the trustee to the same effect as set forth in clause (i) above;
- immediately after giving effect to the deposit specified in the first bullet point, on a pro forma basis, no event of default with respect to the notes shall have occurred and be continuing on the date of deposit or, with respect to defaults occurring upon certain events of bankruptcy, insolvency or reorganization relating to us, at any time during the period ending on the 91st day after the date of the deposit; and
- we deliver to the trustee an officers' certificate and an opinion of counsel each stating that we have complied with all of the above requirements.

Defeasance of Certain Obligations

We may omit to comply with certain covenants with respect to the notes, and any such omission will not constitute an event of default with respect to the notes, which we refer to as “*covenant defeasance*,” if:

- we irrevocably deposit with the trustee, in trust, cash and/or securities of the United States government, or securities of agencies of the United States government backed by the full faith and credit of the United States government, in an amount certified by a nationally recognized firm of independent public accountants to be sufficient to pay the principal of and interest on the notes on the applicable due dates for those payments in accordance with the terms of the notes;
- we deliver to the trustee an opinion of counsel to the effect that the holders of the notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred;
- immediately after giving effect to the deposit specified in the first bullet point, on a pro forma basis, no event of default with respect to the notes shall have occurred and be continuing on the date of the deposit or, with respect to defaults occurring upon certain events of bankruptcy, insolvency or reorganization relating to us, at any time during the period ending on the 91st day after the date of the deposit;
- if the notes are then listed on a national securities exchange, we deliver to the trustee an opinion of counsel to the effect that the notes will not be delisted as a result of such covenant defeasance; and
- we deliver to the trustee an officers' certificate and an opinion of counsel each stating that we have complied with all of the above requirements.

If we exercise our option to effect a defeasance or covenant defeasance with respect to the notes, as described above, and the trustee or paying agent is unable to apply any money or securities that we have deposited because of any legal proceeding or any order or judgment of any court or governmental authority, in each case our obligations under the indenture and the notes will be revived and reinstated.

Global Notes; Book-Entry System

Global Notes

The notes will be issued initially in book-entry form and will be represented by one or more global notes in fully registered form without interest coupons which will be deposited with the trustee as custodian for The Depository Trust Company, which we refer to as “DTC”, and registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. If, however, the aggregate principal amount of any issue exceeds \$500.0 million, one certificate will be issued with respect to each \$500.0 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the securities; DTC’s records reflect only the identity of the direct participants to whose accounts such securities are credited, which may or may not be the beneficial owners. Direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers. Except as set forth below, the global notes may be transferred, in whole and not in part, only to DTC or another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global notes may not be exchanged for certificated notes except in the limited circumstances described below.

All interests in the global notes will be subject to the rules and procedures of DTC.

Certain Book-Entry Procedures for the Global Notes

The descriptions of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. Neither we nor the underwriters takes any responsibility for these operations or procedures, and investors are urged to contact DTC or its participants directly to discuss these matters.

DTC has advised us that it is:

- a limited-purpose trust company organized under the laws of the State of New York;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code, as amended; and
- a “clearing agency” registered pursuant to Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes to the accounts of its participants, thereby eliminating the need for physical transfer and delivery of securities certificates. DTC’s participants include securities brokers and dealers (including one or more of the underwriters), banks and trust companies, clearing corporations and certain other organizations. Indirect access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies, which we refer to collectively as the “indirect participants,” that clear through or maintain a custodial relationship with a participant either directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants. DTC is a wholly-owned subsidiary of The Depository Trust &

Table of Contents

Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with participants or indirect participants.

We expect that, pursuant to procedures established by DTC:

- upon deposit of each global note, DTC will credit, on its book-entry registration and transfer system, the accounts of participants designated by the underwriters with an interest in the global note; and
- ownership of beneficial interests in the global notes will be shown on, and the transfer of ownership of beneficial interests in the global notes will be effected only through, records maintained by DTC (with respect to the interests of participants) and the participants and the indirect participants (with respect to the interests of persons other than participants).

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer beneficial interests in the notes represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person holding a beneficial interest in a global note to pledge or transfer that interest to persons or entities that do not participate in DTC’s system, or to otherwise take actions in respect of that interest, may be affected by the lack of a physical security in respect of that interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee, as the case may be, will be considered the sole legal owner or holder of the notes represented by that global note for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in a global note will not be entitled to have the notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders of the notes represented by that beneficial interest under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Owners of beneficial interests in a global note will not receive written confirmation from DTC of their purchase. Owners of beneficial interests in a global note are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the owner of beneficial interests in a global note entered into the transaction. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a participant or an indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the indenture or that global note. We understand that under existing industry practice, in the event that we request any action of holders of notes, or a holder that is an owner of a beneficial interest in a global note desires to take any action that DTC, as the holder of that global note, is entitled to take, DTC would authorize the participants to take that action and the participants would authorize holders owning through those participants to take that action or would otherwise act upon the instruction of those holders. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC or for maintaining, supervising or reviewing any records of DTC relating to the notes.

Payments with respect to the principal of and interest on a global note will be payable by the trustee to or at the direction of DTC or its nominee in its capacity as the registered holder of the global note under the indenture. Under the terms of the indenture, we and the trustee shall treat the persons in whose names the notes, including the global notes, are registered as the owners thereof for the purpose of receiving payment thereon and for any and all other purposes whatsoever. Accordingly, neither we nor the trustee has or will have any responsibility or liability for the payment of those amounts to owners of beneficial interests in a global note. Payments by the participants and the indirect participants to the owners of beneficial interests in a global note will be governed by

Table of Contents

standing instructions and customary industry practice and will be the responsibility of the participants and indirect participants and not of DTC.

Transfers between participants in DTC will be effected in accordance with DTC's procedures and will be settled in same-day funds.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to holders owning beneficial interests in a global note will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the global notes among participants in DTC, it is under no obligation to perform or to continue to perform those procedures, and those procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

We obtained the information in this section and elsewhere in this prospectus supplement concerning DTC and its book-entry system from sources that we believe are reliable, but we take no responsibility for the accuracy of any of this information.

Certificated Notes

We will issue certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by the global securities upon surrender by DTC of the global securities only if:

- DTC notifies us that it is no longer willing or able to act as a depository for the global securities, and we have not appointed a successor depository within 90 days of that notice;
- we decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository); or
- an event of default has occurred and is continuing and DTC so requests.

Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related notes. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the notes to be issued in certificated form.

Information Concerning the Trustee

Manufacturers and Traders Trust Company is the trustee under the indenture and will be the escrow agent under the Escrow Agreement. From time to time, we borrow from, maintain deposit accounts with and conduct other transactions with Manufacturers and Traders Trust Company and its affiliates in the ordinary course of business. Manufacturers and Traders Trust Company is a lender under a credit facility with a Sands family investment vehicle that, because of its relationship with members of the Sands family, is an affiliate of the Company. Such credit facility is secured by pledges of shares of our class B common stock.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of material U.S. Federal income tax consequences of the acquisition, ownership and disposition of the notes and is based upon the provisions of the Internal Revenue Code of 1986, as amended, or the "Code," the applicable Treasury Regulations promulgated and proposed thereunder, judicial authority and current administrative rulings and practice, all of which are subject to change, possibly with retroactive effect. The discussion does not purport to deal with all aspects of U.S. federal income taxation that might be relevant to particular holders in light of their personal investment circumstances or status, nor does it discuss the U.S. federal income tax consequences to holders subject to special treatment under the U.S. federal income tax laws (for example, financial institutions, insurance companies, dealers in securities, tax-exempt organizations, U.S. expatriates, persons subject to alternative minimum tax or taxpayers holding the notes through a partnership or similar pass-through entity or as part of a "straddle," "hedge" or "conversion transaction"). Moreover, the effect of any applicable state, local or foreign tax laws and other federal tax laws (such as estate and gift tax and Medicare contribution tax laws) is not discussed.

This discussion assumes that the notes are held as capital assets (as defined in Section 1221 of the Code) by the holders thereof. The discussion is limited to the U.S. federal income tax consequences to holders acquiring notes at original issue for cash at the initial offering price.

PROSPECTIVE HOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE FEDERAL, STATE, LOCAL AND OTHER TAX CONSEQUENCES TO THEM OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE NOTES.

U.S. Holders

For purposes of the following discussion, the term "U.S. Holder" means a beneficial owner of a note who or which is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or if the trust has made a valid election to be treated as a United States person.

Interest on Notes

Interest on the notes generally will be included in income by a U.S. Holder as ordinary interest income when received or accrued in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Sale, Exchange, Redemption or Other Disposition of Notes

A sale, exchange, redemption or other disposition of a note will generally be a taxable event for U.S. federal income tax purposes. In such event, a U.S. Holder will recognize gain or loss equal to the difference between:

- the amount of cash plus the fair market value of any property received (except to the extent that amounts received are attributable to accrued interest, which portion of the consideration would be taxed as ordinary income to the extent not previously included in income); and
- the U.S. Holder's adjusted tax basis in the note, which will generally equal the price paid for the note.

Table of Contents

Such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the note has been held for more than one year at the time of disposition. For non-corporate taxpayers, net long term capital gains are generally subject to tax at preferential rates. The deductibility of capital losses is subject to certain limitations.

Non-U.S. Holders

For purposes of the following discussion, the term “non-U.S. Holder” refers to a beneficial owner of a note that is for U.S. federal income tax purposes an individual, corporation, estate or trust that is not a U.S. Holder.

Interest on Notes

Interest paid to a non-U.S. Holder in respect of the notes that is not effectively connected with the non-U.S. Holder’s trade or business in the United States generally will not be subject to withholding of U.S. federal income tax provided that:

- the non-U.S. Holder does not directly or indirectly, actually or constructively, own 10% or more of the total combined voting power of all classes of our voting stock;
- the beneficial owner is not a “controlled foreign corporation” with respect to which we are a “related person” within the meaning of the Code;
- the beneficial owner is not a bank receiving interest on an extension of credit made pursuant to a loan agreement in the ordinary course of its trade or business; and
- the non-U.S. Holder satisfies certain certification requirements. A beneficial owner will generally satisfy such certification requirements if it certifies, under penalties of perjury, that it is not a United States person and provides its name and address.

If the above conditions are not met, interest paid to a non-U.S. Holder in respect of the notes that is not effectively connected with the non-U.S. Holder’s trade or business generally will be subject to 30% U.S. federal withholding tax unless such non-U.S. Holder is entitled to a reduction in or an exemption from such withholding under an applicable income tax treaty between the United States and the non-U.S. Holder’s country of residence provided that such non-U.S. Holder satisfies certain certification requirements (generally, on a properly executed IRS Form W-8BEN).

If a non-U.S. Holder is engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable tax treaty, the interest is attributable to a permanent establishment or fixed base maintained by the non-U.S. Holder in the United States), the non-U.S. Holder will be subject to U.S. federal income tax on the interest on a net income basis in the same manner as if such non-U.S. Holder were a U.S. Holder. Any interest income that is effectively connected with the conduct of a U.S. trade or business will not be subject to withholding of U.S. federal income tax if the non-U.S. Holder satisfies certain certification requirements (generally, on a properly executed IRS Form W-8ECI or, in certain circumstances, W-8BEN). A non-U.S. Holder that is a foreign corporation that is engaged in a trade or business in the United States may also be subject to a 30% (or, if a tax treaty applies, such lower rate as the treaty provides) branch profits tax on its effectively connected earnings and profits.

Sale, Exchange, Redemption or Other Disposition of Notes

A non-U.S. Holder generally will not be subject to U.S. federal income tax on any gain recognized upon a sale, exchange, redemption or other disposition of a note unless:

- that gain is effectively connected with the non-U.S. Holder’s conduct of a trade or business in the United States (and, if required by applicable tax treaty, the gain is attributable to a permanent establishment or fixed base maintained by the non-U.S. Holder in the United States); or
- the non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Table of Contents

A non-U.S. Holder described in the first bullet point will be subject to U.S. federal income tax on the gain on a net income basis in the same manner as if such non-U.S. Holder were a U.S. Holder. If such non-U.S. Holder is a foreign corporation, it may also be subject to a 30% (or, if a tax treaty applies, such lower rate as the treaty provides) branch profits tax on its effectively connected earnings and profits. A non-U.S. Holder described in the second bullet point will be subject to 30% U.S. federal income tax on such gain unless an exemption or reduction under an applicable income tax treaty applies.

Backup Withholding and Information Reporting

Information returns may be filed with the IRS in connection with payments on the notes and the proceeds from a sale or other disposition (including a retirement or redemption) of the notes. A U.S. Holder may be subject to United States backup withholding tax at a rate of 28% on these payments if it fails to provide its taxpayer identification number to the paying agent and comply with certification procedures or otherwise establish an exemption from backup withholding.

A non-U.S. Holder may be subject to United States backup withholding tax on these payments unless the non-U.S. Holder complies with certification procedures to establish that it is not a U.S. person. The certification procedures required of non-U.S. Holders to claim the exemption from withholding tax on certain payments on the notes, described in general terms above, will satisfy the certification requirements necessary to avoid the backup withholding tax as well. The amount of any backup withholding from a payment will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

Legislation incorporating provisions referred to as the Foreign Account Tax Compliance Act ("FATCA") was enacted on March 18, 2010. FATCA as initially enacted would apply to notes issued after March 18, 2012. However, recently issued proposed Treasury Regulations extended the grandfathering date and provided that FATCA generally would not apply to notes that are outstanding on January 1, 2013, although investors cannot rely on the proposed Treasury regulations until they become finalized.

If FATCA does apply to the notes, FATCA generally will impose a U.S. federal withholding tax of 30% on interest income on a note paid on or after January 1, 2014 and the gross proceeds from a disposition of a Note paid on or after January 1, 2015 to (i) a foreign financial institution (whether as a beneficial owner or an intermediary) if such institution fails to enter into an agreement with the United States government to collect and provide to the United States tax authorities substantial information regarding United States account holders of such institution (which may include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with United States owners) and (ii) a certain type of foreign entity that is not a financial institution (whether as a beneficial owner or an intermediary) if such entity fails to provide the withholding agent with a certification identifying the substantial United States owners of the entity, which generally includes any United States person who directly or indirectly owns more than 10 percent of the entity, unless an applicable exemption applies. Investors are encouraged to consult with their own tax advisors regarding the implications of FATCA on their investment in the notes.

UNDERWRITING

Merrill Lynch, Pierce, Fenner & Smith Incorporated, J. P. Morgan Securities LLC, Rabo Securities USA, Inc., Barclays Capital Inc. and Wells Fargo Securities, LLC are acting as the joint book-running managers of the offering and Merrill Lynch, Pierce, Fenner & Smith Incorporated and J.P. Morgan Securities LLC are acting as representatives of the underwriters named below.

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of notes set forth opposite the underwriter's name.

<u>Underwriter</u>	<u>Principal Amount</u>
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$
J. P. Morgan Securities LLC	
Rabo Securities USA, Inc.	
Barclays Capital Inc.	
Wells Fargo Securities, LLC.	
HSBC Securities (USA) Inc.	
Mitsubishi UFJ Securities (USA), Inc.	
Total	<u>\$ 650,000,000</u>

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the notes if they purchase any of the notes. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part. The underwriters may offer and sell notes through certain of their affiliates.

The underwriters propose to offer some of the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the notes to dealers at the public offering price less a concession. The underwriters may allow, and dealers may reallow, a concession on sales to other dealers. After the initial offering of the notes to the public, the representatives may change the public offering price and concessions.

We have agreed for a period of 60 days following the date of this prospectus supplement not to sell or announce an intention to sell any debt securities similar to the notes without the consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange. We have been advised by the underwriters that they intend to make a market in the notes, but the underwriters are not obligated to do so and may discontinue market making at any time without notice. We can give no assurance as to the liquidity of, or the trading market for, the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of notes in excess of the principal amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

Table of Contents

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when an underwriter, in covering syndicate short positions or making stabilizing purchases, repurchases notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We estimate that our total expenses for this offering (including underwriting discounts) will be approximately \$9.0 million.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities.

The underwriters and their affiliates have performed and may in the future perform various investment banking, brokerage, commercial banking and advisory services for us from time to time for which they have received or will receive customary fees and expenses. In particular, affiliates of the underwriters are currently lenders under our senior credit facility. Additionally, affiliates of each of the underwriters have agreed to provide a portion of our unfunded \$1.875 billion interim loan facility to finance the Crown Acquisition and, to the extent the proceeds of this offering are available to us on the closing date of the Crown Acquisition, they will correspondingly reduce the amount borrowed under such interim loan facility. See “Prospectus Supplement Summary—Recent Developments—Financing Arrangements for the Crown Acquisition.”

If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer (directly, as collateral securing other obligations or otherwise). The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Affiliates of certain of the underwriters are lenders under certain credit facilities with a Sands family investment vehicle that, because of its relationship with members of the Sands family, is an affiliate of the Company. Such credit facilities are secured by pledges of shares of our class A common stock, class B common stock or a combination thereof.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

Table of Contents

We expect that delivery of the notes will be made to investors on or about _____, 2012, which will be the sixth business day following the date of this offering memorandum (such settlement being referred to as “T+6”). Under Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date hereof or the next two succeeding business days will be required, by virtue of the fact that the notes initially settle in T+6, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.

provided, however, that no such offer of notes shall require the Company or the representative to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus has been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for the Company or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression “an offer to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratio of earnings to fixed charges for the periods indicated. For the purpose of calculating the ratio of earnings to fixed charges, "earnings" represent income (loss) before income taxes (adjusted, as appropriate, for equity in earnings of equity method investees) plus fixed charges less interest capitalized. "Fixed charges" consist of interest expensed and capitalized, amortization of debt issuance costs, amortization of discount on debt, and the portion of rental expense which management believes is representative of the interest component of lease expense.

(1) For the years ended February 28, 2009 and February 29, 2008, earnings were inadequate to cover fixed charges. We would have needed to generate additional earnings of \$110.5 million and \$443.2 million for the year ended February 28, 2009 and February 29, 2008, respectively, to achieve a coverage ratio of 1.0 to 1.0 for these periods.

DESCRIPTION OF DEBT SECURITIES

We may offer debt securities under this prospectus, any of which may be issued as convertible or exchangeable debt securities. The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement or term sheet may relate. We will set forth the particular terms of the debt securities we offer in a prospectus supplement or term sheet. The extent, if any, to which the following general provisions apply to particular debt securities will be described in the applicable prospectus supplement or term sheet. The following description of general terms relating to the debt securities and the indenture under which the debt securities will be issued are summaries only and therefore are not complete. You should read the indenture and the prospectus supplement or term sheet regarding any particular issuance of debt securities. If there are differences between the applicable prospectus supplement or term sheet and this prospectus, the prospectus supplement or term sheet will control.

The debt securities will represent our unsecured general obligations, unless otherwise provided in the prospectus supplement or term sheet. If so provided in a prospectus supplement or term sheet, the debt securities will have the benefit of the guarantees from the guarantors. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the debt securities or to make any funds available therefor, whether by dividends, loans or other payments, other than as expressly provided in the guarantees.

Our ability to service our indebtedness, including the debt securities, is dependent primarily upon the receipt of funds from our subsidiaries. The payment of dividends or the making of loans and advances to us by our subsidiaries may be subject to contractual, statutory and regulatory restrictions, and are contingent upon the earnings of those subsidiaries and are subject to various business considerations. Further, any right we may have to receive assets of any of our subsidiaries upon liquidation or recapitalization of any such subsidiaries (and the consequent right of the holders of debt securities to participate in those assets) will be subject to the claims of our subsidiaries' creditors. Even in the event that we are recognized as a creditor of a subsidiary, our claims would still be subject to any security interest in the assets of such subsidiary and any indebtedness of such subsidiary senior to our claim.

The debt securities will be issued under an indenture that will be entered into with the guarantors and the trustee. The indenture will be subject to, and governed by, the Trust Indenture Act of 1939.

Table of Contents

Except to the extent described in a prospectus supplement or term sheet, the indenture will not contain any covenants or restrictions that afford holders of the debt securities special protection in the event of a change of control or highly leveraged transaction.

The following is a summary of certain provisions of the debt securities that may be issued under the indenture, and is not complete. A description of such debt securities shall be contained in a prospectus supplement or term sheet. You should carefully read the provisions of particular debt securities we may issue and the indenture under which the debt securities are issued, including the definitions in those documents of certain terms and of those terms made a part of those documents by the Trust Indenture Act.

General

The indenture will not limit the aggregate principal amount of debt securities which may be issued under it and provides that debt securities may be issued in one or more series, in such form or forms, with such terms and up to the aggregate principal amount that we may authorize from time to time. The particular terms of the debt securities offered pursuant to any prospectus supplement or term sheet will be described in the prospectus supplement or term sheet. All debt securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of any holder, for issuances of additional debt securities of that series.

Unless otherwise provided in the prospectus supplement or term sheet, debt securities may be presented for registration of transfer and exchange and for payment or, if applicable, for conversion or exchange at the office of the trustee.

The applicable prospectus supplement or term sheet will describe the following terms of any debt securities in respect of which this prospectus is being delivered (to the extent applicable to the debt securities):

- (1) the title and designation of the debt securities of the series, and whether the debt securities are senior debt securities, senior subordinated debt securities or subordinated debt securities and, if senior subordinated or subordinated debt securities, the specific subordination provisions applicable thereto;
- (2) the total principal amount of the debt securities of the series and any limit on the total principal amount;
- (3) the price at which we will issue the debt securities of the series;
- (4) the terms, if any, by which holders may convert the debt securities of the series into or for our common stock or other of our securities or property;
- (5) if the debt securities of the series are convertible, any limitations on the ownership or transferability of the securities or property into which holders may convert the debt securities;
- (6) the date or dates, or the method for determining the date or dates, on which we will be obligated to pay the principal of the debt securities of the series and the amount of principal we will be obligated to pay;
- (7) the rate or rates, which may be fixed or variable, at which the debt securities of the series will bear interest, if any, or the method by which the rate or rates will be determined;
- (8) the date or dates, or the method for determining the date or dates, from which any interest will accrue on the debt securities of the series, the dates on which we will be obligated to pay any such interest, the regular record dates, if any, for the determination of the persons to whom we will be obligated to pay such interest;
- (9) the place or places where the principal of, and any premium, interest or other amounts payable (if any) on, the debt securities of the series will be payable or where the holders of the debt securities may surrender debt securities for conversion or transfer;

- (18) whether and under what circumstances we will pay any additional amounts on the debt securities to any holder who is not a U.S. person in respect of any tax, assessment or governmental charge withheld or deducted and, if we will pay additional amounts, whether we will have the option, and on what terms to redeem the debt securities instead of paying the additional amounts;
- (19) if receipt of certain certificates or other documents or satisfaction of other conditions will be necessary for any purpose, including, without limitation, as a condition to the issuance of the debt securities in definitive form (whether upon original issue or upon exchange of a temporary debt security), the form and terms of such certificates, documents or conditions;
- (20) any other affirmative or negative covenant included for the benefit of the debt securities of the series;
- (21) whether the debt securities will be issued in whole or in part in the form of one or more global securities and, in such case, the depository for such a global security and the circumstances under which any global security may be exchanged for debt securities registered in the name of, and under which any transfer of such global security may be registered in the name of, any person other than the depository;
- (22) whether the debt securities are defeasible;
- (23) whether and the extent that the debt securities shall be guaranteed by the guarantors, the ranking of such guarantee, the terms of such subordination, if applicable, of any such guarantee and the form of any such guarantee;
- (24) if other than the principal amount thereof, the portion of the principal amount of the debt securities of the series which shall be payable upon declaration of acceleration of the maturity thereof pursuant to an event of default or provable in bankruptcy, or, if applicable, which is convertible;
- (25) any proposed listing of the debt securities of the series on any securities exchange; and
- (26) any other specific terms of the debt securities.

Table of Contents

Unless otherwise indicated in the prospectus supplement or term sheet relating to the debt securities, principal of and any premium or interest on the debt securities will be payable, and the debt securities will be exchangeable and transfers thereof will be registrable, at the office of the trustee at its principal office. However, at our option, payment of interest may be made by check mailed to the address of the person entitled thereto as it appears in the debt security register. Any payment of principal and any premium or interest required to be made on an interest payment date, redemption date or at maturity which is not a business day need not be made on such date, but may be made on the next succeeding business day with the same force and effect as if made on the applicable date, and no interest shall accrue for the period from and after such date.

Unless otherwise indicated in the prospectus supplement or term sheet relating to debt securities, the debt securities will be issued only in fully registered form, without coupons, in denominations of \$1,000 or any integral multiple thereof. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

Debt securities may be issued under the indenture for federal income tax purposes as Original Issue Discount Securities (as defined below). Federal income tax consequences and other special considerations applicable to any such Original Issue Discount Securities (or other debt securities treated as issued at an original issue discount) will be described in the prospectus supplement relating to such securities. "Original Issue Discount Security" generally means any debt security that (i) is issued at a price lower than its principal amount (subject to a de minimus exception), (ii) does not require the payment of interest in cash or property (other than debt instruments of the issuer) at least annually throughout the term of the debt security or (iii) is issuable in exchange for property (including other debt instruments) and does not provide for adequate stated interest.

Global Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominees identified in the prospectus supplement or term sheet relating to the debt securities. In such a case, one or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding debt securities of the series to be represented by such global security or securities.

No global security may be transferred except as a whole by a nominee of the depository for such global security to the depository or a nominee of the depository and except in the circumstances described in the prospectus supplement or term sheet relating to the debt securities. The specific terms of the depository arrangement with respect to a series of debt securities will be described in the prospectus supplement or term sheet relating to such series.

Guarantees

In order to enable us to obtain more favorable interest rates and terms of payment of principal of, premiums (if any), other amounts (if any) and interest on the debt securities, the debt securities may (if so specified in the prospectus supplement or term sheet) be guaranteed, jointly and severally, by all of the guarantors pursuant to guarantees. Guarantees will not be applicable to or guarantee our obligations with respect to the conversion of the debt securities into shares of our capital stock or other securities. Each guarantee will be an unsecured obligation of each guarantor issuing such guarantee unless otherwise provided in the prospectus supplement or term sheet. The ranking of a guarantee and the terms of the subordination, if any, will be set forth in the prospectus supplement or term sheet.

The indenture provides that, in the event any guarantee would constitute or result in a violation of any applicable fraudulent conveyance or similar law of any relevant jurisdiction, the liability of the guarantor under such guarantee will be reduced to the maximum amount (after giving effect to all other contingent and other liabilities of such guarantor) permissible under the applicable fraudulent conveyance or similar law.

Table of Contents

Consolidation, Merger, Sale or Conveyance

The indenture provides that we may consolidate with, or sell, convey or lease all or substantially all of our assets to, or merge with or into, any other corporation, if:

- either we are the continuing corporation, or the successor corporation expressly assumes the due and punctual payment of the principal of and interest on all the debt securities outstanding under the indenture according to their tenor and the due and punctual performance and observance of all of the covenants and conditions of the indenture to be performed or observed by us; and
- immediately after the merger or consolidation, or the sale, conveyance or lease, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have occurred and be continuing.

Modification of the Indenture

We and the trustee may modify the indenture with respect to the debt securities of any series, with or without the consent of the holders of debt securities, under certain circumstances to be described in a prospectus supplement or term sheet.

Satisfaction and Discharge of Indenture

We may terminate our obligations under the debt securities of any series, except for certain limited surviving obligations, if either all of the debt securities of such series have been delivered to the trustee for cancellation or the debt securities of such series mature within one year or may be called for redemption within one year and, among other things, we deposit with the trustee cash or appropriate government obligations sufficient for the payment of principal and interest on the debt securities of such series to maturity.

Defaults and Notice

The debt securities will contain events of default to be specified in the applicable prospectus supplement or term sheet, including, without limitation:

- failure to pay the principal of, or premium, if any, on any debt security of such series when due and payable (whether at maturity, by call for redemption, through any mandatory sinking fund, by redemption at the option of the holder, by declaration of acceleration or otherwise);
- failure to make a payment of any interest on any debt security of such series when due and payable, which failure shall have continued for a period of 30 days;
- our, or any guarantor's, failure to perform or observe any other covenants or agreements in the indenture or in the debt securities of such series which failure shall have continued for a period of at least 90 days after written notice to us or the guarantors, as the case may be, by the trustee or to us and the trustee from the holders of not less than 25% of the aggregate principal amount of the then outstanding debt securities of such series;
- certain events of bankruptcy, insolvency or reorganization of us; and
- any guarantee of a guarantor that is a significant subsidiary in respect of such series of debt securities shall for any reason cease to be, or be asserted in writing by any guarantor thereof or us not to be, in full force and effect, and enforceable in accordance with its terms subject to certain exceptions.

If an event of default with respect to debt securities of any series shall occur and be continuing, the trustee or the holders of not less than 25% in aggregate principal amount of the then outstanding debt securities of such series may declare the principal amount (or, if the debt securities of such series are issued at an original issue discount, such portion of the principal amount as may be specified in the terms of the debt securities of such series) of all debt securities of such series or such other amount or amounts as the debt securities or supplemental indenture with respect to such series may provide, to be due and payable immediately.

Table of Contents

The indenture will provide that, at any time after a declaration of acceleration with respect to the debt securities of any series as described in the preceding paragraph, the holders of a majority in principal amount of the then outstanding debt securities of such series may rescind and cancel such declaration and its consequences:

- (1) if the rescission would not conflict with any judgment or decree;
- (2) if all existing events of default with respect to the debt securities of such series have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration;
- (3) to the extent the payment of such interest is lawful, if interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (4) if the Company has paid the trustee its reasonable compensation and reimbursed the trustee for its expenses, disbursements and advances.

No such rescission shall affect any subsequent default or event of default or impair any right consequent thereto.

The indenture provides that the trustee will, within 90 days after the occurrence of a default, give to holders of debt securities of any series notice of all uncured defaults with respect to such series known to it. However, in the case of a default that results from the failure to make any payment of the principal of, premium, if any, or interest on the debt securities of any series, or in the payment of any mandatory sinking fund installment with respect to debt securities of such series, the trustee may withhold such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of debt securities of such series.

The indenture contains a provision entitling the trustee to be offered reasonable indemnity by holders of debt securities before proceeding to exercise any trust or power under the indenture at the request of such holders. The indenture provides that the holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceedings for any remedy available to the trustee, or of exercising any trust or power conferred upon the trustee with respect to the debt securities of such series. However, the trustee may decline to follow any such direction if, among other reasons, the trustee determines in good faith that the actions or proceedings as directed, would involve the trustee in personal liability or would be unduly prejudicial to the holders of the debt securities of such series not joining in such direction.

The right of a holder of debt securities of any series to institute a proceeding with respect to the indenture is subject to certain conditions including that the holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding make a written request upon the trustee to exercise its power under the indenture, offer reasonable indemnity to the trustee and afford the trustee reasonable opportunity to act. Even so, the holder has an absolute right to receipt of the principal of, premium, if any, and interest when due, to require conversion of debt securities if the indenture provides for convertibility at the option of the holder and to institute suit for the enforcement of such rights.

Concerning the Trustee

The prospectus supplement or term sheet with respect to particular debt securities will describe any relationship that we may have with the trustee for such debt securities.

Reports to Holders of Debt Securities

We intend to furnish to holders of debt securities all quarterly and annual reports that we furnish to holders of our common stock, and file such additional information, documents and reports as may be required by the rules and regulations prescribed from time to time by the Securities and Exchange Commission.

DESCRIPTION OF PREFERRED STOCK

Our board of directors is authorized to issue in one or more series, generally without stockholder approval, up to 1,000,000 shares of preferred stock, par value \$.01 per share. Undesignated shares of preferred stock can be issued with such designations, preferences, qualifications, privileges, limitations, restrictions, options, voting powers (full or limited), conversion or exchange rights and other special or relative rights as the board of directors shall from time to time fix by resolution. Thus, unless a specific stockholder approval requirement applies and subject to any statutory or contractual or other limitations as to class rights or other matters that might apply, our board of directors could authorize the issuance of preferred stock with voting, conversion and other rights that could dilute the voting power and other rights of holders of our common stock. The prospectus supplement or term sheet relating to a series of preferred stock will set forth the dividend, voting, conversion, exchange, repurchase and redemption rights, if applicable, the liquidation preference, and other specific terms of such series of preferred stock.

The description of certain provisions of the preferred stock set forth in any prospectus supplement or term sheet does not purport to be complete and is subject to and qualified in its entirety by reference to our certificate of incorporation and the certificate of designations relating to each series of preferred stock. The applicable prospectus supplement or term sheet will describe the specific terms of any series of preferred stock being offered which may include:

- the specific designation, number of shares, seniority and purchase price;
- any liquidation preference per share;
- any date of maturity;
- any redemption, repayment or sinking fund provisions;
- any dividend rate or rates and the dates on which any such dividends will be payable (or the method by which such rates or dates will be determined);
- any voting rights;
- if other than the currency of the United States, the currency or currencies (including composite currencies) in which such preferred stock is denominated and in which payments will or may be payable;
- the method by which amounts in respect of such series of preferred stock may be calculated and any commodities, currencies or indices, or value, rate or price, relevant to such calculation;
- whether such series of preferred stock is convertible or exchangeable and, if so, the securities or rights into which it is convertible or exchangeable, and the terms and conditions upon which such conversions or exchanges will be effected;
- the place or places where dividends and other payments on such series of preferred stock will be payable; and
- any additional voting, dividend, liquidation, redemption and other rights, preferences, privileges, limitations and restrictions.

As described under “Description of Depositary Shares” below, we may, at our option, elect to offer depositary shares evidenced by depositary receipts, each representing an interest (to be specified in the prospectus supplement or term sheet relating to the particular series of preferred stock) in a share of the particular series of preferred stock issued and deposited with a depositary.

All shares of preferred stock offered by this prospectus, or issuable upon conversion, exchange or exercise of securities, will, when issued, be validly issued and fully paid and non-assessable.

DESCRIPTION OF DEPOSITARY SHARES

We may offer fractional shares of preferred stock rather than full shares of preferred stock, and, in that event, will issue receipts for depositary shares. Each of these depositary shares will represent a fraction, which will be set forth in the applicable prospectus supplement or term sheet, of a share of the applicable series of preferred stock. The shares of any series of preferred stock underlying any depositary shares that we may sell under this prospectus will be deposited under a deposit agreement between us and a depositary selected by us. Subject to the terms of the deposit agreement, each holder of a depositary share will be entitled, in proportion to the applicable fraction of a share of the preferred stock underlying the depositary share, to all of the rights, preferences and privileges, and be subject to the qualifications and restrictions, of the preferred stock underlying that depositary share. The description set forth below and in any prospectus supplement or term sheet of certain provisions of the deposit agreement and of the depositary shares and depositary receipts is not complete. You should carefully review the prospectus supplement or term sheet and the form of deposit agreement and form of depositary receipts relating to each series of preferred stock.

General

We may, at our option, elect to have shares of any series of preferred stock be represented by depositary shares. The shares of any series of preferred stock underlying the depositary shares will be deposited under a separate deposit agreement that we will enter with a bank or trust company having its principal office in the United States and a combined capital and surplus of at least \$50,000,000. This bank or trust company will be considered the depositary. The prospectus supplement or term sheet relating to a series of depositary shares will set forth the name and address of the depositary. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, in proportion to the applicable interest in the number of shares of such series of preferred stock underlying such depositary share, to all the rights and preferences of such series of preferred stock underlying such depositary share (including dividend, voting, redemption, conversion, exchange and liquidation rights).

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement, each of which will represent the applicable interest in a number of shares of such series of preferred stock described in the applicable prospectus supplement or term sheet.

Unless otherwise specified in the prospectus supplement or term sheet, a holder of depositary shares is not entitled to receive the shares of such series of preferred stock underlying the depositary shares.

Pending the preparation of definitive depositary receipts, the depositary may, upon our written order, issue temporary depositary receipts substantially identical to the definitive depositary receipts. Definitive depositary receipts will thereafter be prepared without unreasonable delay.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received in respect of the applicable series of preferred stock to the record holders of depositary shares representing such preferred stock in proportion to the numbers of depositary shares owned by the holders on the relevant record date.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary shares entitled to such property, as nearly as practicable, in proportion to the number of depositary shares owned by the holder. However, if the depositary determines that it is not feasible to make such distribution, it may, with our approval, sell such property and distribute the net proceeds from such sale to the holders. The amounts distributed by the depositary may be reduced by any amount required to be withheld by us or the depositary on account of taxes.

The deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights we offer to holders of preferred stock shall be made available to holders of depositary shares.

Table of Contents

Conversion and Exchange

If any preferred stock underlying the depositary shares is subject to provisions relating to its conversion or exchange as set forth in the prospectus supplement or term sheet relating thereto, each record holder of depositary shares will have the right or obligation to convert or exchange such depositary shares pursuant to its terms.

Redemption of Depositary Shares

If a series of preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the depositary resulting from the redemption, in whole or in part, of the series of preferred stock held by the depositary. The redemption price per depositary share will be equal to the aggregate redemption price payable with respect to the number of shares of such series of preferred stock underlying the depositary shares. Whenever we redeem a series of preferred stock from the depositary, the depositary will redeem as of the same redemption date a proportionate number of depositary shares representing the shares of such series of preferred stock that were redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as we may determine.

After the date fixed for redemption, the depositary shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the redemption price payable upon such redemption.

Voting

Upon receipt of notice of any meeting or action in lieu of any meeting at which the holders of any shares of a series of preferred stock underlying the depositary shares are entitled to vote, the depositary will mail the information contained in such notice to the record holders of the depositary shares relating to such shares of preferred stock. Each record holder of such depositary shares on the record date (which will be the same date as the record date for such series of preferred stock) will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of such series of preferred stock underlying such holder's depositary shares. The depositary will endeavor, as practicable, to vote the number of shares of such series of preferred stock underlying such depositary shares in accordance with such instructions, and we will agree to take all action which may be deemed necessary by the depositary in order to enable the depositary to do so. If the depositary does not receive instructions from the holders of depositary shares, the depositary will abstain from voting the preferred stock that underlies these depositary shares.

Amendment of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may at any time be amended by agreement between us and the depositary. However, any amendment which materially and adversely alters the rights of the existing holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges that arise solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the applicable series of preferred stock and any exchange or redemption of such series of preferred stock. Holders of depositary shares will pay all other transfer and other taxes and governmental charges, and, in addition, such other charges as are expressly provided in the deposit agreement to be for their accounts.

Table of Contents

Miscellaneous

We, or at our option, the depository, will forward to the holders of depositary shares all of our reports and communications which we are required to furnish to the holders of the series preferred stock represented by the depository receipts.

Neither we nor the depository will be liable if we or the depository is prevented or delayed by law or any circumstances beyond our or its control in performing our or its obligations under the deposit agreement. Our obligations and the depository's obligations under the deposit agreement will be limited to performance in good faith and neither we nor the depository will be obligated to prosecute or defend any legal proceeding in respect of any depositary share or preferred stock unless satisfactory indemnity has been furnished. Both we and the depository may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, holders of depositary shares or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Depository; Termination of the Deposit Agreement

The depository may resign at any time by delivering notice to us of its election to do so, and we may at any time remove the depository. Any such resignation or removal will take effect upon the appointment of a successor depository and its acceptance of such appointment. We will appoint a successor depository within 60 days after delivery of the notice of resignation or removal. We may terminate the deposit agreement or it may be terminated by the depository if a period of 90 days expires after the depository has delivered written notice to us of its election to resign and we have not appointed a successor depository. Upon termination of the deposit agreement, the depository will discontinue the transfer of depository receipts, will suspend the distribution of dividends to the holders of depository receipts, and will not give any further notices (other than notice of such termination) or perform any further acts under the deposit agreement except that the depository will continue to deliver the applicable series of preferred stock certificates, together with dividends and distributions and the net proceeds of any sales of rights, preferences, privileges or other property in exchange for depository receipts surrendered. Upon our request, the depository will deliver to us all books, records, certificates evidencing the applicable series of preferred stock, depository receipts and other documents relating to the subject matter of the deposit agreement.

DESCRIPTION OF COMMON STOCK

If we offer shares of Class A common stock, the prospectus supplement or term sheet will set forth the number of shares offered, the public offering price, information regarding our dividend history and Class A common stock prices as reflected on the New York Stock Exchange or other exchange that the Class A common stock is then listed, including a recent reported last sale price of the Class A common stock. Our authorized common stock currently consists of 377,000,000 shares, of which 322,000,000 shares are Class A common stock, par value \$.01 per share, 30,000,000 shares are Class B common stock, par value \$.01 per share and 25,000,000 shares are Class 1 common stock, \$.01 par value per share.

The shares of Class A common stock offered by this prospectus will, when issued, be validly issued and fully paid and non-assessable, not subject to redemption and without preemptive or other rights to subscribe for or purchase any proportionate part of any new or additional issues of stock of any class or of securities convertible into stock of any class.

The following descriptions of our common stock and certain provisions of our Restated Certificate of Incorporation, as amended, and By-Laws, as amended and restated, are summaries and are not complete. You should carefully review the provisions of our Restated Certificate of Incorporation, as amended, and By-Laws, as amended and restated, and appropriate provisions of the Delaware General Corporation Law.

[Table of Contents](#)

General

The rights of holders of Class A common stock and Class B common stock are identical except for voting, dividends and conversion rights. The rights of holders of Class 1 common stock are generally comparable to the rights of holders of Class B common stock except that shares of Class 1 common stock do not generally have voting rights and the circumstances under which shares of Class 1 common stock are convertible into shares of Class A common stock are limited.

Voting

Except as described below in connection with the election of directors and except where a separate class vote is required under Delaware law, the holders of Class A common stock and Class B common stock vote together as a single class on all matters submitted to a vote of the stockholders. In the instances in which the holders of Class A common stock and Class B common stock vote together as a single class, the holders of Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to 10 votes per share. Alternatively, in instances where the holders of Class A common stock and Class B common stock vote as separate classes, holders of both the Class A common stock and Class B common stock are entitled to one vote per share.

With respect to the election of directors at a meeting of stockholders, holders of Class A common stock, voting as a separate class, are entitled to elect one-fourth of the members of our board of directors (rounded up, if necessary, to the nearest whole number of directors). If the number of outstanding shares of Class B common stock is an amount equal to or greater than 12¹/₂% of the aggregate number of outstanding shares of Class A common stock and Class B common stock, the holders of Class B common stock, voting as a separate class, are entitled to elect the remaining directors; otherwise, the holders of Class A common stock and Class B common stock, voting together as a single class, are entitled to elect the remaining directors (in which case the holders of Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to 10 votes per share).

Holders of Class 1 common stock are not entitled to vote except that such holders are entitled to vote as a separate class on matters with respect to which a separate class vote of holders of Class 1 common stock is required by law and are entitled to vote with respect to any increase or decrease in the authorized number of shares of Class 1 common stock as a single class with the holders of Class A common stock and Class B common stock (in which case the holders of Class 1 common stock and Class A common stock are entitled to one vote per share and the holders of Class B common stock are entitled to ten votes per share).

Dividends

If we declare and pay a cash dividend on Class B common stock, we must declare and pay a cash dividend on Class 1 common stock in the same amount per share, and if we declare and pay a cash dividend on Class 1 common stock, we must declare and pay a cash dividend on Class B common stock in the same amount per share. In addition, if we pay a cash dividend on Class B common stock and Class 1 common stock, each share of Class A common stock will receive a cash dividend in an amount at least 10% greater than the amount of the cash dividend per share paid on Class B common stock and Class 1 common stock. Our board of directors may declare and pay a dividend on Class A common stock without paying any dividend on Class B common stock or Class 1 common stock. Our senior credit facility may restrict the payment of cash dividends on our common stock under certain circumstances. Any indentures for debt securities issued in the future, the terms of any preferred stock issued in the future and any credit agreements entered into in the future may also restrict or prohibit the payment of cash dividends on our common stock.

Conversion

Each share of Class B common stock is convertible into one fully paid and non-assessable share of Class A common stock at the option of the holder at any time. The shares of Class A common stock are not convertible into or exchangeable for shares of Class B common stock or any of our other securities. Each holder of a share of Class 1 common stock may convert shares of Class 1 common stock into shares of Class A common stock on a one-for-one basis; provided such conversion is permitted only if the holder immediately sells the Class A common stock acquired upon conversion in a market transaction or to an unrelated party in a bona fide private sale. The Company does not intend to list the Class 1 common stock on the New York Stock Exchange or any other exchange. A holder wishing to sell shares of Class 1 common stock may convert such shares of Class 1 common stock into shares of Class A common stock (which are currently listed on the New York Stock Exchange) immediately prior to a qualifying sale of the shares. The terms of the Class 1 common stock do not impose any transfer restrictions on shares of Class 1 common stock; however, shares of Class 1 common stock may be subject to restrictions on transfer imposed by applicable securities laws.

Other Provisions

Holders of Class A common stock, Class B common stock and Class 1 common stock are entitled to share pro rata in the distribution of our assets available for such purpose in the event of our liquidation, dissolution or winding up, after payment of, or provision for, creditors and distribution of, or provision for, preferential amounts and unpaid accumulated dividends to holders of preferred stock, if any. Holders of Class A common stock, Class B common stock and Class 1 common stock have no preemptive rights to subscribe for any additional securities of any class which we may issue, and there are no redemption provisions or sinking fund provisions applicable to any such classes, nor is the Class A common stock, Class B common stock and Class 1 common stock subject to calls or assessments.

Certain Statutory Provisions

We are subject to Section 203 of the Delaware General Corporation Law. Section 203 prohibits a publicly held Delaware corporation from engaging in any “business combination” with any “interested stockholder” for a period of three years following the time that such person became an interested stockholder, unless

- prior to the time the interested stockholder becomes an interested stockholder, the board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owns at least 85% of the outstanding voting stock; or
- at or subsequent to the time the interested stockholder became an interested stockholder, the business combination is approved by the board of directors and authorized at a meeting of the corporation’s stockholders by the affirmative vote of at least 66²/₃% of the outstanding voting stock that is not owned by the interested stockholder.

For purposes of Section 203, a “business combination” includes a merger, assets sale or other transaction resulting in a financial benefit to the interested stockholder, and an “interested stockholder” is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of the corporation’s voting stock.

- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Modifications

The warrant agreement may be amended by us and the warrant agent, without the consent of the holder of any warrant certificate, for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained in the warrant agreement, or making any provisions in regard to matters or questions arising under the warrant agreement that we may deem necessary or desirable; provided, that the amendment may not adversely affect the interest of the holders of warrant certificates in any material respect.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

The following is a general description of the terms of the stock purchase contracts and stock purchase units we may issue from time to time. Particular terms of any stock purchase contracts and/or stock purchase units we offer will be described in the prospectus supplement or term sheet relating to such stock purchase contracts and/or stock purchase units.

We may issue stock purchase contracts, representing contracts obligating holders to purchase from us, and we may sell to the holders, a specified number of shares of Class A common stock, preferred stock or depositary shares at a future date or dates. The price per share of Class A common stock, preferred stock or depositary shares may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. Any stock purchase contract may include anti-dilution provisions to adjust the number of shares issuable pursuant to such stock purchase contract upon the occurrence of certain events.

Stock purchase contracts may be issued separately or as a part of units ("stock purchase units") consisting of a stock purchase contract and our debt securities or debt obligations of third parties, including U.S. Treasury securities, in each case securing holders' obligations to purchase Class A common stock, preferred stock or depositary shares under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner.

The applicable prospectus supplement or term sheet will describe the terms of any stock purchase contracts or stock purchase units. Certain material federal income tax considerations applicable to the stock purchase units and stock purchase contracts will be set forth in the prospectus supplement or term sheet relating thereto.
